**OFFICIAL.**  
LONDON, Feb. 6.  
The Governor, Newfoundland:  
The French Government reports the capture of enemy's trenches west of the road between Arras and Lille. In the Argonne a trench was lost and regained, with ground beyond, after a counter attack.  
The Russian Government reports heavy fighting continues on the Bzura and Rawka Rivers, and near Barzelmow. The Russians have taken the offensive and crossed the Bzura River. In the Carpathians 3,000 prisoners have been taken near Ursok (which is on the Hungarian side on the most important passes in the mountains).  
No action in Egypt yesterday, but our patrols encountered and captured 200 of the enemy, 3 machine guns, and 90 camels laden with stores and ammunition.

**HARCOURT.**  
-TITANIC POLAND STRUGGLE.  
PETROGRAD, Feb. 6.  
More than a quarter of a million picked troops and more than one thousand heavy guns are engaged in a terrific battle in the region of the Bzura and Rawka Rivers in Poland, and upon the outcome of this conflict hangs the fate of the present campaign for mastery in Western Poland. For a week, heavy artillery has been shaking the blood-soaked earth with its thunder, and the attacks of the Germans and counter-attacks of the Russians have left the battlefield covered with corpses.

**HOSTILE AIRMEN.**  
AMSTERDAM, Feb. 6.  
Hostile airmen flew over the city of Cologne, dropped bombs and then escaped in the direction of Dusseldorf, according to a despatch from Berlin. The raid was made on Wednesday, while a great number of German reinforcements were passing through Cologne.

**GERMANY'S POLICY OF BLOCKADE OF ENGLISH COAST.**  
LONDON, Feb. 6.  
A Daily News despatch from Copenhagen says that representatives of the Berlin Press were summoned to a meeting with the Imperial Chancellor last night, when the head of the Official Naval Department made a speech expressing the conviction that the public and press of Germany would unanimously agree to a policy of blockade of the English coast. England, he said, had, since the beginning of hostilities, carried out war on the seas in a way which had no resemblance to historic usage. Now Germany's patience was exhausted. Germany had at her disposal all the necessary means to carry out blockade and those means would be used with all possible swiftness, after a fortnight's respite had been given to neutral states to bring their ships safe to port. The German Government hoped that neutral states would not only realize the situation, but agree to the blockade decision, as England's tyranny on the seas of the world would only be smashed in this way.

**LUSITANIA ARRIVES SAFELY.**  
LIVERPOOL, Feb. 6.  
The Cunard liner Lusitania, reported to have been sunk by a German submarine, arrived here to-day, and landed her passengers. The Lusitania was upon the Atlantic when the Germans launched their submarine warfare against British mercantile shipping. Fears were felt for her safety.

**SALVAGE BOAT LOST.**  
ABERDEEN, Feb. 6.  
A score of persons are believed to have been drowned in a salvage boat from Hull, which turned turtle off the coast. A trawler and small steamer were driven ashore.

**Household Notes**  
Turpentine is said to restore the lost whiteness of the ivory handles of cutlery.  
Cream cheese and watercress will make a delicious sandwich for the lunch basket.  
Sometimes merely bending new kinks into a hat will make it look like a new shape.  
Charming footstool covers are made of gray linen worked in colored cross-stitch design.  
A good meat salad is made with chopped cold meat and cold boiled potatoes, onion and parsley.  
Bread and butter, cheese and beans, nuts and sugar, are among the best foods for the hard worker.  
It is said that all kinds of natural colored feathers can be washed in luke-warm water, and good white soap.

**MINARD'S LINIMENT CURES DIPHTHERIA.**

## THE AMERICAN BISON

is fast becoming extinct, but this fact need not trouble the housewife. Her interest is centred on the fact that, thanks to SUNLIGHT SOAP, the terrors of wash-day have become quite extinct. With

## Sunlight Soap

as a helper the wash is quickly over. Labour is reduced by its use—time is saved and the clothes are preserved.

SUNLIGHT SOAP does the work. It is made for that purpose.

Try it and save your time and money.

## Dickens, Novel at the Nickel Theatre.

"The Cricket on the Hearth" after the novel by the late Charles Dickens, will be seen at the Nickel Theatre this evening. The story is well known and the picture is one that will appeal to all. There are two reels of it and the acting is fine. There will be a full reel of Mutual Weekly, showing the latest and best news items. "Won in a Closet" is a comedy by the Keystone Co., and is one of the most laughable they have ever given. Insects that sing is an educational novelty that everyone will be pleased with. Arthur Priestman Camera, who made such a big hit last week, will sing "Potted Peas" which is a gem. The programme will include two other feature films, making one of the best entertainments for some time.

## Have You an Itchy Spot?

Somewhere on your body? If so attend to it at once. In Eczema—and itchy spots, whether dry and scurfy, or moist and inclined to "weep," are generally eczematous—delays are foolish, allowing the disease to spread and affect more of the good skin. Your best chance for a cure is to use *Pylax*, which will give almost instant relief, and if used in the earlier stages of the trouble will almost certainly bring a cure, and in any event will greatly ameliorate the trouble. Ask your druggist about it. Price 50c. a box. *Pylax Soap*, 25c. a cake.

## Wedding Bells.

VATERS—BARRY.

At the Church of the Holy Cross, Port Royal, on January 27th. Mr. Patrick Vaters and Miss Susanna Barry, of Port Royal, were united in the holy bonds of matrimony by Rev. Fr. Caecilia, P. F., Bar Haven. The bride was attended by Miss R. Vaters, sister of the groom, who was supported by Mr. John Whiffen. The ushers were Messrs. Thomas Hann, Robert Hayes, Louis Miller and Jas. Barry. After the ceremony a reception was held at the residence of the groom's parents, and the newly wedded couple were the recipients of many valuable and useful presents. Mr. and Mrs. Vaters will take up residence at Port Royal.

The Nova Scotia "Lumber King" says: "I consider MINARD'S LINIMENT the best LINIMENT in use. I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT and it was as well as ever next day."  
Yours very truly,  
T. G. McMULLEN.

## Disgraceful Conduct.

A large concourse of people were assembled on the Allan Line pier yesterday afternoon when the Mongolian was docking. Suddenly there came an onslaught of snow balls from a gang of impudent boys, and many ladies and gentlemen who were waiting to see their friends were struck by the snow balls.

**ONLY ONE "Bromo Quinine," that is Laxative Bromo Quinine Cures a Cold in One Day, Grip in 2 Days on box. 25c.**

**PREVENTED OVERFLOWS.**—A gang of men from the Council staff were engaged all Saturday night opening drains and freeing gullies to prevent overflows.
