## War News.

Messages Received  
Previous to 9 a.m.

## OFFICIAL.

LONDON, May 14.

The Governor, Newfoundland, has received a message from the General French reports our lines violently bombarded north of the Merin Road. The temporary readjustment made in the line has since been completely re-established.

The French Government reports that the Belgian Army has repulsed the enemy on the right bank of the Yser.

At Cerey many guns, machine-guns, rifles and munitions have been captured. Abnain St. Nazaire has been captured with several hundred prisoners. Further progress has been made at Neuville St. Vaast. To-day's report states that German trenches were carried southwest of Souchez. All gains on the Loos-Arras front have been maintained.

The Russian Government reports that a successful offensive continues in Eastern Galicia.

## HARCOURT.

## MORE ENCOURAGING.

PETROGRAD, May 14. The Russians have fallen back on strong strategic positions along the River San. They now regard the German drive through West Galicia as having been checked permanently. The arrival of fresh Russian troops, which successfully engaged the German flanks, has relieved the pressure on the Russian centre. These attacks on the German wings, in which Russian cavalry has been supported by mountain artillery, have been prosecuted with unusual ferocity.

The retreat of the Russian centre from Luppok is explained here as due, not to pressure from the Germans, but to the exposed situation of the Russians at that point. In view of the rolling back of the Russian right flank, without checking the German eastward movement between the Vistula and the Carpathians, there are indications of a new Austro-German offensive against the Russian left flank in the direction of Strij and Uzkok. Evidence of this is seen in the transfer of German troops eastward through Luppok. In view of this new activity, the Russians attach great importance to their recent successes further east in the Trans-Dniester country, where they occupy forty-five miles of a front between Obertyn and Czernowitz.

To the north the Russians have been able to hold the Germans on a line between Miao and Kelma, and have driven them out of Regola, laid-way between Kovno and Rossien. The following official communication was issued to-night: In the region of Shavel, fighting is developing under conditions favorable to us. Yesterday we took more than 1,000 German prisoners, and captured nine machine guns.

In Western Galicia fighting lessened on May 10. Our troops are concentrating on the line of the River San, with the object of occupying a shorter front.

The Austrian Army evacuated on May 11th a strongly fortified position extending from Distritze River to the Roumania frontier, about 50 miles in length, and fell back on the 11th beyond the River Pruth. The enemy's cavalry, which was sacrificed in repeated charges to protect the general retreat, was dispersed by our fire. Our cavalry divisions broke through the enemy's front at various points, and by successful charges threw the enemy's columns, which were on the march, into disorder. Vigorous pursuit of the enemy continues under conditions favorable to us. The great number of prisoners we have already taken is being rapidly increased.

## FRENCH WAR OFFICE REPORT.

PARIS, May 14.

The French War Office this afternoon issued the following: Has been raining without stopping since yesterday evening. Last night in spite of the handicap of difficult and slippery ground, we occupied several German trenches to the southwest of Souchez, and have maintained on the rest of the front, from Loos to Arras, all the gains recently made by us. In the valley of the Aisne, we yesterday destroyed four German blockhouses and levelled several trenches.

## ANOTHER FRENCH REPORT.

PARIS, May 14.

An official communication from the War Office, made public to-night, says: To the north of Arras the condition of the ground rendered operations difficult. Our offensive has been continued at southeast Agres. We have attacked from both sides of the road of Aix-Boulettes, and taken to the north of this road a strong German trench extending over a front of about two-thirds of a mile. South of this road, which had been organized for defence, behind this forest trench of the second line, we have found on the ground in this vicinity 400 Germans who were killed. Further south we have continued clearing the slopes east and south of Notre Dame de Lorette. We have

taken additional houses at Nerville St. Vaas.

According to prisoners our artillery has inflicted heavy losses on the enemy. The number of officers made prisoners since Sunday is about 100, the number of guns captured is 20, including 8 heavy guns. In addition we have taken 100 machine guns and bomb throwers.

The Germans made an attack upon us this morning at the wood of Alby, where they obtained a momentary footing on our first line, but were forced back by a counter-attack. We captured 100 prisoners. Elsewhere the day has been quiet.

## AGITATION IN ROME.

ROME, May 14.

Agitation in Rome has assumed almost a revolutionary character. The entire city has been occupied by the military. A riotous crowd made its way this morning to the Piazza Montecitorio, where is located the Chamber of Deputies, and forced an entrance into the building by smashing the windows. The belief is growing rapidly that there will be soon another Salandra Cabinet, or at least, a Cabinet which will follow the same foreign policy as did the Salandra Ministry.

## WARNS PRESS AGAINST FALSE STATEMENTS.

WASHINGTON, May 14.

"I have not received any instructions; I have not received anything; I have not heard anything," said Count Bernstorff after conference with Counselor Lansing of the State Department. Secretary Bryan, after Bernstorff's visit, made the following statement: "The German Ambassador has brought our attention to the fact that statements have been made in newspapers, purporting to be made by members of the Embassy staff, statements which were pure inventions. He has asked us to warn the press against false statements about the Embassy."

## PRIVATE FRAMPTON WOUNDED.

HALIFAX, May 14.

In the casualty list issued to-day, the name of Private Chas. Frampton, of St. John's, appears in the list of wounded.

## BRITISH AND FRENCH AERIAL ATTACK.

PARIS, May 14.

A fleet of British and French aeroplanes have delivered another aerial attack upon the German positions along the Belgian coast, destroying a number of bridges. The aviators were under special orders to find and bombard the big German guns, which have been bombarding Dunkirk, at a distance of twenty-two miles. A despatch to the Figaro says that the French captured 6,000 Germans in the battle north of Arras.

## IN THE DARDANELLES.

ATHENS, May 14.

The warships of the Anglo-French fleet have increased the intensity of their bombardment against the Turkish forts in the Dardanelles, since the sinking of the British battleship GoIiath. Three thousand shells were fired on Thursday. A whole fleet of hydro-aeroplanes from the Allied fleet made a reconnaissance, after which the positions of the Turkish infantry upon the Gallipoli Peninsula and the Asiatic side were cannonaded. Reinforcements for the Allies have arrived from France and Egypt. The British submarines have penetrated the Dardanelles and part of the Sea of Marmora, reaching a point within 90 miles of Constantinople.

## THE COLOGNE VOLKS ZEITUNG COMMENT.

AMSTERDAM, May 14.

The Cologne Volks Zeitung, commenting upon the expressions of the American opinion concerning the sinking of the Lusitania, says: "Americans are very prone to criticize without any expectation that such fighting words will make any great impression upon those whom they denounce. They feel relieved when they have given frank expression to their irritation. In America however, war is most unpopular, because it requires so many sacrifices and destroys business. There is no

need, therefore, to apprehend that America will join in the war against us, but it may be taken for granted that the wave of anti-German hatred will continue and mount still higher. We deplore, but we cannot prevent it. Anti-German feeling is the product of agitation. It slowly mounted, and will also slowly subside."

## WHITE STAR LINER CYMRIC SAILS.

NEW YORK, May 14.

Without an American aboard, the White Star Liner Cymric sailed to-day for Liverpool under the British flag. She had aboard 956 persons, including the crew of 400. Her Commander, Capt. Beadnell, Lieut-Commander Royal Naval Reserve, said that on the way across the Atlantic the passengers would have daily box drill and instruction in the adjustment of lifebelts. Four hundred passengers were in staterooms, a large percentage of them being children, nearly all are Canadians.

## WON'T ACCEPT RESIGNATION.

ROME, May 14.

Premier Salandra has convoked a council of ministers, who are now meeting to make a decision relative to the present crisis. News that King Victor Emmanuel will not accept Premier Salandra's resignation, and Salandra and Baron Sonnino, Foreign Minister, will remain in power, is spreading like wild fire through Rome, creating an excellent impression.

## Ever Ready Hot Water, Night and Day.

FOR THE NURSERY.

"The bath ready for baby, when baby is ready for the bath" should be an adage of every housewife—who should also keep in mind that any trouble saved to the nurse means for a well-ordered, contented household. Gas Water-Heaters, whether of the instantaneous or Circular type, offer the convenience of available hot water "upstairs, downstairs, and in my lady's chamber,"—without any labour at all—Independently of the state of the kitchen fire.

## FOR THE BATHROOM.

An uncertain supply of hot water in the bathroom is a frequent cause of annoyance.

Hot water can only be secured, usually, by getting the cook to act as stoker, but at what a cost! Think of the coal that is wasted—the fatigue of coal carrying—the after labour of grate cleaning—and the discomfort of a hot kitchen in warm weather!

A Gas Water-Heater is economical because it only heats the water actually required; and labour-saving, because there are no coals to carry, no fires to clean, no ashes or dirt to remove.

## HOT WATER FOR THE HOUSEHOLD.

When "Spring cleaning days" engross the busy housewife, then the convenience of an unlimited supply of hot water on the upper floors is brought home to her with special force.

But at all times—apart from convenience—a gas water-heater makes an irresistible appeal to the housewife from the point of view of dealing with the domestic problem.

Latter-day domestic appliances are difficult to keep unless due consideration is shown by saving them unnecessary drudgery—and in the category of unnecessary drudgery may be included the toil of carrying hot water or coal upstairs, the cleaning of grates and the removal of dirt and ashes.

The gas water-heater renders such labour superfluous.—may12,tf

## EVERYDAY ETIQUETTE

"Is it proper to seal an envelope containing a note of introduction when sent with the person it is to introduce?" asked Alfred.

"No; the envelope should be left unsealed," answered his father.

"Mapleton's Peanut Butter" is manufactured in England. Use it and be patriotic.—feb25,ed,tf

Remove the yellow stains caused in bathtubs and basins by dripping of faeces by rubbing with pulverized chalk and ammonia.

## CABBAGE, etc. Now in Stock:

CHOICE GREEN CABBAGE—in crates.  
P. E. I. BLUE POTATOES.  
SILVERPEEL ONIONS—in sacks; sound stock.  
CALIFORNIA ORANGES—216's.  
PRICES RIGHT.

**B. H. ENGLISH PAINT**

—IS—

"The Paint with the Guarantee."

Count your paint cost by years of wear, not by first outlay only. It costs just as much, and sometimes more, for labour to apply cheap, poor paint to your houses as it does to apply B. H. English Paint. This Paint will actually cover more surface per gallon than poor, cheap paint, besides imparting a finer, more beautiful and more durable finish. All colors in stock in 1 gall., 1/2 gall., qts. and 2 lb. tins.

## Evening Telegram Fashion Plates.

The Home Dressmaker should keep a Catalogue Scrap Book of our Pattern Cuts. These will be found very useful to refer to from time to time.

1248.—A MOST ATTRACTIVE PLEASING MODEL.

Ladies' Lounging Robe or Kimono. Light blue crepe, with figures in soft tones of cream and darker blue, was used for this model. The cuffs and collar were faced with blue satin. This style is lovely in the pretty flowered lawns and dainty dimities, and nice for cretonnes, China and Japanese silks, also for cashmere, challie and silk albatross. For a warm robe in this style, blanketing, flannel or flannelette could be used. The Pattern is cut with a deep shaped yoke, and the deep neck opening is finished with a rolling collar. Jeomong cuffs trim the sleeves. The Pattern is cut in 3 sizes: Small, Medium and Large. The medium size will require 7 yards of 36 inch material. A pattern of this illustration mailed to any address on receipt of 10c, in silver or stamps.

1281.—A Dainty Dress for MOTHER'S GIRL.

Girl's Dress with or without Peplum and with Sleeve in Either or Two Lengths.

As here shown, white batiste was used, with "Val" lace and insertion for trimming. The waist portions are tucked at the upper part, and the front of the skirt is tucked to correspond. The sleeve may be in wrist or elbow length. The peplum portions are shaped in deep scallops. Lawn, dimitie, challie, organdie, silk crepe and crepe de chine are lovely for this style. The Pattern is cut in 4 sizes: 6, 8, 10, and 12 years. It requires 4 1/2 yards of 36 inch material for a 12 year size. Illustration mailed to any address on receipt of 10c, in silver or stamps.
