"An Act respecting the Refining of Cod Liver Oil,"

(Passed May 4th, 1916.)

Be it enacted by the Governor, the Legislative Council and House of Assembly, in Legislative Session convened, as follows:—

- From and after the first day of June, one thousand nine hundred and sixteen, no person in Newfoundland shall engage in the business of refining Cod Liver Oil without having first obtained a License from the Department of Marine and Fisheries, under a penalty not exceeding one hundred dollars, to be recovered in a summary manner before a Stipendiary Magistrate or a Justice by any person who shall sue for same.
- Such Licenses shall be issued by the said Department subject to such rules and regulations as may be made by the Governor in Council in that behalf.
- Any person who after the first day of July, one thousand nine hundred and sixteen, shall export from Newfoundland any refined Cod Liver Oil without having the same first inspected and branded in accordance with the provisions of Chapter one hundred and four of the Consolidated Statutes of Newfoundland (Second Series) shall be subject to a penalty not exceeding five hundred dollars to be recovered in a summary manner before a Stipendiary Magistrate or a Justice by any person who shall sue for same.
- One-half of all penalties recovered under the provisions of this Act shall be paid to the party giving the information, and the other half to the Minister of Finance and Customs for the use of the Colony.

The foregoing is published for the information and guidance of those interested, and they are required to govern themselves accordingly and apply for a License to the Department of Marine and Fisheries immediately.

LIGHT, HEAT, COMFORT!

The proprietor of one of the best known multiple shopping systems is credited with saying, "Give me any old shop, in any old street, and I'll guarantee to make it in twelve months the most widely known and best frequented shop in the district." He was asked to explain. Holding up three fingers he said, "I believe in the trinity of **LIGHT, WARMTH, COMFORT.** I should dazzle the moths until the candle drew them, I should bring them into a warm, comfortable shop, filled with a soft, pleasing radiance, and the rest is—well, mere child's play."

Mixed metaphors, perhaps, but expressive. Now we can more than imagine the kind of shop this well-known individual would open, for we pass it in almost every town—always a landmark to the street. No one fails to notice it. There is an indefinable air of welcome and invitation as one stands for a moment on the pathway and lets one's gaze travel inside it. The subdued, restful lighting effect that so charms because of its very unobtrusiveness, the absence of dark corners, the intangible feeling that if one would step inside one would be sure of experiencing a delicious sense of warmth and comfort and cheerfulness—all these are part of its appeal. Truly a shop with an individuality.

We cordially invite all progressive business men to visit our showroom and see our latest Lighting and Heating Appliances, by the adoption of which the ideal outline in the above extract from *London paper* may be easily secured. Our new **RADIO X** Lamp and **GASTRAM** Radiators all light and heat requirements.
