

# DON'T BUY SO MANY BOOTS

SINCE "Hi-Press" has come on the market fishermen are putting many a good dollar back into their pockets that used to go for footwear.

This wonderful boot actually gives two and three times the wear of the ordinary kind. And it's mighty good-looking and comfortable in the bargain.

Here's the idea—"Hi-Press" Rubber Boots are made in a new and vastly better way. They are molded—like an auto tire—INTO ONE SOLID PIECE! They CAN'T leak or peel and there seems no wear-out to them. Millions of fishermen, miners and farmers won't wear anything else. Try them yourself.

Whenever you buy an article of rubber see that it bears this trade-mark. The wreath and the "G" is the sign of Quality and assurance that the House of Goodrich stands solidly behind its products.

### Reservation Unallowed.

**Roumania Must Sign Treaty -- Albania Giving Trouble--Date of First League Meeting Set Back--Japan Getting Defiant.**

#### MUST SIGN TREATY.

PARIS, Sept. 8. The supreme council of peace conference to-day informed Roumania that she must sign treaty with Austria without reservation or abstain altogether from signing.

#### MUST SIGN WITHOUT RESERVATIONS.

PARIS, Sept. 8. The Roumanian delegation has sent a note to the Peace Conference saying its intention was to sign the Austrian treaty with reservation. It appears unlikely that such signature will be permitted.

#### ALBANIAN DISTURBANCES.

PARIS, Sept. 8. Anti Italian disturbances continue to spread in Albania according to dispatches to newspapers here, it being reported that a detachment of three hundred Albanians was annihilated at Kastali recently. Advice says that the Albanians intend to send delegates to the peace conference to demand that their country be granted autonomy.

#### FIRST MEETING POSTPONED.

WASHINGTON, D.C., Sept. 8. It is now practically certain that the first meeting of the league of nations will not be held in Washington in October as originally planned. The exact date depends upon the action of the United States senate in regard to ratification of the peace treaty containing the covenant which creates the league. Should the senate ratify the treaty in time to permit delegates to arrive for a meeting in November it probably will be held then but if the discussion is much protracted the meeting time is expected to go over until some time in January 1920. Premiers Lloyd George and Clemenceau have promised to attend first meeting if domestic conditions warrant their absence from home. Lord Robert Cecil is regarded as certain to be one of the British delegates.

#### BIG STRIKE IN JAPAN.

TOKIO, Sept. 6. Six thousand five hundred arsenal operators have struck in Japan de-

manding wages increase. Troops have been called out to guard arsenals throughout the country.

#### WILL NOT WITHDRAW TROOPS.

TOKIO, Sept. 6. Japan is not planning to withdraw troops from Siberia according to an official statement issued at the War Office. "Far from considering withdrawal of troops from Siberia" the statement says, "conditions there may necessitate the sending of reinforcements to that country."

#### ASKING REDUCTION OF SENTENCE.

LONDON, Sept. 8. A petition is being promulgated here for a reduction of the sentence of the 12 months imprisonment upon several Canadian soldiers in connection with the Epsom riots. When Justice Darling passed sentence he excused the prisoners from hard labor on the ground of their war service and added that there seemed to be no difference between their conduct and that of some people belonging to this country except that the latter were if anything worse.

#### DR. RENNER SUCCEEDED.

VIENNA, Sept. 5. Dr. Karl Renner head of the Aus-

trian delegation speeded matters in consideration of the action to be taken by the national assembly with regard to the peace treaty when he arrived here to-day from St. Germain by saying that it was his intention to start on the return journey to France Sunday.

#### PERSHING REACHES NEW YORK.

TOKIO, Sept. 8. Amid screeching of sirens from thousands of factories and ships, the steamship Levathian reached her dock in Hoboken a few minutes after 8 o'clock this morning with General Pershing and his staff on board.

#### Re-opening of Mount Allison's Ladies College.

The College reopened Monday with an unusually large enrollment. Art and Music stand out as the special chosen courses. A large number of pupils will be taking stenography and typewriting in the Academy.

Several changes have been made on the staff and additional teachers have been added on account of increased attendance.

Mrs. Gronlund, who is an accomplished and highly educated lady, is a new addition to the Literary staff. Prof. Elbert Chadwick, a distinguished graduate of Syracuse University, will have charge of the Organ department. Miss Burchell, the former head of that branch, resigned the position last term.

The Household Science department will be in the hands of two new teachers. Miss Gladys Borden, who did so much to popularize that work, takes a position in Edmonton. The new teachers in charge are Miss Hunter of Kincardine, Ontario, and Miss Ethel Roach of Windsor, both graduates of American Colleges.

Miss Briggs, who held the position of Physical Directress for two years, will be succeeded by Miss Lillian S. Raymond of St. John, pupil of the Boston School of Physical Education.

Miss Stephens' place will be taken by Miss Mildred Gurney of Brockton, Mass. Miss Gurney is said to possess a very superior soprano voice. Her testimonials indicate that she will be an invaluable acquisition to the Vocal department of the Institution.

The College buildings have been generally repaired and painted during the summer. Ten Mason and Risch pianos have been made over by an expert piano builder. With two pipe organs and over 60 practice pianos, the Conservatory is unusually well equipped for the year's work.

A new feature of the Institution is the establishment of two outside schools, one at Amherst and another at Moncton, both in affiliation with the Ladies' College. While the College assumes no control of these schools, Prof. Brunton is permitted to manage them and give them personal supervision. The standing of the pupils will be registered in the reports of the Ladies' College Conservatory, but in order to graduate, it will be necessary later on to attend the Institution to complete their courses.

#### An Elephant's Teeth.

The elephant has what a dentist calls "magnifying glass teeth" because of the curious fact that when the big pachyderm wears off a front tooth it is replaced by the one just behind it, the whole row moving up a tooth. It is said this takes place continually, so Jumbo always is guaranteed a set of teeth, no matter how many he wears out.

#### Football Notes.

To-morrow afternoon a double header of football will be played at St. George's Field, between the City and Regiment.

To-night the Star meet the Champions for a contest and an interesting time is looked forward to. Players on both teams are requested to be ready for the whistle promptly at 8.15 p.m. The City teams selected to play Bell Island and the Regiment are as follows:—

Against the Regiment—Goal, Lush; backs, T. Duggan, E. Crawford; halves, E. Kavanagh, W. Dwyer, and W. Duggan; forwards, F. Brien, W. Burke, F. Phelan, Jerrett and W. Caul. Against Bell Island—Goal, Noseworthy; backs, Dr. Power and Carl. Chancey; halves, Foster, L. Kavanagh, Reid; forwards, R. Stick, Devine, Macklin, J. Young and Chee, Quick.

#### New Despatching System.

Arrangements have now been completed in connection with the dividing of the Reid Newfoundland Railway System. A new despatching office has been erected at the western divisional headquarters, Bishop's Falls, and also a residence for the Superintendent, Mr. Geo. Cobb, who left by the express to-day to take up his duties.

We are now showing our first shipment of American Millinery, which has been pronounced the best selection ever seen in St. John's. We would ask our patrons to look them over at once as they are selling very quickly to highly pleased customers. BISHOP, SONS & CO., LTD. sep6,31s,tu,th
