Skull Fractured.

Edward V. Dake, of Middlemiss, and brother of Mrs. Andrew Sutton, of this village, met with a serious accident Saturday on the Canadian end of the Cantilever bridge at Niagara Falls. He was employed as a riveter on the under part of the structure when a heavy wrench was accidentally kicked off the deck, and after falling some distance struck the unfortunate man on the head. Happily the blow was a glancing one, or death would have been instantaneous but as it was his skull was badly fractured. His comrades grabbed him just in time to save him from pitching off the scaffold into the river. He was removed to Memorial Hospital and word received from the officials there that he is on a fair way towards recovery.

Edgar Axford, through his solicitor, J. A. Robinson, has entered an action against Thomas Oliver, of Shelden, for slander.

James Dart and Robert Hamilton, of Ridgetown, have been awarded the contract for grading the L. E. & D. R. R. between Highgate and Rodney.

Hold Your Breath and You'll Sleep.
A prominent New York physician, himself a sufferer from insomnia for many years, has discovered a brand new way of putting one's self to sleep almost instantaneously. It has worked well in his own case, and never failed in the many trials he has made upon his patients.

After taking a deep inspiration the breath is held until positive discomfort is felt. It is then let gently out. The process is repeated a second and a third time, and this is as a rule sufficient to obtain sleep. The mind must be fixed upon the experiment and one's thoughts must not be allowed to wander.

Insomnia is produced by two kinds of cerebral activity directly opposite in nature, a too active cerebral circulation and an insufficient cerebral circulation. The former can easily be recognized from the throbbing and pulsating of the arteries. The self-exhaustion of the patient causes a flow of nervous blood to the brain and an increase of the carbonic acid and waste products of decomposition. These products, carried to the brain by the blood, overwhelm its centers and so produce sleep.

Dr. Johann Mehl-Hiltz, a German physician, writes enthusiastically about the effect of sleeping with the head low as a means of obtaining the most refreshing slumber. He raises the foot of the bed so that it forms an inclined plane. He says that the sleep thus obtained is more beneficial; that one awakens with a clearer head, a wider horizon. He asserts that the neck increases in size, that the influence upon the lungs is so great that it can lessen the tendency to consumption. He recommends that the lowering of the head be done gradually, and says that insomnia often is caused by sleeping with the head too high.

President Sam of Haiti.

It is far less easy to get to the president of Hayti than to Mr. McKinley, of the White House. The pavilion-like palace in the Champ de Mars, surrounded by its little park, inclosed by a tall iron grating, with lookout boxes at the angles, a large and strong military barrack at the rear, and field cannon posted here and there, could stand a considerable siege, and with a faithful garrison would be proof against almost any mob attack.

There is no end of etiquette involved in the approach to San Excellence, yet I was favored with fortunate opportunities for seeing Mr. Simon Sam, tall and massive, with an immense paunch, and features and hue that are typically African, as you gaze at him in his sumptuous uniform, gorgeous with gold lace and a brilliant silk scarf, you cannot help picturing to your mind's eye his hypothetical appearance as a mid-African chief, with huge feathers in his topknot, only a rattle-headed clout about his loins, and about him a band of dusky savages more naked than himself, instead of these strutting gentlemen in tall hats and European clothes, and these other prancing gentlemen in gaudy trappings, with tinkling spurs and jingling swords.

President Sam, however, is not, as it appears thus far, a man to be personally feared. His selection was a compromise, and he is only the figurehead of the present oligarchy, posing as a moderate statesman, while in truth he is only a rather dense-brained slow-witted and lethargic old soldier. It is understood that in state affairs he is almost wholly guided by his ministers, of whom Brutus St. Victor, in charge of the foreign department, and Tancrede Auguste, of the department of the interior, are probably the ablest.

Winnipeg's building expenditure for the present year will be nearly \$2,000,000.

Mania for Operations

Among the Doctors. No Need of the Knife to Cure Piles. A Surer, Cheaper Easier Way, Dr. Chase's Ointment.

Dread of the surgeon's knife causes multitudes of people to suffer on year after year with piles, when they could be cured without risk, expense, or danger of an operation by using Dr. Chase's Ointment, the only preparation guaranteed to cure any case of itching, bleeding, or protruding piles. Rev. J. A. Baldwin, Baptist minister, Arkona, Ont., writes:—"For over twenty years I was a great sufferer from itching and protruding piles. I used many remedies and underwent three very painful surgical operations, all without obtaining any permanent benefit. When about to give up in despair I was told to use Dr. Chase's Ointment, and did so, finding relief at once. I used three boxes, and am almost entirely cured. The itching is all gone. I have advised others to use it, believing it would cure them as it has me."

Dr. Chase's Ointment is the only positive and actual cure for every form of piles, 60 cents a box, at all dealers, or Edmansons, Bates and Co., Toronto.

Toronto Live Stock Markets.

Toronto, Aug. 28.—Western cattle market to-day—The run was fair, 70 loads—1,100 cattle, 954 sheep and lambs, 500 hogs. Export cattle—Demand weak; some buyers were looking for an odd load to fill up shipping space; most of the offerings, however, eventually sold out; the general run of choice cattle sold from \$4.75 to \$5.10 per cwt. Butchers' cattle—Few picked cattle could be found; prices for such were firm at \$4.35 to \$4.65 per cwt.; choice loads sold at \$4.10 to \$4.35 per cwt.; good cattle at \$3.60 to \$4 per cwt., and common cows as low as \$3 per cwt. Stockers—Market weaker in sympathy with Buffalo; prices quoted about same at \$2.75 to \$3.25 per cwt. for choice and \$2 to \$2.50 per cwt. for heifers or colors; sales were effected slowly. Feeders—Market but lightly supplied, demand moderate and prices unchanged. Sheep—Offerings large and trade not quite so brisk; all stock sold out at weaker prices of \$3.50 to \$3.75 per cwt. for export ewes; \$2.75 to \$3 per cwt. for bucks, and \$3 to \$4 a head for butchers' sheep. Lambs—Fair trade at easier prices of \$4 to \$4.85 per cwt. and \$2.75 to \$3.75 a head. Hogs—Declined 25c per cwt. to \$6 for selections of 10c. to 200 lbs. natural weight; 12c per cwt. to \$5.25 for fats, and steady at \$5.25 per cwt. for lights.

London Cheese Market.

At the London market Saturday 3,700 boxes of cheese were boarded, but only 710 were sold. The tendency was toward lower prices, but sellers were firm, and but five of the twenty six lots boarded were disposed of. Warwick sold to Cook at 109 1/2c. Wallacetown to Thomas at 10 1/2c. Uttoxeter, G. and A., and Vyner to McLaren at 10 1/2c, and Mapleton to Riley at 10 1/2c.

The Hog Market.

The market is unchanged at last week's quotations, namely, \$5.70 per cwt.

ANNIVERSARY SERVICES.

These services in connection with Riverside church will be held on Sunday next, when Rev. Mr. Munroe, of Ridgetown, will preach at 11 a.m., 3 p.m. and 7.30 p.m. On Monday evening the usual moonlight picnic will be held on the school grounds. In addition to an excellent repast, a splendid program of music and addresses has been provided by the committee. Addresses are expected from Rev. Mr. Munroe, W. S. Calvert, M.P., and Messrs. C. St. C. Leitch and W. Harold Barham, Dutton. Miss Eva Roblyn, of London, the well-known soloist, has been engaged for the occasion, and will be assisted in the musical part of the program by Dr. Kippie, Melbourne; Misses McDonald and Lucas, Middlemiss; Mr. Matchett, St. Thomas; Mr. Bishop, Mount Elgin Institute and Mr. Lethbridge, of Strathburn. Readings will be given by Miss Maggie Macdonald, of Southwold Station, and P. J. Wolfe. A pleasing part of the program will be violin selections by Miss Huntley, of St. Thomas, and Miss Elmore, Adolph. The committee will doubtless succeed in their anticipations in making this the most successful of the many pleasant reunions held at Riverside.

LIGHTNING'S WORK.

The Severe Storm on Monday—Man and Team Killed—Buildings Destroyed.

A severe electrical storm, accompanied by a heavy rain, passed over a portion of Western Ontario Monday. A large number of losses are reported, chiefly outbuildings struck by lightning and destroyed. As a result of the storm insurance companies will be liable for large amounts. Amongst the losses reported are the following:

Charles Tait, of Aramant township, was engaged in drawing in oats, and when putting on a load in the field he and his team were struck by lightning and instantly killed. The load and wagon took fire and were destroyed.

The barn of Albert Haist, Pelham, was destroyed by lightning, together with nine pigs, implements and crops.

Mr. Bennett, of Kinloss, met with a heavy loss. He had just begun to thresh his crops, when lightning struck his barn, consuming it, together with the machine, several pigs and hens. No insurance.

The barn of Anthony Streffer, Formosa, was struck by lightning and destroyed, together with the season's crops. Loss, \$2,000.

The large barn of Wm. Madder, near Hespeler, together with its contents, which consisted of the season's crops, eight cattle, a horse and a pig, was destroyed by lightning.

ASTOUNDED THE EDITOR.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at R. A. Kirkland's drug store.
