

## A Veteran's Story

Mr. Joseph Hemmerich, an old soldier, 629 E. 140th St., N. Y. City, writes us voluntarily. In 1862, at the battle of Fair Oaks, he was stricken with typhoid fever, and after a long struggle in hospitals, lasting several years, was discharged as incurable with consumption.

Doctors said both lungs were affected and he would not live long, but a comrade urged him to try Hood's Sarsaparilla. Before he had finished one bottle he began to get better, the choking sensation left, and night sweats grew less and less. He is now in good health and cordially recommends

**Hood's Sarsaparilla** as a general blood purifier and tonic medicine, especially to his comrades in the G. A. R.

HOOD'S PILLS are hand made, and are perfect in composition, proportion and appearance.

FLY.  
Over 70,000 people witnessed the 4th of July League games.

Some one who either forgot or did not wish to sign his name to the communication disputes the correctness of the score in the Shoe Clerk and Grocers' baseball match as given in yesterday's ADVERTISER. The anonymous writer says the score was "13 to 7," but neglects to say who scored 7 or who made 13.

ATHLETICS.  
"Red" Phillips, the champion light weight of Idaho, was knocked out Tuesday night by Johnnie Murphy, of California, in fourteen rounds.

LACROSSE.  
At St. Mary's a match in the western junior district was played on Wednesday between St. Mary's and Mitchell teams, St. Mary's winning by 3 to 2.

THE WHEEL.  
LONDON, July 7.—The 50-mile safety bicycle championship race of the National Cyclists' Union was won by Zimmerman, of New York, in 2 hours, 37 minutes, 32.3 seconds.

## IN LABOR'S FIELD.

Lumber-Shovers Do More Than Shove—Montreal Nail-Workers on Strike.

BUFFALO, N. Y., July 7.—Several attacks on non-union lumber-shovers were made this morning by strikers.

MONTREAL, July 7.—All the men working for the Nail Trust firms in this city are on strike. A new scale was made by the employers some weeks ago. It was not accepted, and the men went out.

Owing to the dullness in the iron business about 50 per cent. of the Connellsville region coke ovens are closed down, throwing thousands of coke workers out of employment. It is said that men could be secured in the coke regions to do unskilled work at Homestead.

Seventy-five employees of the St. Louis and Southwestern Railroad shops at Pine Bluff, Ark., are out on a strike because of the discharge of a few workmen. The strikers say the union's difficulty is specifically adjusted the whole force, numbering 700, will join them.

Of the members of the Hamilton Millers' Union, to the number of about 170, who have been resisting the demands of their late employers in the stone foundries for six months, only about 50 remain in the city, and some of these have found employment at other work. The rest have gone, for the most part, to American cities, and have had little difficulty in securing employment. The union is arranging for a grand demonstration in Dundurn Park on Saturday.

## TERSE TELEGRAMS.

Senators Warren and Carey, of Wyoming, were hung in effigy on Wednesday at Oden because they voted against the free coinage of silver in the United States.

There was no objection Thursday morning to the reference of the United States Senate Free Silver Bill to the committee on coinage, weights and measures, and it was so referred to the Speaker.

Monday's crowd at Coney Island, N. Y., broke the record. The railroad reported that they had carried there 125,000 people, and Chief of Police McKane reported 25,000 who went down in wagons and bicycles and by the electric railroad.

## FUNERAL OF KATE FOX.

It Is Said That a Communication Has Been Received from Her Spirit.

NEW YORK, July 7.—The funeral of Mrs. Kate Fox-Jenken took place Tuesday afternoon from 660 Columbus avenue. The services, which were purely spiritualistic, were conducted by Walter Howell. He delivered an incantation to the Eternal and Infinite Spirit, spoke of the dead woman as the pioneer of modern spiritualism, and told his hearers to banish sorrow, as they were well aware that death is only a passing. At the close of the services the body was removed to Greenwood Cemetery.

Since Mrs. Fox-Jenken died a well-known medium is alleged to have received a communication from her from the spirit world. It is asserted that Mrs. Fox-Jenken said that she had met her father and husband, and they were happy. She also, it is alleged, directed that her funeral be as plain as possible and none but her sister, two sons, and Mr. and Mrs. Howell accompany her body to the grave. The latter instructions were faithfully complied with.

Mrs. Kate Fox-Jenken was, during her whole lifetime, recognized by spiritualists throughout the world as a brainier member of the spirit world.

"The 53 years that made up the life of 'Kate' Fox-Jenken were full of romance and adventure. Her first public exhibition with her mother, Margaret Fox, and her two sisters, Margaret and Leah, was given in Cortlandt Hall, Rochester, in 1848, when Kate was nine years old. After the performance was over the police had great difficulty in preventing the crowd from assaulting the children as they emerged from the building. They were denounced as witches.

The New York campaign of this marvelous woman was opened on June 4, 1850. Kate Fox and her sisters engaged rooms at Barnum's Hotel. Horace Greeley was the first caller, and it was on his advice that they decided to charge a \$5 admission fee to the seances.

It was at one of the Fox seances that J. Fenimore Cooper, the famous novelist, asked over 100 questions about the dead sister of his.

At the conclusion of the examination of Kate Fox he turned to his friends and said: "Gentlemen, every single answer has been correct." The following September Mr. Cooper died a convert to spiritualism.

The mental strain on the children, however, was so great that they were compelled to seek rest. Mrs. Fox took them all to England. In 1851 Kate married Henry D. Jenken, a London barrister. In 1851 they returned to New York.

There is now only one surviving member of the Fox family, Margaret, who married the late Dr. Elihu Kane, the Arctic explorer, several years ago. She now lives in this city. Adah Leah Fox, who married Daniel Underhill, died several years ago. Kate Fox-Jenken was regarded as the cleverest medium of the three.

## Christ and the Church

A Grand Gathering of Active Earnest Workers.

Who Represent Over One Million Christian Young Men and Women.

Eleventh Anniversary of the Y. P. S. C. E. of the World.

Thousands of Delegates From Every Quarter of the Globe—A Scene Impressive and Unprecedented.

The Convention Formally Opened.

NEW YORK, July 7.—Twenty thousand delegates, representing the societies of Christian Endeavor in 49 States and Territories, Canada, Europe, Africa, India, Brazil and the islands of the Pacific, met in the great amphitheater of Madison Square Garden to-day. In this year of big conventions no larger or more representative body will assemble, and no more progressive citizens could be called together. It is the eleventh international meeting of the United Societies of Christian Endeavor, and the earnest men and women who have met to advance the cause represent a total membership of 1,100,000.

The organization has had a marvelous growth. It was started by the Rev. F. E. Clark, pastor of the Williston Church at Portland, Me., on Feb. 2, 1881. Its purpose was to promote an earnest Christian life among its members and to unite young people of all denominations in systematic endeavor to advance the Christian idea. The movement to-day is the greatest the country has seen.

GROWTH OF THE SOCIETY.  
The growth from year to year has been as follows:

| Year | Societies | Members |
|------|-----------|---------|
| 1881 | 2         | 68      |
| 1882 | 5         | 274     |
| 1883 | 10        | 5,900   |
| 1884 | 13        | 10,881  |
| 1885 | 18        | 19,881  |
| 1886 | 23        | 30,000  |
| 1887 | 28        | 40,000  |
| 1888 | 33        | 50,000  |
| 1889 | 38        | 60,000  |
| 1890 | 43        | 70,000  |
| 1891 | 48        | 80,000  |
| 1892 | 53        | 90,000  |

INTERDENOMINATIONAL.  
The organization is interdenominational. Every member is urged to be true to the creed of the church to which he belongs. The whole idea of the Christian Endeavor movement is the teaching of the way to make Christianity seem more than mere membership in a church—to make it mean earnest, sincere work for the cause that church espouses.

Its constitution has been translated into almost every written language. Its societies flourish in Brazil, in Samoa, among the American Indians, in India, in Turkey, as well as in the United States.

PAR-REACHING.  
Besides reaching out after every class society reaches out after every class. There are societies in the army and navy. Societies for commercial travelers, sailors, telegraph operators, railroad trainmen, section hands and station agents.

The country is beginning to show great results of the working of 1,000,000 young men and women, each of whom has for a motto, "Personal Devotion to Jesus Christ."

A NOTABLE GATHERING.  
The convention to-day is the most notable gathering in the history of the movement, and one of the biggest conventions this city has seen. The speakers' platform accommodates 1,000 people, 500 of whom are delegates, the majority of whom are young men.

There are many delegates present from Europe, Asia, Africa and Australia, besides Canada. The interior arrangements and decorations are of the finest, and the very manner of the constitution, which is the basis of the movement, is the basis of the movement.

The delegates are seated in the hall, and the name of their respective places. There are nearly 5,000 chairs on the ground floor, with as many more in the boxes and galleries.

THE OPENING.  
The convention opened at 2:30 this afternoon. The amphitheater presented an animated and picturesque scene as the delegates, the majority of whom are young men, took their seats. Edwin F. See, general secretary of the Brooklyn Y. M. C. A., opened the meeting with prayer. The choir of 500 voices led the praise service, after which Rev. Dr. Charles F. Deems welcomed the delegates with an address on behalf of the pastors of New York.

A LIVELY CANADIAN DELGATION.  
A cloth banner twenty feet long labeled "Montreal" hung in front of one of the liveliest delegations in the hall. The blue velvet and a cluster of national flags surrounded the monogram of the society above the speaker's place. The welcome of the Brooklyn pastors was delivered by the Rev. C. Dixon, of that city. M. E. Gatos, president of Ambler College, responded to the address of welcome.

INTERESTING FIGURES.  
The annual report of the general secretary of the United Society of Christian Endeavor stated that the regular reported number of societies was 11,039, whilst there were others not yet recorded that would bring the total up to 22,000. Last year at the Minneapolis convention the reported number was 16,287. The total in Continental Hall, New York, was 11,039. Congregationalists 4,495, Baptists 2,736; Methodists 2,335, Disciples of Christ 1,557; total membership, 1,370,300. New York has 2,532 societies, Pennsylvania is next with 1,539. The banner of the joint societies goes this year to Illinois, having 206 joint societies. Pennsylvania is a close second, whilst New York is third with 214.

WID-AWAKE WOMEN.  
ADVANCE, July 7.—The World's Fair Board of Women Managers of this State that visited Chicago was the first there to inspect the grounds and buildings, and to learn definitely from the officers of the exposition all details connected with women's work at the fair.

Ladies, even with very plain clothing, always look well if they have had their heads polished with P. G. French Dressing.

Piles! Piles! Itching Piles.  
SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWANN'S OINTMENT stops the itching and bleeding, heals the ulceration and in most cases removes the cause. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

LYMAN, SONS & CO., Montreal, wholesale agents.

## Dominion Parliament

Parliament Hastening Toward Prorogation.

The Bounty on Beet Root Sugar Extended—The Anti-Chinese Bill Passed.

[Special to the ADVERTISER.]

OTTAWA, July 7.—Parliament is hastening toward prorogation, and it is likely the session will close on Saturday evening at 8 o'clock, at which hour it is understood the last ceremonies will take place.

In the Commons to-day the morning was spent passing a resolution extending the beet root sugar bounty until July 1, 1893. It was opposed by some members of the Opposition.

In the afternoon the bill further restricting the immigration of Chinese was passed. The other measures on the order paper being dropped, there is nothing left for the Commons to do but wait until the Senate finishes its consideration of the Criminal Law Bill and allow them to go home. The Senate has spent all the day on the criminal code and have made good progress.

There was a big exodus of members of Parliament to-day. Sir John Thompson stated that the morning sessions would now cease.

The Government has decided to postpone for this session the resolutions for an increase in judges' salaries.

The Senate is now considering the lottery clause in the Criminal Code Bill authorizing the continuance of lotteries incorporated by Provincial charters. This has the effect of declaring all Quebec lotteries illegal.

The Initiative and Referendum.  
Referring to needed reforms in representative government, the following circular has been issued to the people of Canada:

"We have had years of experience of our system of representative government, the result of which has been to prove representative government in some respects a failure. Our laws do not represent the will of the people, neither do they prevent corruption. No system of government does not answer these two requirements. The first duty of our legislative body should be to carry into effect the wishes of the majority of the electors of the community. In a country where the electors have no opportunity to express themselves directly upon the question at issue, it must necessarily happen that the wishes of the people may be one thing, while the law enacted by the legislative power may be entirely different. Especially is this true when, as with us, a dozen different measures may be brought before the electors in one political campaign, on some of which one candidate may represent the electors' views while the opposing candidate may be more in accord with him as to the remainder. The elector naturally votes for the candidate who represents his view on what he considers the most important question, while he is compelled to sacrifice his opinions on what he deems of minor importance. When added to this, there have been party affiliations extending over a long term of years, the voter very often sacrifices his views on even the most important matter, because, while not satisfied with the position taken by his whilom friends, he prefers to have them in power rather than to trust the control of affairs to those with whom he has no confidence, fearing that they may do even worse than his friends. (In a proper system of government the voter should be able to express his opinion directly upon legislation.)

"Then, after a candidate has been elected, there is no method provided by which his action may be controlled, either positively or negatively during his term of office. He is at liberty to break every pledge, and on every question to vote contrary to the wishes of his constituents. The electors are kings only at the moment they deposit their ballot, for they thus assert their sovereignty only to yield it up again to the representative body. This we believe to be a flagrant wrong which should be remedied. The evil results of the system have been made apparent in our own legislation, and much social progress has been retarded because of its defects.

"The present system tends towards partyism and partyism leads to corruption. In the process of time electors become so identified with their party that they seek to palliate rather than condemn the wrongs of which that party may have been guilty. The result has been periodical revelations of corruption in our parliamentary systems. Patriotic citizens should look around for a remedy.
