Policemen Show Regard For Ex-Officer Gilbert Woolway.

Gave Him a Purse, to Which Business Men of the City Contributed Very Liberally.

Mr. Gilbert Woolway, who recently resigned his position on the London police force, on account of ill-health, was surprised at police headquarters last night in a very unusual but happy manner. Just as the night duty men had fallen in at 7:45 p.m., Police Magistrate Love called Mr. Woolway to the front and presented him with two purses, one from Mr. Woolway's former comrades, containing \$30, and another from the merchants of the city. containing \$230.

In making the presentation, the magistrate gave expression to the sin-cere regret felt, not only by everyone connected with the police department, but by the business community of London, at the circumstances under which Mr. Woolway is leaving the city. His worship assured him that the officers of the department considered they were losing one of their most efficient and reliable men. During his long term of service he has not only won the confidence of his superior of ficers, but the esteem of the public generally. He hoped that his trip to the sunny south would bring about a complete restoration of his health. Mr. Woolway thanked his fellow-offi-cers and the business men who had so generously indicated their regard

for him. Mr. Woolway, who leaves for California next week, has been a member of the London police force for over thir teen years, and during that long period has, by his unfailing courtesy and strict attention to duty, won the regard of the public, whose interests he helped to safeguard, and the confidence of his superior officers. Among the rank and file of the force he was extremely popular, and the regret of his old comrades at his enforced absence is very keen. His legion of friends earnestly hope that he will soon be restored to vigor

WEALTHIEST TELEPHONE GIRL. Wichita, Kan., Aug. 27.-Mattie Beal, the lucky winner of claim No. 2 in the Lawton land district, has returned to Wichita and has resumed her old position as operator in the telephone office. Fortune did not turn her head, and she is the same "hello girl" that she was before the drawing. It is possible that she is now the wealthiest telephone girl in America, as her farm, it is said, is fully worth from \$20,000 to \$25,000. Miss Beal will work in the telephone office until Feb. 1, when she must move to her claim and remain on it for eight months.
