(Continued From Page One.)

The Company's Explanation. The attitude of the company was made known this morning by Mr. C. H. Ivey, solicitor for the street rail- his court on Tuesday next. way, in an interview with The Adver- Collided on Bikes.

The company, he said, is now ready and willing to proceed without delay on the extension on Cheapside and William streets to connect with the Oxford street line, providing that the city permits the removal of the Wellington street line from Wellington street to Richmond street, thereby enabling the company to utilize the special work in the shape of curves, points and switches now in use there, in the proposed new trackage.

The street railway also proposes to leave the question of the Adelaide street crossing to the railway commission in its entirety, and would have the city join with the company in making application to that body.

Prepared to Begin Work. The street railway company is precared to commence work immediately on the Cheapside and William stree extension to connect with the Oxford line, providing that the Wellington Sutherland, M. P., who underwent an trackage is removed to Richmond street," said Mr. Ivey to The Advertiser. "If this removal is permitted, the curves, switches and other special work will not be required in relaying the line on Richmond street, and will be available for immediate use in the new Cheapside and William street line. In this manner we would be able to complete the line and have it in operation by the end of the year.

'The whole question hinges on the will leave the following week for his special work, and if we cannot make use of that available in the Wellington line, new curves and switches will have to be ordered, and we are informed that such orders cannot be filled within five months. The whole extension would therefore have to be

> Adelaide Street Crossing. "We are perfectly willing to leave the question of the Adelaide street crossing to the railway commission, national convention, that We are satisfied to make joint application to have that body decide whole matter, including the cost of a whole matter, including the cost of a state at the earliest opportunity. We are opposed to a level crossing over the C. P. R. because of position that precedent should be upset the fact that the lives of our passengers and of the public must be safeguarded. Under present conditions street cars in London make three crossings of railway tracks every two minutes from 6 o'clock in the morning until midnight, and as 7,000,000

"The subject of efficiency in the service also enters into the question, and the people of London are already aware that level crossings are not desirable from this standpoint alone.

"The city is now holding up the work all over the city until the matters in dispute in the north end are settled. To improve our service relief must be afforded in the congested districts, and to provide better accommodation for our patrons we are anxious to avoid delay in the doublenurch was held last evening, and tracking of Horton street between was a decided success. The former sustained injuries to his head and lost one of his teeth the services of Dr. George H. Wilson being necessitated. Mr. Boyce alighted on his head on the pavement and was rendered unconscious for some time, being driven to his home upon recovering from the effects of the blow. Although the accident occurred almost opposite Mr. Balman's house his identity was not learned for some time.

BRYAN MAN

Continued From Page One. In a moment the entire hall was swept by the shouts and cheers and songs of the adherents of the different candidates. The band foined in the demonstrations. Some of the delegates dards, but the policemen, by quick work, prevented this. The aisles bacame choked with delegates and it seemed that many spectators had invaded the delegates' sections.

One man opened a big umbrella and tarted a parade, but was headed off. By this time Chairman Parker and sergeant-at-arms were making rantic but vain efforts to restore quiet. After seventeen minutes of noise Mr. Clayton at last made himself heard. He declared that whoever the candidate was he would be the next president of

the United States. Bryan for Battle. Baltimore, June 26.—It was definitely stated today, prior to the beginning of the second session of the Democratic national convention, that William Jennings Bryan, defeated in the convetio esterday, has decided to precipitate an ther fight on the floor of the convention

and a nomination made for the presidence defore the platform is written and adopted. Some of the Nebraskan's callers today nuoted him as saying that it was useless omination. Some of Mr. Bryan's friends eclarations is an attempt to commit him advance to the subsequent action of convention and to the nominee who be willing to accept the Bryan

platform. Against Ryan. Whether the former candidate holds his view was not disclosed. It was cer-ain today as he left his hotel for the meeting of the committee on resolutions that he was full of fight, and had deter-

mined to wage his war "against the Ryans and the Belmonts."

Both the Bryan and anti-Bryan factions in the convention were interested today in the "third party" gossip which is prevalent. The advent of Francis J. Heney, of California, who fought for Mr. Roosevelt in the Republican national convention, and Chas. R. Crane, of Chi who helped to conduct the early L ette campaign, and their reported interriew with Mr. Bryan, gave an impetus o the discussion. Mr. LaFollette is said to be here to view the situation at first

to be held tomorrow, presidential gossip filled the air today. It is generally ad-mitted that Speaker Champ Clark will o into the convention with a distinct dvantage over all the other candidates. The Bryan followers are hopeful that e nominating fight may go to a fourth fifth ballot, and believe that if that tuation comes many delegates would "Dark horse" talk was more general to

day. This was partly due to the fact that the New York delegation has deter-mined to vote for Mayor Wm. J. Gaynor the first ballot. The evident purpose this is to get a test among the candidates and something of a true line on the situation. Others interpreted it as meaning that Mayor Gaynor may be coomed for the vice-presidency.

The Woodrow Wilson people, who stood

by Mr. Bryan almost to a man in his fight for the temporary chairmanship, are xpecting his support in return. It is realized by all that the two-thirds ote necessary to nominate in the con ention can only be secured ination of some of the candidates or by "break" or "stampede" of the delegates The various leaders are firm in the be
