Mair, and Deputy Reeves Grieve and Baikie, Westminster; Reeve Brooks and Deputy Reeves J. L. Robson and R. Clark, London Township; Reeve R. Fitzgerald, West Nissouri, and Reeve L. L. McTaggart, Ekfrid.

All spoke, and declared that it was necessary to improve the roads leading into London. The Government was willing to co-operate. The province would pay 40 per cent of the cost, the balance to be divided between the county and the city. There were nine leading roads, and it would be necessary to improve seven miles out of the city on each, a total distance of 63 miles. Some would have to be of more permanent construction than others. London would benefit greatly, possibly more than the county.

The Joy of Toys for Girls and Boys

Toy-Town is right royally fulfilling its function as the annual joymaker for girls and boys. If this annual advent of Santa Claus does nothing else for us work-a-day grown-ups, it turns our thoughts to the children, brings a little retrospection of the times when we were youngsters, and by that much at least humanizes us and puts us in that humor where we can swing in with the youngsters and for a moment see things through their eyes. There is no dearth of toys this year. Everything is here—as many of them and in as great variety as ever before—animals, soldiers, dolls, mechanical things that "go". Everything to bring eager excitement to the children and the glow of happiness to their elders.

Welcome to Toy-Town today and every day hereafter until Christmas. The story cannot be told, nor half the things listed—just a few. You must come. We are glad to have the kiddies come and enjoy these toy displays to their hearts' content. Toy-Town is their store, they have taken it by storm, and we are
