If Giants and Yankees Maintain Ratio, Traveling Will Be Easy.

wood. Then you are sure of SIX WEEKS TO GO

Special to The Advertiser. Copyright. New York, Aug. 15. - With the finish of the major league season just six weeks away, the two front runners, the New York clubs, appear to have a big advantage over the other clubs to retain their position right down to the finish. If the Glants win 28 more games and the Yankees 32, which would simply be maintaining the ratio at which they have been traveling to this date, they are almost certain to be winners.

Here is the simplest way to figure on the chances of the two New York

teams. Take it on the morning of August 15, because that is as good as any other day. Have 72 Victories.

The Giants have 72 victories and W. 38 defeats. To continue winning at the same ratio, which is not an impossible one, they must finish the season with 28 more victories. That would give them an exactly even 100 away from the percentage train on which they are traveling now. From now until the finish of the season, by winning 28 games and losing 16, they are as reasonably sure of the championship as the sun is of shining. They may have an awful break and drop ten or eleven games in a row, but it does not look that way. That, too, is the only way in which

Pass on next to the Yanks. Take They have 70 victories and 36 defeats That gives them 48 games to play. If they win 32 and lose 16 they will be playing about the same quality of baseball they have played all season. That will give them 102 victories and 52 defeats; not far from the total of the Giants. As both teams have played to some extent identithe Giants have just a trifle the harder fight. It would be logical to expect them to finish with the Yanks perhaps a little better off than their

The foregoing is absolutely a perfect index to the finish of the cham-pionship, barring the collapse of either New York team, or both, and, of course, you can't demonstrate figures until it takes place. Furthermore, both leaders seem to have gone by the stage of

threatened the Giants prospects. While New York stood still, the Reds came on with a rush, gaining nearly 100 points. Since the Giants went out to Cincinnati and spanked the out to Cincinnati and spanked the Reds, the parlor lamp has gone out

It was suggested when the season began that 95 games would win the championship of 1923. That estimate was made on a closer race than has actually taken place It is within the possibility of both New York teams to win 100 games noon by a score of 14 to 2. The visitors each. PLAN INVITATION GOLFERS' TOURNEY AT THORNHILL

Canadian Press Despatch.

Toronto, Aug. 15.—The news of interest to golfers came today from the Thornhill Golf and Country Club that an invitation tournament will be held there early in September, 36 holes medal play, for which substantial prizes will be given by the club. Professionals of local clubs, of Hamilton, Brantford, London and towns east of the city, and amateurs of note will receive invitations within the next day or so to the tournament. The tournament which the club proposes to hold will be welcomed by players, whose complaint has been that competitions are few in Toronto, it will be the only fall competition for professionals and amateurs of local and

Forest Flyers Talk By Radio

Canadian Press Despatch. Sudbury, Aug. 15.—Progress has been made in the use of radio in forestry work by the Laurentide air service aviators at Cook's Bay, and members of the Empire Forestry Conference now touring the north will have an opportunity of viewing the practical application of radio at Temagami tomorrow.

An exhibition of forestry aviation patrol work will be given for the benefit of members of the conference. It has been pos sible to listen to aviators talking from machines as far as 25 miles away while in flight. An interesting feature of the work at present being done has been the tracing of an aeroplane's progress by means of the carrier

None of First 30 Connaught Marksmen Fall Below 92 Points.

Canadian Press Despatch Connaught Ranges, Aug. 15 .- Despite poorer shooting weather, the average scores at the shoot for the governor general's match, shot here today, are much higher than last year. Pte. B. W. Beaumont of Vancouver led the score with 100 points out of a possible 105, with 100 points out of a possible 105, despite the wind and mirage, which made shooting difficult. None of the first 30 marksmen shot scores below 92, which was the highest score of the first series of the match at last year's meeting of the Dominion of Canada Rifle Association. Beaumont was very consistent in his shooting. On the 200-yard range he made a possible of 35, dropping to 31 out of a possible of 35, dropping to 31 out of a possible 35 on the 500-yard range and gaining again on the 600 yards when he made 34. Corporal J. A. Bowen, Edmonton, and Lieut. A. Skinner, Fort William, both made possibles on the low ranges, but fell down slightly on the long shooting.

Second Series Friday.

The second series of the governorgeneral's match, open to the highest 150 competitors in the first stage, shot today, will be held on Friday morning on the 300 and 600 yard ranges. This match is one of the biggest events of the meeting, and bears heavily on the aggregates for the picking of the Bisley team. Three team trophies were shot for in conjunction with the governor-general's match, but the average scores will not be compiled until tomorrow. These are the Gordon Highlander trophy, the Jubilee trophy and the Bostock Memorial trophy.

The first stage of the MacDonald* "Brier" match was fired here this morning under ideal shooting conditions. Although only a short range—200 yards—no spectacular shooting was

Corsets That Give You Comfort and Modish Lines

It is decidedly an achievement to be well corseted on the lines demanded by one's frock and one's figure, and yet to feel so supple and unrestrained that dancing and general sports are a sheer pleasure. That these Corsets achieve this result commends them to your critical observation. Clasp around, wrap around, front lace or back laced they come—so, surely, whatever your choice, it will be satisfied here. No matter what the natural deficiencies of your figure may be, they can be overcome by wearing a correctly fitted Corset.

with no skin irritation! If you were paid for putting into words the perfect shave, you would probably define it as . . . "the cleanest, quickest, easiest on skin."

Because that's what 1000 men told us a really good shave should be. Now we ask you to judge how well we've put those three requisites into a snaving cream. At our expense. We've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap. There are 5 distinct superiorities, shaving edvantages, in Palmolive Shaving Cream. It cost us 18 months' work, 130 laboratory experiments, to perfect

them. Now judge our work. You'll find cream multiplying itself 250 times in luxurious lather. You'll find that lather softens the most unruly beard in one minute-without any irritating "rubbing in.

You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary. You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, soothed "after feel"—a result of the carefully blended palm and olive
