THE CITY.
The Sunday school of the St. An-
drew's Presbyterian church has col-
lected \$11.40 towards the relief of the
famine-stricken sufferers of India.

GEORGE BROWN, the victim of the mid-
March shooting at Colwood, is improv-
ing so rapidly under hospital care that
he will be able to tell the story in the
police court on Friday, should no unan-
ticipated change occur. Aiken, his son-
in-law, who is detained for the shooting,
has accordingly been notified to appear
for preliminary examination at the date
named.

The fourth lecture in the interesting
series arranged by the ladies of St. John's
church was given yesterday evening, the
lecturer being Rev. Mr. Sweet, of St.
James, who described in most entertain-
ing fashion a visit paid by him not many
years ago to Sandringham, the residence
of H. R. H. the Prince of Wales. The
attendance was about the average, and
great pleasure was taken by all in the
evening's entertainment.

A REMARKABLE long voyage to this
coast was completed on Monday last by
a bottle picked up at Hospital point
with a message written on it, dated the
11th January, 1896. This message de-
clared that it was cast overboard from
the steam yacht Starlight on the 20th N.,
11th S. W.—a point a little to the south
of the Aleutian islands on the Asiatic
side, and between 2,500 and 3,000 miles
from here. The finder is asked to report
to the New York Yacht Club.

DELEGATES from the Epworth League
and Sunday schools of the Methodist
church throughout the province meet at
Nanaimo on May 20. A week previous
the Methodist conference of British Col-
umbia will convene at the Black Dia-
mond city, when among those in attend-
ance will be Rev. Dr. Carman, the super-
intendent of the church in Canada, and
Rev. Dr. Potts, a distinguished Eastern
clergyman. On Monday evening next
the Epworth League of the Methodist
church will have a mock parliament.

The Sons of England and Sons of St.
George have formed a joint committee
to take measures to properly celebrate
the Diamond Jubilee of Her Majesty,
and a deputation waited on the Mayor
yesterday requesting him to call a meet-
ing of citizens for next Thursday. The
combined societies have decided to hold
a most thanksgiving service on Sunday,
June 20. The Mayor has promised to
attend and it is expected the bands of the
Imperial and Fifth Regiment will also
be present. The committee meets again
this week to consider a scheme to form
a fund to endow some beds in the Jubi-
lee hospital or to erect a monument to
Her Majesty. Invitations have been sent
to all sister societies in the province
inviting them to assist by their presence,
and aid in the carrying out of a successful
issue of the object in view.

The Garrison cricket club held its

when the proposal of the Albion's with
reference to the formation of a league
amongst the cricket clubs of the city,
was received with unanimous approval.
The following officers were chosen for
the season: Captain, Gunner Barrag-
dough; vice-captain, Corporal Glover;

The Australian mail brings evidence
of a barbarous crime in the New Heb-
rides. Mr. S. Duncan, a white trader
who reached Sydney from South Africa
last year, met his death in a very pain-
ful way while trading with the natives.
It seems the unfortunate wretch was
tied up to one of the trees for three days.
He was kept alive in such a way that
the food was forced down his throat. At
the end of the three days he was cut
down and killed and eaten, the women
even joining joyfully in the cannibalistic
feast. There was a great assemblage
from the various groups of islanders.
Duncan, it appears, was a single man,
about 33 years of age. He was evi-
dently a smart business man, and one
who could be thoroughly trusted in any
class of work. For inland service he
seemed essentially fitted. He was not
likely to make an enemy, and the great
trouble in connection with island life
was about absent in his case. Longona
island was the scene of the tragedy.
Duncan single the reef at first, and then
located on Aova island, where he col-
lected his trade stuff for the Amur to
bring to Sydney.

Duncan was a peaceable man, and his
friends at Sydney say that he would not
draw his revolver on any account. From
those who know the island he has been
the leading periodicals of the East, not-
ably one in Scribner's a few months
ago, from the pen of Frederick Foun-
taine, all of which goes to prove that
the interest aroused in the Yukon coun-
try is practically world-wide, and it re-
mains with the citizens of Victoria to
devise ways and means whereby they
may reap some benefits from the output
of the precious metals in the Yukon,
which bids fair to be something enorm-
ous.

The other matters of interest which
will form the programme to be laid be-
fore the meeting will be the president's
report of business transacted during the
quarter; to consider the expediency
of passing a resolution in connection
with the diamond jubilee of Her Majes-
ty; and the election of new members.

THE TALK OF A COUNTY
IS THE REMARKABLE CURE OF
MR. JOHN MAIERS, OF
DELAWARE.

Crippled with Rheumatism and Had to be
Wheelchair in a Chair—The Doctors
Said He Was Incapable, But He Found
a Medicine That Has Restored Him to
Health.

(From the Chatham, Ont. Banner.)
A former member of the Evening Banner
staff while enjoying his holidays in Middle-
sex county, spent some time in the quiet
estate village of Delaware, and found the
almost perfect cure of Mr. John
Maiers who conducts a market garden about
a mile north of the village. Know-
ing the old gentleman quite well, and know-
ing how he had suffered, the newspaper
man wheeled up to his home and en-
quiries into the matter. He found that
Mr. Maiers was visiting friends in Cleve-
land, but Mrs. Maiers was at home and
cheerfully told the story of her husband's
recovery. She said: "You know how Mr.
Maiers used to suffer from rheumatism
when you were here a few years ago. Well,
when he was with me, he seemed to me
to have fed him and wheel him around
an invalid's chair. He could not move his
hands, and his cries at times were be-
coming so excruciating were the pains he
suffered. For three years he was in terrible
agony, and often longed for death. The
doctors declared that his case was incurable.
Many so-called rheumatic remedies were
tried, but they gave no relief. One day
neighbor recommended Dr. Williams' Pink
Pills, and he was induced to try them. He
had taken six boxes before he found any
benefit, but then it was noticeable that he
no longer had any hesitation in continu-
ing the use of the pills. From that out he
steadily progressed. The rheumatism
pains disappeared and the stiffness left his
joints, and by the time he had used thirty
boxes he was a cured man, and mind you,
the doctors said he could not be cured. The
fact that he is now well is due to the
wonderful curative power of Dr. Will-
iams' Pink Pills, and we both have reason
to bless the day he began their use."

At a later date the writer saw Mr. Maiers,
now strong and hearty and he fully cor-
roborated the statements made by his wife.
The villagers who are acquainted with Mr.
Maiers say his recovery is nothing short of
miraculous.

Dr. Williams' Pink Pills are a tonic medi-
cine, enriching the blood and strengthening
the nerves, thus remedying the root of dis-
ease and driving it from the system. They
are beyond doubt the greatest medicine of
the 19th century, and have cured hun-
dreds of cases after all other medicines had
failed. The great popularity of Dr. Will-
iams' Pink Pills has caused unscrupulous
dealers to imitate them extensively, and in-
tending buyers are urged to see that every
box is enclosed in a wrapper bearing the
full registered trade mark "Dr. Williams' Pink Pills for Pale People." Pills colored
pink, but sold in loose form by the dozen,
hundred or ounce, or taken from glass jars,
are fraudulent imitations and should always
be refused no matter how plausible may be
the story of the interested dealer offering them.

GIVE THEM THE EARTH.
TO THE EDITOR:—The West Kootenay
power and light bill, No. 10, which has
been re-committed for amendment, prior
to its second reading, seems to me to re-
quire very careful consideration before
its final passing. Private bills having
for their object the introduction into
this province of outside capital to be de-
voted to a particular undertaking, should
give every possible latitude that may be
beneficial to a useful, but private bill
which virtually gives a blanket char-
ter for three or four kinds of under-
takings over a radius of country fifty
miles in extent should be hedged around
with every possible safeguard that will
prevent an infant municipality from
finding itself in the grasp of monopoly.

It is now more than four years since
Victoria had a dog and poultry exhibi-
tion, although the last one held, in the
Market hall, was one of the best shows
that has ever been produced on the Pa-
cific Coast. Nanaimo has had an excel-
lent local display this spring, and now
the Victoria fanners are in conference,
with the hope that an exhibition may
be arranged for early June under the
auspices of the American Kennel As-
sociation. It is remarkable that the last
Victoria exhibition the finest Irish set-
ters in all the world were shown by home
breeders, Mr. G. A. Porritt taking sev-
eral second prizes with his best set-

the great bench shows of the world, win-
ning in one season upwards of \$20,000
for their owner.

The steamer Mexico completed her

that was scarcely a pleasant introduc-

almost without interruption on the up-

sighted at about half-day, apparently
resting easily, and with men busy en-
