OF CHINESE SCHOLARS Did Matter Once-More Brought to Attention of School

AGAIN URGES CLAIMS

Board

Once again the question of the Chi-nese in the city schools was brought to the attention of the school board at last night's regular meeting by a lengthy communication from Hon. Fred. Peters, who in the past has acted as counsel for the parents of some of the Chinese boys who, by the action of the board, were at first debarred from attending the city schools. Sub-sequently the board agreed to allow sequently the such Chinese children as are native born the privilege of attending school. Mr. Peters Mr. Peters contends that under this pressed by the department that the ston street school was referred to aumber of Chinese children who are not allowed to attend school though ness for the ceremony the beginning. In view of the fact that the agree-

number of Chinese children who are ness for the ceremony the beginning their fathers are tax payers and he rest fathers are tax payers and he rest for the ceremony the beginning of the fall term. In 1907, between the month of May and the end of August, a number of Chinese boys all of whom had arrived here from China during the period last mentioned made appli-cation for a permit to attend the prim-ary schools in Victoria. Fifteen of them were refused admittance. On the 30th of August, 1907, the board of school trustees for Victoria passed the following resolution, "that no pupils be admitted to the schools until they can so understand the Eng-

The matter will b point, for the great with Mr. Eaton that the boys would be admitted in January, 1908, if they didd, an application was again made for the admission of the boys who had formerly been refused. On this action a new ground was taken, and on the 8th of January, 1908, a resolution was passed by the board as follows: "The chairman reports that about twenty-seven Chinese children hare applied for admission to the schools, On motion of Trustee Lewis, second-ed by Trustee McKeown, permits are greater the asset possess.
