# House Cleaning Time.

Don't Fail to have the most Impor-tant part of your House Clean-ing Done, viz: Feather Beds, Pillows & Mattrasses,

BONNEY'S Patent Steam Renovator

The most important features are:-First It removes all imjurities and glutinous matter, which is the principal cause of feathers matting, and is the prime agent. In the generation of moths, and by this process it thoroughly cleaners the leathers and annihilates both moth and parswite, from which one bed in one innered is freed,

Second. It renders the feathers fresh and healthy, and gives to old feathers the appearance and essential qualities of new ones.

Third It increases the sixe of the feathers, so that two good bees will often make a small bed or a pair of pillows extra.

Our facilities are such that at short notice we Our facilities are such that at short notice we can take and return beds cleaned and read for immediate use, for
