MAY EXTEND ATLANTIC REGION

St. John Hears That C.N.R. Management Now Favors Such Extension.

St. John, April 18.—A report which has gained considerable strength during the last two or three days is to the effect that the C.N.R. management has decided to extend the Atlantic division of the railway, with headquarters at Moncton, to Riverview, N.B., via the original route. The fact that a proposed conference arranged between Sir Henry Thornton and a representative of the Maritime Provinces principally to discuss the question has been postponed from April 18 to April 24, is taken by some as an indication that something is in connection with the development, but not ready for announcement. If such was the case, the report certainly has been checked on, it is expected that a definite statement should be made in the near future.

At a meeting of the Red Cross and District Health Committee held Tuesday evening the preliminary plans were made for a great drive for members for the local Red Cross, and it is hoped that one thousand members will be added at \$1.00 each.

BISHOP RICHARDSON ON PROHIBITION

Says He Believes No Mistake Has Been Made in Adopting Prohibition.

St. John, April 18.—Bishop Richardson delivered his charge to the Synod on Tuesday. His Lordship, speaking for himself, as he pointed out, again declared himself in favor of Prohibition. "More firmly than ever, I am persuaded that the Province of New Brunswick made no mistake in placing upon the Statute Book a prohibitory law," he said.

MANY HEAR MISS MEIKLEJOHN

Interesting Meeting Held in Town Hall Monday Evening.

The Town Hall was well filled Monday evening, citizens having gathered to hear Miss Meiklejohn, Director of Public Health Nursing Service. Her Worship Mayor Mackay occupied the chair and in a few brief remarks welcomed the citizens to the first public meeting in their new hall. He called upon Dr. Pinault to give an address and Dr. Pinault responded by making a report on the Red Cross Society's work for the past year. This report is published in full in another column.

WAX WORKS SHOW SCORES A SUCCESS

Large Audience Pleased With Mrs. Ray Ferguson's Latest Effort.

Mrs. Ray Ferguson presented "Mrs. Jarley's Famous Wax Works Show" at the Opera House here on Thursday night of last week, and added a fresh laurel to her reputation as a director of amateur theatricals and an organizer and trainer of juvenile talent. The whole performance, which was a different thing to stage, was most admirably enacted by a large cast of little folks and gave abundant evidence of Mrs. Ferguson's exceptional skill and good judgment in this kind of theatrical work. The different scenes of the Wax Works Show were punctuated with appropriate music and dance specialties of the most lively and entertaining character. The whole tone of the performance was of a fine order and reflects much credit on all those who contributed towards its success.

RETAIL MERCHANTS ARE ORGANIZED

Meeting Held Here Tuesday Afternoon Effect Reorganization of Society.

The retail merchants meeting was held in the curling rink here Tuesday afternoon and was largely attended. A. A. Andrew was chosen chairman and Miss F. P. Alward provincial secretary, acted as secretary of the meeting. Matters pertaining to the work of the Retail Merchants Association were discussed and it was decided to re-organize the Campbellton branch.

NO TRUTH IN WATER RUMORS

Steps Have Been Taken to Maintain Sanitary Conditions Along Brook.

According to positively authentic information, the many wild rumors concerning the town's water supply, which have been in circulation for the past week are absolutely groundless. It was reported that a quantity of water from the Walker Brook had been sent to St. John for analysis and that it had been found, when tested, to contain both typhoid and diphtheria germs. Such is not the case. No water has been subjected to a test and the story about germs is merely nothing more serious than the figment of some creative imagination. Moreover, it is the belief of those most familiar with the conditions which would affect the town's water, that so far no foreign water which might carry drainage from barns, etc., has been running into the brooks. Conditions along these brooks are the same this year as have always existed. The railway has been using water from the Walker Brook for approximately fifty years and no complaints as to it being unsalubrious have yet been registered. The town pump is taking water at a point which is quite remote from any stables and where poisonous drainage has no easy access.

MUST HAVE PERMIT TO ENTER WOODS

New Dept. Public Works Jan. 23 to Get.

People entering forests between May 1 and November 1 this year must register. The Royal Gazette contains a proclamation issued by the Minister of Lands and Mines under authority of the Forest Fires Act, 1922, in which all forest land in the Province of New Brunswick is proclaimed "a protected area" with the following regulations: No person may enter upon any forest land after May 1, 1923, until November 1, 1923, for the purpose of traveling, camping, fishing or picnicking, or for other purposes without first having registered with a local fire warden, councillor, game license, vendor, or other person duly authorized giving his name dates, and having obtained a registration certificate. Such certificate shall be produced when requested by any fire warden or other authorized person, provided that the following persons or companies shall not be subject to the above regulations, namely: licensees or owners of forest lands entered upon, or to their employees, or to the fire wardens, fire fighters, land surveyors, or to persons accompanied by registered guides or holders of hunting, fishing, guides or mining licenses. All persons, shall when requested by any fire warden show their license and give the above mentioned information regarding their stay in the forest.

DISORDERS BREAK OUT IN BERLIN

One Killed and Seventeen Injured in Unemployed Demonstration.

Berlin, April 18.—One man was killed and 17 men were injured in disorderly demonstrations of the unemployed at Muelheim, in the Ruhr today. When the demonstrators were dispersed they tried to storm the town hall with clubs and pistols, but were beaten off by the German authorities. Intervention by the French troops was not required, the advice state.

FORD HAS BALANCE OF OVER \$200,000,000

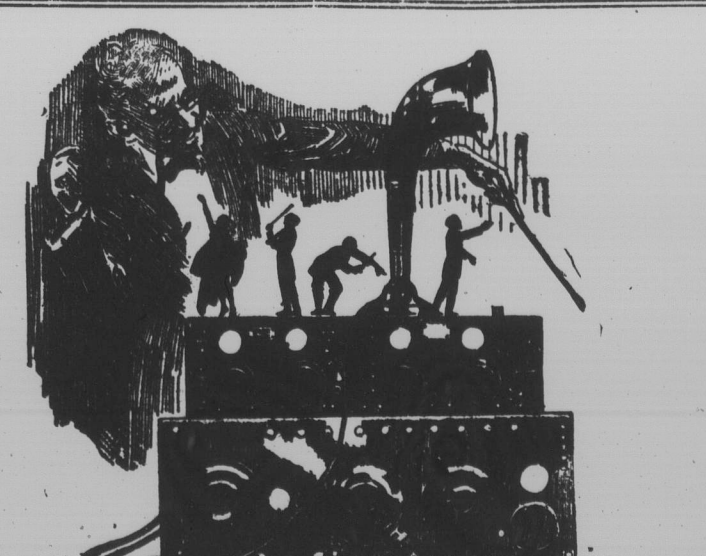

Enormous Expenditures Did Not Affect Reserve.

New York, April 18.—Ford Motor Company has a cash balance of more than \$200,000,000, according to an interview with Henry Ford, published by the Wall Street Journal here today. An enormous sum of money paid out in the purchase of coal and timber lands, water-power sites and branch plant investments came out of the current earnings and did not affect the cash reserve, Ford was quoted as saying: "As yet we have not thought of borrowing any money," Ford added.

MORE C.N.R. DIVISION RUMORS

Reported That Atlantic Division Will Be Extended to Montreal.

A report which has gained considerable strength during the last two or three days is to the effect that the C.N.R. management had decided to extend the Atlantic division of the railway, with headquarters at Moncton, to Riverview, N.B., via the original route. The fact that a proposed conference, arranged between Sir Henry Thornton as a delegation from the Maritime Provinces principally to discuss this question, had been postponed from April 18 to April 24, is taken by some as an indication that something is in connection with the extension of the division was developing, but it was not ready for announcement. If such was the case and the reported extension has been decided on, it is expected that a definite statement should be made in the near future.
