

DOCTOR BRIGHAM SAYS

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's
Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and restorative ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female illness, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties."

"My oldest daughter found it very beneficial for female trouble some time ago, and my youngest daughter is now taking it for a female ailment, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulence), weakness of organs, displacements, inflammation or ulceration can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed, write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham, and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female illness. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

WATFORD, JUNE 22, 1906.

Good Farm Prices Promised.

A sharp rise in grain futures has been brought about at Chicago by crop damage reports from the middle and southern states. In instances the condition of the wheat crop has been lowered over ten per cent. in the month and that of oats in even greater proportion. During the early portion of the season a period of drought caused anxiety, but this was relieved by rainfall, which in turn developed in sections into a deluge. In parts of Texas fields of grain are practically floating and the extent of damage is hard to estimate. Canadian grain prices have responded to the up turn in the American markets and both Ontario and Manitoba wheat are firmer at higher quotations. Reports from the Canadian west thus far are good. In Ontario a certain amount of winter damage is beyond repair, but the weather conditions latterly are favorable to crop development. As far as can be seen at present another year of good prices for cereals is promised. The British grain markets had a steady firm undertone which can only be varied by some unusual happening. Reports from Russia promise a larger wheat crop from the southern districts than that of last year, but against this there is a small Argentine exportable surplus. For many years Europe received from 150,000,000 bu. to 200,000,000 bu. of wheat from the United States. In 1904 this was brought down to one third of this amount and

last year barely half. The continually larger consumptive demand of the States will make larger inroads on the exportable surplus, and it is but a question of time when Europe will have eliminated the States from its list of granaries. Firm prices for wheat naturally to stimulate the prices of other grains, and it begins to look as though the Canadian farmer will have a ready and profitable market for this season's grain crops.—World.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address P. J. CHENEY & Co., Toledo, O. Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

Man's Life is Full of Troubles.

Man that is born of his parents is of few days and full of microbes. He goes to school when a youngster and gets the seat of his pants paddled for something he didn't do until he is sick at heart. He grows up like a weed in a back yard, and soon reaches the age when he is composed largely of feet, freckles and an appetite for pie. About the time he gets too long for short trousers and not long enough for long ones he goes to college, learneth how to monkey with a three dollar mandolin and play whiskey poker. He cometh home a bigger fool than every and marrieth a sweet young thing whose pa is supposed to be wealthy, but whom he subsequently ascertaineth, couldn't buy the prize rooster at a county fair. He worrieth along from year to year gradually acquiring off-spring, until his house resembles a Sunday class just before Christmas. He fretteth through the day and lieth awake nights trying to figure out how to keep himself and his dependent population out of the poorhouse. Efforts are rewarded by having his daughters run away and get married and bring home a nice son-in-law every few days to feast at his board. His sons grow up and call him governor and set him back a five spot every day or two. About the time he has acquired enough lucre to make it worth while for his heirs to quarrel over, he contracts a cold and is hurried away before he has time to have a talk with his family. His sons blow in his estate on bad whiskey and plug hats, and his wife puts the finishing touches to his career by marrying the hired man.

Parents buy Mother Graves' Worm Exterminator because they know it is a safe medicine for their children and an effective expeller of worms.

A big gang of G. T. R. workmen are now extending a switch at the Stratford yards. The two grain elevators have been moved back a considerable distance.

Miss Bradbury has filled the position of librarian in the Forest library for sixteen years. During that period only six books were missing from the library.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Gil Monroe's whey express had a runaway last week. The wagon was upset, and the road sprinkled with dairy juice. Gil picked out a soft spot to land.

A ton of steel made into hair-springs for watches is worth about \$7,000,000—same weight of pure gold.

The Song of the Hair

There are four verses, Verse 1. Ayer's Hair Vigor stops falling hair. Verse 2. Ayer's Hair Vigor makes the hair grow. Verse 3. Ayer's Hair Vigor cures dandruff. Verse 4. Ayer's Hair Vigor makes the scalp healthy, and keeps it so. It is a regular hair-food; this is the real secret of its wonderful success.

Increased Cost of Living.

No wonder the housewife now demands an increased allowance for table and other domestic expenses. The cost of running a house is steadily advancing. Dun's Index Number shows that commodity prices in the month of May reached a new high record for a period of over twenty-two years. The principal alterations during the month were in breadstuffs, dairy and garden products. Building materials are higher to day than at any time since 1874. Dun's publication figures it out on the per centum basis that the total cost of all commodities in most common use is now 106.79, as compared with 98.75 on June 1, 1902. This indicates a remarkable advance in the past twelve months.

A Bad Bruise.

Often causes a good deal of trouble. The best cure is a prompt application of Nervine which instantly stops the pain, prevents swelling, removes all blackness and discoloration. Nervine is antiseptic—prevents blood poisoning. No liniment so strong, so penetrating, so swift to destroy pain. You miss a lot of comfort by not using Polson's Nervine. For nearly fifty years it has been the standard family liniment of Canada.

Weak on The Three R's.

Reading, writing spelling we say it regretfully, are no longer thoroughly taught in the public schools; laments the Philadelphia Record. The trustees of Cooper Union, in New York, declare that the young men and women who come to them for instruction in telegraphy, stenography and typewriting, though of good ability and general information, are lamentably deficient in the fundamentals of the English language. They especially cannot spell. Out of thirty or forty words in ordinary use sometimes one-half or even two-thirds are misspelled. "This experience of the trustees nearly every newspaper publisher will stand ready to avouch from sore experience," adds the Record. "The common schools no longer teach the common rudiments."

A WIDE SPHERE OF USEFULNESS.—The consumption of Dr. Thomas' Electric Oil has grown to great proportions. Notwithstanding the fact that it has now been on the market for over thirty-one years, its popularity is as great as ever, and the demand for it in that period, has very greatly increased. It is beneficial in all countries, and wherever introduced fresh supplies are constantly asked for.

Are you a success as a bread-maker? Is your cake and pastry complimented by your friends?

If not, whose fault is it—yours or the miller's. If you are successful in other lines, your reputation as a cook is vindicated, and it is plainly the fault of the flour.

Look up the good bread and pastry makers of your acquaintance and get their flour experience.

You will find that most of them are using

Royal Household Flour

gladly paying a little more per barrel for it and getting for that extra cost a purer, better flour. For bread or pastry, it has no equal.
