NEW STRENGTH FOR WEAK STOMACHS

Indigestion Disappears When The Blood Is Enriched.

The urgent need of all who suffer from indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. In this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach, and it accounts for the speedy relief in stomach disorders that follow the use of Dr. Williams' Pink Pills. The appetite revives, food can be taken without discomfort and the burden and pains of indigestion are dispelled. Miss Mollie Averill, Clantonville, Man., proves the value of these pills in cases of this kind. She says: "Some years ago I had a terrible attack of stomach trouble. My stomach rejected all food and I could not even keep down a light custard. I tried some tablets recommended for dyspepsia, but they did not do me a particle of good. Then I got medicine from a doctor, but with no better results. By this time I had changed from a robust, healthy girl to a complete skeleton, losing flesh daily. Then my parents asked me to try Dr. Williams' Pink Pills and I began their use. After taking them for a short time I began to feel better and continued the treatment until I was completely restored to health. Since, on rare occasions when I have felt the need of a tonic, I turn to Dr. Williams' Pink Pills and they never disappoint me. Most members of our family have at some time taken the pills with good results, so I now always recommend them to all in need of a reliable tonic."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
