At the regular meeting of Union Lodge, No. 380, London, on the 12th ult., the brethren took advantage of the opportunity of conferring honor on two of their most deserving members, viz., Past Master W. Bro. E. R. Robertson and W. Bro. Dr. Street, both of whom were made the recipients of beautiful Past Master's jewels, of solid gold, purchased and engraved at Mr. F. T. Trebilcock's establishment. The addresses and replies were in keeping with the occasion. After the lodge adjourned the company retired to Bro. Frank Campbell's, where additional honors were conferred.

The annual convocation of Richard Cœur de Lion Preceptory, No. 4, K. T., was held on the 9th ult., a large number of Fratres being in attendance. After routine business, the following officers were elected for the year:—Eminent Preceptor, Sir Knight J. B. Smyth; Em. Sir Knight Dr. Tutton, P. E. P.; Constable, Sir Knight John Ferguson; Marshal, Sir Knight T. Brock; Chaplain, Em. Sir Knight A. G. Smyth; Treasurer, Sir Knight W. R. Vining; Registrar, Sir Knight John S. Dewar; Sub-Marshal, Sir Knight Wm. Thornton; Tyler, Sir Knight F. J. Hood. After the adjournment of the Preceptory, the Fratres were entertained to

an oyster supper at Em. Sir Knight Hawthorn's Hotel, where an exceedingly pleasant time was spent in social intercourse. Among the visitors were P. E. P. Sir Knight J. B. Bishop, of Godfrey de Bouillon Preceptory, Hamilton, who was received in knightly style by the London Fratres.

PAY UP OR TAKE THE CONSEQUENCES.

Notwithstanding our pointed remarks last month in regard to a large number of our subscribers failing to meet their obligations to us, very few have taken the gentle hint sufficiently to heart to induce them to remit the small amount of their indebtedness. They evidently either failed to read our complaint, or looked upon it as a huge joke. The idea of a publisher—and particularly the publisher of a Masonic publication—being so poor as to require money with which to conduct his business, to some, is so utterly ridiculous, that we are not surprised at the result. It is a common belief with a great many that publishers are born rich, and take a pleasure in squandering their superfluous wealth for the benefit and edification of their fellows,—or if they do not inherit great wealth, they make an immense fortune immediately they become connected with the publication of a journal of any kind. Then it is that many wealthy and *influential* men become subscribers,—just to help the thing along,—and show the publisher his efforts are appreciated,—*but they don't pay anything!* The immense weight of their patronage should be sufficient remuneration.
