The New-Century Publication
WORLD WIDE.

A Weekly Reprint of Articles from Leading Journals and Reviews
Reflecting the Current Thought of Both Hemispheres.

As many of the ablest writers are now engaged in journalism, much writing of the highest quality in matter and style is fugitive, seen only by the readers of each particular newspaper, and by them often lost before it is read. Much of such writing is only of local and very transient import, but much is of more permanent and world wide interest. It is proposed to fill the pages of 'World Wide' with articles and extracts of this latter class, with occasional selections from notable books and scenes from striking stories. An effort will be made to select the articles each week so that due proportion will be given to the various fields of human interest—to the shifting scenes of the world's great drama, to letters and science and beautiful things.

It was at first intended to publish 'World Wide' upon fine paper at a higher cost, but recalling the long list of elegant publications which in the past have been started in Canada, only to fail, and reflecting that good taste in literature does not always imply the means to pay for costly journals, and that people of taste can be relied upon to appreciate literary excellence on the plainest sheet, it has been decided to offer 'World Wide' at the lowest possible price, in order to give all who desire good reading an equal opportunity.
