

## COMMERCIAL COLLEGE St. John and Halifax.

To Prepare Students for Business of all kinds, by an actual Business System of Training, which has been perfected by the ablest Business men in Great Britain and America.

This system has been adapted to the wants of the general community. Every man should acquaint himself with Business as much as possible before engaging in any undertaking of importance, for it gives him confidence in his own abilities.

To accomplish this perfectly, we combine Theory and practice—a short time in theory (say three weeks) and you pass to the Practical Department, where you buy, sell, barter, ship, discount, draw drafts, bills of exchange, notes, checks, make deposits, &c., &c. The system is conducted upon actual business and scientific principles.

Full course, time unlimited, ..... \$10.00
