The death of Mrs. Marion Pollok, a member of Eaglesham Church, has snapped an interesting link with the past, she having been the sister-in-law of the au-thor of "The Course of Time." Her maiden name was Mather, and she passed away in her eighty-seventh year.

By a codicil dated 29th April last, the late Sir William Mackinnon revoked legacies in his will to the Free Church amounting to \$225,000 because of "its departure in many ways from the con-stitution and principles of the Disruption Church of 1843, and last of all, by its acceptance of what is now known as the Declatory Act, which would in his opinion have a baneful effect on the Church's future usefulness."

Gentlemen:

I may say in regard to St. Jacobs Oil, that I have known it to be in several instances most efficacious, it having we firmly believe prevented a sister from developing spinal complaint; we, there-fore, never fail to speak most highly of it.

I remain, Gentlemen, Yours sincerely. Marion Vincent.

Mrs. C. J. WOOLDRIDGE, of Wortham, Texas, saved the life of her child by the use of Ayer's Cherry Pectoral.

use of Ayer's Cherry Pectoral.

"One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe, Realizing that the child's alarming condition had become possible in spite of the medicines given, I reasoned that such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the honse, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."
