While he gave all honour to the many leal hearted men and the honourable women not A NEW HOME TREATMENT FOR THE CURE OF a few, who are untiring in their efforts on behalf of the Fund, he told the Assembly plainly what were some of the obstacles which have held back the scheme for years from reaching that success which it ought long since to have gained. It was proposed by a committee, appointed last year to consider the matter, that instead of being calculated, as it has hitherto been, either by the number of communicants in a congregation, or the number of stipend payers, whichever produces the lowest figure, it should be solely on the basis of the number of stipend-payers. A debate of considerable length took place in regard to this proposal. On the one side the necessity for resorting to strenuous measures to drag the lagging chariot forward was urged. On the other there was pointed out clearly the other there was pointed out clearly shocken. Cures effected by him seven years a few, who are untiring in their efforts ging chariot forward was urged. No Universal Remedy

has yet been discovered; but, as at least four-fiths of human diseases have their source in Impure Blood, a medicine which restores that fluid from a doprayed to a healthy condition comes as near being a universal cure as any that can be produced. Azer's Sarsaparllia affects the blood in each stage of its formation, and is, therefore, adapted to a greater variety of complaints than any other known medicine.

Boils and Carbuncles,

which dely ordinary treatment, yield to Ayer's Sarsaparilla after a comparatively brief trial.

Mr. C. K. Murray, of Charlotteaville, Va., writes that for years he was af-flicted with boils which caused him much suffering. These were succeeded by carbuncles, of which he had several at one time. He then began the use of Ayer's Sarsaparilla, and after taking three bottles, the carbuncles disappeared, and for six years he has not had even a plinple.

That insidious disease, Scrofula, is the fruitful cause of innumerable complaints, Consumption being only one of many equally fatal. Eruptions, ulcers, sore eyes, glandular awellings, weak and wasted muscles, a capricious appetite, and the like, are pretty sure indications of a scrofulous taint in the system. Many otherwise beautiful faces are disfigured by pimples eruptions, and unsightly blotches, which arise from impure blood, showing the need of
