The Successful Physician . . .

Never takes any chances. He looks out for the little things, because he knows his reputation depends upon them. He doesn't hesitate to recommend this article or that simply because it might be a "free advertisement." He knows his success is founded upon results, and nothing but the best means to reach the best results will satisfy him.

Seeley's Hard Rubber Trusses are *decidedly* better than any other hard rubber truss. They are *vastly* better than any elastic truss we can make, or that anybody can make. This is not merely our own opinion. Such men as Profs. S. D. Cross and D. Hayes Agnew used and complimented Seeley's Hard Rubber Trusses. Any physician can safely do likewise.
