FOREST, ONT., JANUARY 23RD, 1894.

NORTH AMERICAN MILL BUILDING CO.,  
STRATFORD, ONT.

GENTLEMEN,

The mill that you completed for us last November started up and run ever since without any changing. We find the mill turns out easily 135 barrels in the twenty-four hours, although the contract called for only 100 barrels.

Now, we do not believe in puffing up a firm too much, but in this instance, after our experience of twenty years' milling, we have to confess that in your cleaning machinery, rolls and separations you certainly stand at the head of the list of all mill-builders. If anyone does not credit this, let them come to Forest, and we shall be pleased to show them through a model mill both in equipment and manufacturing. If your firm continues under the same management, we feel satisfied no one will regret to leave their order with you as far as first class machinery and fair-dealing goes.

Yours respectfully,

NEIL McCAHILL & CO.
