Ayer's Cathartic Pills,

Perhaps no one medi-Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and fur more effectual remedy than any

the system. With such change, those complaints disappear.

For Dropsy and Bropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach and howels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derungement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Ayer's Hair Vigor,

For restoring Gray Hair to

its natural Vitality and Color. A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the bur where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Those who have not, know that it cured them; those who have not, know that it cured them; those who have not, know that it cured them; those who have not, know that it cured them; those who have not, know that it cured them; those who have that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificatos of their remarkable cures of the following complaints, but such cares are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. ITheir sugar conting preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangoments as are the first origin of disease.

Minute directions are given in the wrapper on the hox, for the following complaints, which these Pills rapidly cure:—

For Dyspepaik or Indigeation, Listlessness, Languer and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billious Headlache, Sick Heudlache, Jaundice for Green Sickness, Billious Colic and Billious Fevers, they should be indiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Bysechery or Diarrhoea, but one mild doss is generally required.

For Rheumatism, Gout, Gravel, Paipitation of the Heart, Pain in the Side, Back and Loisa, they should be continuously taken as required, to change the diseased action of
