JOHN PARK begs to call the attention of the trade to the Whiskies manufactured at the above establishment, which for strength, purity, and flavo are unequalled by anything made in this country. They are well known and in great demand throughout the whole of Canada, being shipped in arge quantities to Liverpool, and Lon-den, England, where they are much at proved.

Grocers, Wine Merchants and Dealers generally, should lose no time in giving them a trial. There are many instances of storekeepers doubling their sale in a very short time by introducing these colubrated whiskies.

The trade can only be supplied through me at the depot, where all ords s will be promptly attended to.
