Dear Sir,

May I be permitted to call your attention to the enclosed two clippings from L'Action Catholique of Quebec City.

I had prepared a "mise au point" for that paper and was ready to mail it when on the second of November appeared the second news item: "L'Art Dentaire", which disarmed me completely.

I am very anxious at this time, to learn from you Sir, if the ~~comprise~~ <sup>Compromise</sup> referred to in L'Action Catholique is an accomplished fact. If it is not, will you authorize me to publish you denial of its authenticity?

Yours respectfully,

*Yves Olivier*

of Dental Surgery.
