ALLIANCE ENDORSES LIBERALS' CHOICE

Temperance Party Pledges Itself to Support Chamberlain in E. York.

At a meeting in Willard's Hall, Gerrard street, yesterday, with F. S. Spence in the chair, the members of the Dominion Alliance by resolution pledged themselves to support Albert Chamberlain as a Liberal candidate at the by-election in East York.

When the resolution had been carried, Dr. McTavish, field secretary of the alliance, said that it was not enough to endorse a candidate, but that there should be an offer of help. At the North Grey election, he said, Mr. McQuaker had been offered assistance, but he had not accepted it.

"If the Liberal party will put up a candidate who stands four square on the temperance issue," said Dr. D. Munro, "there will be something doing."

It was impossible, he thought, to expect the temperance Tories to vote for a Liberal candidate unless he was a strong temperance man.

Among these present were the Rev. George Washington, Stouffville; J. S. Ferguson, Thornhill; W. F. Lawrence, Toronto; J. S. Shenstone, Toronto; J. K. Benon, Toronto; Rev. D. Munro, Toronto; Rev. J. McKendry, Providence; A. Roadway, Stouffville; Rev. M. Bricker, Stouffville; Rev. D. R. Strangways, East Toronto; H. Everist, Scarboro; P. P. Crosby, Markham; T. A. McGee, Eglinton; R. Cowan, Toronto; D. W. Raymer, Armadale; F. S. Spence, Toronto; Rev. T. A. Rogers, East Toronto, and Fred Wilson, Stouffville.

TAXES REDUCED IN EARLSCOURT

But Some Property Owners Are Not Satisfied With Reductions.

Earlscourt property owners brought a lively grievance to the court of revision yesterday. Earlscourt came into the city in 1910, with its assessment fixed until a sale of property was made. Those who have bought property there since annexation find that the assessment is considerably higher than the property that has not yet changed hands. One man may be assessed $2 a foot and his neighbor $20.

Chairman Drayton and his colleagues have a wearisome time explaining the anomaly. They have considered the situation from the standpoint of people the hardest hit, and have reduced assessments freely. The reductions as a whole do not make much difference to the total revenue from taxes, but they help the men who really need it. The board have concluded that a policy consistent with that of exemptions from business tax would, if applied to homes owned by laborers, create a much larger number of home-owners among the wage earners.

WHITBY.

On Thursday a public reception will be held in the high school and public schools to enable all ratepayers interested to inspect the classrooms and get some idea of the work done by the children. Each school will be open from 1 p.m. till 6 p.m., and caretakers and trustees will be present to show visitors thru the schools.

The new 60,000-gallon water tank now being erected at the C.P.R. station will be the first point of water supply east of Toronto. The water used by the railway company will be a service of considerable revenue to the municipality.

Work has also been started on the new C.P.R. station and freight sheds.

FIFTEEN BOOTHS OPEN IN E. YORK

Registration for Forthcoming By-Election Commenced Yesterday.

Fifteen registration booths were opened yesterday in the riding of East York within the city limits. They are as follows:

District No. 1 (the upper end of the town of North Toronto)—at 82 Ranleigh avenue.

District No. 2 (southwest district of North Toronto)—At 2293 Yonge street.

District No. 3 (south central district of the former town)—At 2094 Yonge street.

District No 4 (southeast district of North Toronto)—At 197 Mount Pleasant road.

District No. 5 (east Deer Park)—At 1639 Yonge street.

District No. 6 (Moore Park)—At E. W D. Butler's house, corner Rosehill avenue and Grace terrace.

District No. 7 (west part of Chester)—At 2 Don Mills road.

District No. 8 (east part of Chester)—At 324 Danforth avenue.

District No. 9 (northwest part of Midway)—At 1523 Danforth avenue.

District No. 10 (southwest part of Midway)—At 148 Rhodes avenue.

District No. 11 (southeast part of Midway)—At 1 Battenburg avenue.

District No. 12 (west part of former East Toronto town)—At 2190 East Gerrard street.

District No. 13 (northeast part of East Toronto town)—At 333 Kingston road.

District No. 14 (southeast part of East Toronto town) — At 8 Main street.

District No. 15 (Balmy Beach and Victoria Park)—At 46 Beech avenue.

First Registration Day.

Yesterday was the first day of registration and it will continue on Tuesday, Wednesday and Saturday. The booths will be open from 10 a.m. till 1 p.m.; 2 p.m. till 6 p.m.; 7.30 p.m. till 9 p.m.

Everyone qualified must register unless his name is already on the printed list. A change of residence from one part of the riding to another will not necessitate registration. The qualifications are that the applicant must be a British subject, 21 years of age, or must have been in Canada for a year. Also in Toronto for at least three months and in some part of East York for at least 30 days.

Residents in the old town of North Toronto and in the Moore Park district whose names are on the voters' list (part 1) as manhood franchise voters, must nevertheless register as the part 3 section of the printed list was wiped out on annexation to the city.

WARD SEVEN

Contrary to expectations of hundreds of motorists wha have been accustomed to use High Park avenue as a shortcut to or from the park, the road is still in an impassable condition, and from appearances will not be open until after Exhibition is over. When the work of paving was commenced, nearly a month ago, everyone expected that the end of August would see the work completed, but the wide street is now blocked to traffic from the Bloor street gates as far north as Humberside avenue, and from Conduit street only the concrete substructure is as yet laid. The street will be greatly improved, however, when the new pavement, which is similar in construction to that lately put down on University avenue, is finished.

The Young Men's Bible Class of the Victoria Presbyterian Church held a minstrel garden party last night on the lawn of T. J. Sheppard, Lewis street. The social, which was a decided success, was postponed from Friday evening.

ENVOY LIND IS LEAVING TODAY

No Hint Given of Resumption of Negotiations Between United States and Mexico.

MEXICO CITY, Aug. 25.—(Can. Press).—President Wilson's personal representative, John Lind, will leave the Mexican capital tomorrow, proceeding to Vera Cruz.

Mr. Lind called on Foreign Minister Gamboa today to say good-bye; but there was nothing in their conversation regarding the resumption of negotiations or to indicate that Mexico would recede from her position.

Mr. Lind will sail from Vera Cruz at an early date, presumably on a battleship. It is expected that William Bayard Hale, who has been in Mexico City in an official capacity, will accompany Mr. Lind, or leave soon afterward.

Rumors persist that Gen. Trevino, who has been summoned to the capital, will become provisional president, but confirmation is lacking, and this report is offset by another that Gen. Huerta has called in most of the retired officers and many of those on detached service to report for duty.

Gen. Felix Diaz, who is on his way to Japan as special Mexican ambassador, is also said to have received a summons to return to the capital.

STOLE FROM FRIEND.

Fautantine Lafontaine was arrested by Detective Cronin last night, charged with stealing $43 from the pocket of a fellow countryman at 40 Teraulay street.

CAPT. MITCHELL TROPHY WINNER

Toronto Man Victor in McDougall Match, Big Opening Day D. R. A. Event.

OTTAWA, Aug. 25.—(Can. Press)—The weather conditions which favored the tyro match in the morning were less satisfactory for the McDougall match of the afternoon today at the opening of the Dominion of Canada Rifle Association meet. The McDougall is at 600 and 200 yards, and the longer range was fired before lunch. There was a rear fishtail wind, that kind which the riflemen hold in great fear but in little favor, the kind that baffles many, but it could not stop the high score.

Capt. Thomas Mitchell of Toronto, that great shot, who for years has always been one of the high scorers, and who came first in the governor-general's a few years ago, won the McDougall with a score of 69. Major King of Bowmanville was second with a score of 68.

The Harold L. Borden match was fired in the afternoon, but the results were not announced.

Over 800 riflemen are in attendance at the meet.

Chief winners in the McDougall match are:

Cup and $25—Capt. T. Mitchell, R.L., 69. $20—Major King, 46th, 68. $18—Sergt. Stephenson, R.C.R., 68. $12 each—Corp. Dorking 91st, 68, and Pte. H. Richardson, 13th, 68. $10 each—Capt. J. Slater, 6th D.C.O.R., 68; Major P. Jardine, 29th 68; Cadet P. Landrigan, P.M.C.C., 67; Lieut. W. H. Semple, 76th, 67; Pte. Riddell, 48th, 67.

$8 each—Major McNaughton, Tidsbury, 67; Pte. T. Young, 48th, 67; Sgt. W. A. Smith, G.G.F.G., 67; Lt. S. Bennett, 63rd, 67; Col. Slatter, 12th, 67; Sgt. M. Ridge 79th, 67; Capt. H. Dunbar, 78th, 67; Bds. R. R. Ross, 100th, 67; Maj. W. Davidson, M.A.R.A., 66;

SHORT COVERING BROUGHT A RALLY

Sharp Advance in Spanish River and Macdonald in Toronto Exchange.

GENERAL LIST WAS FIRM

Offerings Were Scanty and Demand Readily Brought Better Prices.

A marking up of prices against the shorts in Spanish River and Macdonald was the chief factor in the Toronto Stock Exchange yesterday. Elsewhere the market was dull, with restricted trading and narrow fluctuations in evidence. Meanwhile the undertone held moderately firm, half a dozen small advances plainly indicating the strength of the situation.

It had been freely reported on "the street" that there was an extensive short interest in Spanish River and Macdonald, in fact, it was generally believed that the recent acute downturn was due to the operations of the bears, who took advantage of the vulnerable condition of the two securities. It was, therefore, only natural to find them overstepping themselves and running for cover. Spanish River was marked up a full 4 points to 20½, which gave a total advance of some 7 points from the recent low level, and while the price dipped below 20 again during the afternoon, the bids were raised again to the high quotation at the close. At the same time Macdonald was moved up to 28¾, a full 4 points above last week's final sale. It was apparent that support was being accorded the stock, and that fact probably inspired much of the short covering.

Brazilian a Firm Spot

While the demand elsewhere was of an intermittent nature, the scarcity of offerings permitted of advances. Brazilian was off a fraction to 92 early in the session, but it sold up to 93 again, leaving a net gain of almost a point. Toronto Railway at 139 was fractionally improved; Twin City was a shade firmer at 106¼; Mackay was wanted around 82⅞, and Richelieu moved up above 107. F. N. Burt common at 80 indicated the improved feeling in speculative circles, that price being a full 11 points above the low record of last month.

Moderate liquidation of such issues as General Electric and Canada Bread brought slightly lower values, but the movement was too narrow to attract interest. Investment buying was noted again in the banks, and the recent advances were maintained without any difficulty. The rise in these shares has been one of the best indications of reviving confidence in the financial outlook.

DAILY AVERAGE OF BANK CLEARINGS

Material Decrease is Shown Here and Across Border This Month.

Despite the favorable showing of Canadian bank clearings last week, the average daily clearings for the month to date are still considerably under those for the corresponding period of last year, a decrease of over a million dollars a day being indicated. This is, however, a distinct improvement on the record of the month of July, when the daily loss rose to nearly two millions.

Average daily clearings for the months of January, February, March and April were above those of the same months of 1912. In May the loss was $900,000, in June $900,000, in July $1,700,000, and in August to date $1,300,000. The effect of the acute money stringency thruout the Dominion is plainly exemplified in these figures. The details follow:

	1913.	1912.
August to date..	$26,676,108	$27,916,718
July	29,334,907	31,032,992
June	29,892,915	30,780,804
May	30,551,156	31,520,370
April	31,417,863	29,865,217
March	29,227,573	25,208,020
February	28,030,490	24,592,112
January	30,839,212	26,344,442

Average daily clearings across the border continue to show a marked decrease from last year, the percentage of loss being greater than on this side for the month to date. The details follow:

	1913.	1912.
August	$411,965,000	$443,059,000
July	451,730,000	474,992,000
2d quarter	476,612,000	498,706,000
1st quarter	518,196,000	497,586,000

NEW YORK GETS GOLD FROM SOUTH AMERICA

Triangular Operation in Foreign Exchange Between Europe, Argentina and Wall St.

NEW YORK, Aug. 25.—The engagement of $500,000 gold for import from Argentine has been viewed with great interest in foreign exchange circles. It may really prove to be a matter of importance.

Argentine and Brazil are heavily in Europe's debt, and in the past couple of weeks London has obtained a substantial amount of gold from the latter country. It may be, however, that much of the gold which the South American countries owe to Europe will not cross the Atlantic, being subjected, instead, to a triangular operation in exchange. South America owes gold to Europe, and Europe owes gold to the United States, partly as a result of our enormous exports of commodities, and partly on account of the great amount of gold with which New York has accommodated Paris since the beginning of the year.

Europe may, therefore, avail itself of S. America's indebtedness to it to discharge its own indebtedness to the United States, so that gold may come here in quantity from Brazil and Argentine within the next few months.

WEARISOME APATHY STILL IN EFFECT

Mining Market Continued in a Rut—Modicum of Firmness Shown.

BEAVER DOWN AGAIN

New Low Record in Two Years Made—Recovery in Crown Reserve.

Outside of a sustained demand for the high class issues and another drive against Beaver, which drove the shares down to a new low level in two years, there was little of interest in the mining stocks exchanges yesterday. The market was in a torpid condition thruout, and gave no indication of breaking away from the almost chronic dulness. Apathy is, of course, to be expected during Exhibition time, but following a long drawn-out period of quiet speculation, it grows decidedly wearisome.

The firmness of the socalled investment stocks was the best and most inspiring feature of the day. Crown Reserve scored a good recovery, gaining a full 11 points on the Toronto Stock Exchange, and closing with none on offer under $1.70. The best price realized was $1.68, which compared with a recent low level of $1.45. It would appear that some support is now being accorded, and it is expected that the liquidation has pretty well run its course. The shares return something like 15 per cent. at their present value, which, in view of the possibilities, is considered quite high enough.

Fair Buying Orders

There were fair buying orders for various other issues, and small gains were brought about without any difficulty. Nipissing rose to $9.10 again, duplicating its recent high, which was over a dollar a share above last month's low. The demand evidently reflects a change in sentiment brought bout by the recent record ore shipments from the mine. La Rose sold up to $2.30, Kerr Lake to $3.40, and Coniagas to $7.10, the latter being a smart recovery from the dip of a few days ago. Hollinger moved up 50 points to $15.50 in the morning, and held a portion of its gain at the close, tho the best figures were not maintained. The resiliency of this security is one of the best indications in the market.

The weakness in Beaver was held to be the result of a bear raid. The shares dropped a full point to 27½, which was their lowest level since 1911, and compared with 45 last January. It is understood the company has funds on hand to pay a dividend, but holders would prefer some definite announcement, and there appears to be plenty of stock available on that account. Timiskaming lost a point at 24½. Pearl Lake was strong early in the day, but the close at 30 left only a small part of its advance still extant.

HOLLINGER GETS VEIN AT DEPTH

Big Lead is Cut at Bottom Level—Values Continue High.

PORCUPINE, Aug. 25.—Ten feet of characteristic Hollinger ore has been cut in No. 1 vein at 425 foot level within the past week, and while the assays have not been given out, it is understood that the vein shows practically the same as on the upper levels, while its width is also the same. The vein was cut from the 125 foot level of the winze sunk from the 330 foot level.

Drills have started to open up the ore body at the new depth. The drift will be continued to a point under the main shaft, and a raise put thru to the level above, while in six weeks' time sinking operations will once more be inaugurated and the winze continued an additional 125 feet. By the end of the year the company expect to have No. 1 vein cut at a depth of 550 feet.

No. 4 vein, opened at 300 feet, three or four weeks ago, is showing up well under development on this level, being as strong as on either of the upper levels.

SPECIAL MEETING OF WETTLAUFER MINES

The Wettlaufer-Lorrain Silver Mines, Limited, which discontinued paying dividends after January 20 last, has evidently in mind the disbursement of further profits at some future time. A special meeting of the shareholders is being called for September 8 in New York, to ratify a bylaw to authorize the payment of dividends, even if the net value of the assets may be reduced thereby to less than the par value of the paid up capital. This is made necessary under a recent amendment to the Ontario Companies' Act. Wettlaufer paid 5 per cent. quarterly in 1912, but since the 5 per cent. disbursed in January has done nothing along that line this year.

DOME LAKE INCREASE PASSED AT MEETING

At the special meeting of Dome Lake shareholders, held at the King Edward Hotel yesterday afternoon, the bylaw increasing the capitalization from $500,000 to $750,000 was ratified. The two other blyaws which it had been planned to place before the shareholders, one authorizing an issue of 100,000 shares of stock, and the other increasing the number of directors from five to seven, were held over until supplementary letters patent could be secured, that action being taken on legal advice. If the shareholders ratify the bylaw at the next meeting, an offering of 100,000 shares will be made at 35 cents, a discount of 65 per cent. from par.

C. P. R. EARNINGS.

C. P. R. earnings for the week ended August 21, 1913: $2,506,000; same week last year, $2,694,000; decrease, $188,000.

DOME STAMP MILL WILL BE ENLARGED

Additional Forty Stamps Are Now Being Installed—Ready Next Year.

SOUTH PORCUPINE, Aug. 25.—With the installation of the additional forty stamps to the Dome mill, work on which is now under way, an innovation will be introduced in the process of treating Porcupine ore. At present all residue from the forty stamp mill goes to the slimes, but with the new system six sand leaching tanks will be added, which will classify the sand and slimes. By this method a much better recovery is looked for.

All machinery for the addition has been ordered, and it is expected that the new building will be completed before the snow falls and ready for the setting up of machinery. The new stamps will be in operation early in 1914, and the capacity will be increased from 370 tons daily to between 650 and 700 tons.

MONTREAL LIVE STOCK

MONTREAL, Aug. 25.—At the Montreal Stock Yards, West End Market, 1700 cattle, 2200 sheep and lambs, 1000 hogs and 700 calves were for sale this morning.

Common bulls were in good demand and a number of car loads were taken by New York, Boston and Buffalo purchasers, and several cars were also taken for Toronto, at $3.75 per cwt. The supply of good to choice butchers' cattle was smaller than usual, and prices show an advance of 25 cents per cwt., as compared with a week ago. For full loads of choice steers $6.75 was bid freely, which sellers refused, and eventually buyers were forced to pay $6.75, the price asked. Canners' bulls and cows were more plentiful.

The tone of the market for western lambs was stronger, and prices were 25c per cwt. higher than a week ago, but, on the other hand, the market for Quebec lambs was weaker and 25c per cwt. lower. Sales were made at $5.75 to $6 per cwt. Sheep were unchanged. Demand for calves was good and the supply was small. A stronger feeling developed in the market for hogs. The demand from packers was good and an active trade was done.

Butchers' cattle, choice, $6.75 to $7; medium, $4.50 to $5.75; common, $4.25 to $4.50; canners, $2.75 to $3.25; butchers' cattle, choice cows, $5 25 to $5.50; medium, $4.50 to $5; bulls, $4.25 to $5.50; milkers, choice, $75 to $80 each; milkers, common and medium, $65 to $70 each; springers, $55 to $60 each; sheep, ewes, $4.50; bucks and culls, $4 to $4.25; lambs, $5.75 to $6.75; hogs, f.o.b., $10.50 to $10.65; calves, $3 to $12.
