BROCKVILLE, Oct. 13.—The only

death of his son, who was electrocuted
by a live wire of the light and power
department, which fell close to the

case was settled by the plaintiff ac-
cepting \$1200 and costs.

TEACH INDUSTRY, NOT POETRY, SAYS BENGOUGH

Technical Education More Neces-
sary Than Browning If Ger-
man Trade is to Be Ours.

TO BRING GOOD TIMES

Government Railway Has As-
sisted Development by Spe-
cial Freight Rates.

"Toronto should start work today to
fill its new technical school from the
day that it opens its doors next Sep-
tember," said Thomas Bengough, sec-
retary of the Ontario Association for
the Promotion of Technical Education,
speaking at the noonday luncheon of
the Toronto Ad. Club yesterday. "We
are soon to have the finest technical
school in the world, and we need every
man it can turn out. We cannot begin
to talk about capturing German trade
until we are willing to get down and
prepare ourselves to compete with the
German workman. Toronto manufac-
turers should prepare to send the boys
under them to technical school in the
day time and pay them while they are
there."

"We have as yet no agency to direct
the youth of the country to industrial
life. Everything points to professional
life and yet we wonder why we lag
behind in the industries. Night
schools as a system have failed be-
cause the young mind cannot absorb
when exhausted. Let us for a while
cut out Browning and study tech-
nical education; let us forget about the war
that we can't help and study technical
education and the progress of home
industries which we can help, for Ger-
many has shown that these lie at the
bottom of industrial progress."

TORONTO TO GIVE CHARITY CARLOAD

Foodstuffs and Clothing to Be
Contribution Sent to
Belgium.

Controller McCarthy, who returned
yesterday from New York State, where
a deputation composed of Mayor
Hooker, City Treasurer Patterson,
City Auditor Sterling, Ald. Wickert
and Dr. Horace L. Brown, were in-
vestigating the accounting system of
force in New York City and New York
State, expressed his opinion that the
trip and the knowledge gained there-
from would be of immense benefit to
city officials in readjusting Toronto's
system to one of utmost efficiency.
Mayor Hooker is expected back to-
morrow with the rest of the deputa-
tion.

Toronto Will Give Carload.

A carload of foodstuffs and clothing,
including canned meats, cocoas and
milk will be Toronto's contribution to
the Belgians. The board of control
decided on that course yesterday
morning, the cost will be about \$10,000.
The railways have undertaken to
carry the consignment free to Halifax,
from which point it will be shipped
via special transport to the Belgians.

Smith is willing.
In order that the maximum amount
of work may progress for the benefit
of Toronto's unemployed the parks
commission will ask the board of con-
trol to immediately provide \$10,000 of
the \$25,000 which next year must be
expended on the Humber Valley boulevards,
between Dundas and Bloor streets.
Mr. Home Smith, it is understood, is
agreeable to the plan, and the work
will employ a few hundreds of men.

C.P.R. MUST PAY FOR YONGE STREET SUBWAY

Dominion Railway Board Handed
Down Decision Yesterday—
City Has Certain Duties.

A decision handed out by the Do-
minion railway board yesterday rules
that the C. P. R. shall pay the cost of
constructing the Yonge street subway
with the exception of those duties
falling upon the city and consisting of
laying waterpipes, sewers, sidewalks
and pavements.

The new subway is to be 36 feet
wide with a head room of 18 feet. The
city will meet all land damages in ex-
cess of those resulting from the build-
ing of a 66-foot subway.

MAY NOT ASK AGAIN.

The bonds to raise \$200,000 that the
city council voted to the building fund
of the General Hospital have not yet
been sold by the city. The amount
still to be paid on the building and
equipment is figured at \$206,000, but
the members of the board stated yes-
terday morning that it was doubtful
if the city would be approached again.

TO OPEN WORK BUREAU.

It is probable that the Municipal
Employment Bureau will open at 167
Adelaide street next week. The city
will work thru the bureau in employ-
ment for its various works. It has
been found inadvisable to have a
women's bureau in connection, and
further arrangements will have to be
made for this.

tures to be delivered by Dr. J. W.

BULK OF PULPWOOD NOW IS EXPORTED

But Hearst Promises to Es-
tablish Paper Mills in
Northern Ontario.

TO BRING GOOD TIMES

Government Railway Has As-
sisted Development by Spe-
cial Freight Rates.

The experiments of the Ontario Gov-
ernment in the colonization of northern
Ontario are working out with great
success according to reports received
at the department of lands, forests and
mines. Not only has the influx of set-
tlers through the year been highly
satisfactory, but the conditions now
prevailing there speak of prosperity
and comfort. One of the most power-
ful factors in bringing about good
times has been the pulpwood indus-
try, and in a short time this branch of
trade will be supplemented by the
opening of paper mills.

The Ironquills Falls Colonization Syn-
dicate, which began operations under
government authority over a year ago,
has boomed the district in splendid
fashion, according to Premier Hearst,
who has been in touch with the situa-
tion for the past few weeks. He stated
that the roof of a new paper mill will
be set in place next month and that
this in itself will accelerate trade
in the district. The plan is to erect
a 200-ton mill, but will actually
handle 20 tons in excess. Under the
government lease it was to be erected
some time after a new pulp mill was
in operation and market facilities had
become established.

GOES TO THE STATES.

Ironquills Falls is situated in the
centre of Ontario's most promising
pulpwood country, and the mill has all
the modern appliances for treating the
product. A large area of settlement is
served at the present time, and the
intention is to increase the field of
operation as rapidly as possible.

The bulk of the pulpwood now finds
its way to American markets for the
manufacture of plain print paper. In
two months the finished product will
be turned out on the premises and a
profitable source of commercial re-
venue will be supplied.

The T. and N. O. Railway, by means
of special freight rates, has assisted
greatly during the year in the building
up of this business. Settlers within a
radius of 75 miles have large ship-
ments of the raw material constantly
on the road.

BAGGAGE COACH JUMPED TRACK—NO ONE HURT

But Cobalt Express Was Held Up
Several Hours—Brakeman
Bird's Condition.

The Grand Trunk Cobalt Express
was three hours and a half late yes-
terday morning owing to the baggage
coach jumping the tracks at Hill side,
a few miles north of Pownessan.
The passengers received a bad scare
when the baggage coach jumped the
tracks at Hill side at 11 a.m.

Brakeman Bird of Belleville, who
had a leg taken off, and the other as-
sisted greatly during the year in the building
up of this business. Settlers within a
radius of 75 miles have large ship-
ments of the raw material constantly
on the road.

o'clock today at Dunning's restaurant,
29 West King street, Prof. G. M.

of the University of Toronto, will
deal with the question, "Why Germany
is at War." He will trace the develop-
ment of the war party in German poli-
tics, showing the influence of the
school and university of the present
regime. This address is the fourth in
the Canadian Club war series, which
will be a feature of the present club
season.

BISHOP'S FATHER DEAD.

The Bishop of Toronto has left for
Montreal on receipt of a telegram an-
nouncing the death of his father at
Westmount on Sunday last. The late
Col. Sweeney was staff officer of pen-
sioners for many years for the district
of Montreal. Mr. G. R. Sweeney, bar-
ister, of this city, is another of his
sons.

ONTARIO DEMONSTRATION CAR.

roots, grains, cereals and other prod-
ucts of the north and Ontario, with
a better display than ever, is now

Toronto on November 1st, 2nd and 3rd
at the Union Station.

TO OPEN WORK BUREAU.

It is probable that the Municipal
Employment Bureau will open at 167
Adelaide street next week. The city
will work thru the bureau in employ-
ment for its various works. It has

MISSION BOARD INCOME LESS THAN LAST YEAR

But Methodists Think That
Showing is Good, All Things
Considered.

TO BRING GOOD TIMES

Government Railway Has As-
sisted Development by Spe-
cial Freight Rates.

Enthusiastic applause greeted the
announcement of the treasurer, H. H.
Fudger, at the Methodist mission
board yesterday that the income for
the year, from regular sources totalled
\$558,597. Mr. Fudger said that this
was almost equal to the splendid
showing of last year, and under the
circumstances was most gratifying.

The board decided to place at the
disposal of the home and foreign de-
partments the sum of \$582,182 for the
ensuing year.

CHARITY REMEMBERED IN FATHER ROHLEDER'S WILL

He Hoped for Establishment of a
Club for Catholic Young
Men.

Charles N. Gates, who was well
known in Toronto as a horseman and
hotelkeeper, died on Oct. 1, leaving an
estate valued at \$15,000. A wife and
three sons are the beneficiaries.

The will of the late Rev. Father
Francis Frederick Rohleder, who died
on Sept. 10, disposes of an estate val-
ued at \$14,413. A wish is expressed in
the will that a club be established for
the Catholic young men of Toronto.

SCHEME TO TAKE MONEY FROM RAID VETERANS

Unauthorized Persons Solicit Cash
to Fill Up Claim Papers.

By a Staff Reporter.

OTTAWA, Oct. 13.—It has come to
the attention of the department of
militia and defence that in certain
parts of the country persons are en-
deavouring to collect sums of money
from those entitled to the Fenian raid
bounty. The claim is put forward on
the pretence of assistance in filling up
the claim papers. The department will
not recognize any such attempt to ex-
tract money from the veterans, and
that no veteran will pay a claim of
this kind.

MILITARY FUNERAL LIKELY.

A military escort will probably fol-
low the remains of Captain Stanley
Sweetman of the Home Guard Sharp-
shooters, who died in the General Hos-
pital on Monday night after a short ill-
ness. The dead guard, lived at 889
Beauchamp avenue and was employed
of the Bloor and Bathurst streets branch
of the Home Bank.

BRITISH AIR RAID COSTLY.

LONDON, Oct. 13.—A letter received
in Amsterdam from Dusseldorf, says
The Daily Chronicle's Amsterdam cor-
respondent, declares that in the re-
cent British aeroplane raid on Dus-
seldorf, besides a Zeppelin airship be-
ing destroyed, four persons were killed
and many wounded.

CHARGED WITH BIGAMY.

ST. CATHARINES, Oct. 13.—Mar-
ried in Tweed in 1898 and again in
Grand Rapids, Mich., in August last,
Louis Roberts, a tailor, is on trial
here for bigamy charge. He claims
that he secured a divorce in Grand
Rapids, Mich., but that he did not no-
tify his first wife, for the reason that
his lawyer in the Michigan city ad-
vised him that it was unnecessary.

THE GIRLS DID THEIR SHARE.

The total amount of the contribu-
tion to the Canadian patriotic fund by
officers and employees of the Bell Tele-
phone Co. of Canada was \$13,784.49,
of which sum \$4946.08 was given by tele-
phone operators. The contribution of
the company's Toronto agency
amounted to \$3189.60.

HAPPY ENDING.

A mass meeting of electrical workers
in the Labor Temple last night cele-
brated the reunion of the factions, and
the union only now exists. This is
an amicable settlement by mutual
agreement, of one of the most acute
jurisdictional struggles that has raged
in the A. F. of L.

By a Stomach Specialist.

As a specialist who has spent many
years in the study and treatment of
stomach troubles, I have been forced to
the conclusion that most people who
complain of stomach trouble possess
stomachs that are absolutely healthy and
normal. The real trouble, that which
causes all the pain and difficulty, is ex-
cessive acid in the stomach, aggravated
by indigestion and the use of stimulants.
The delicate lining of the stomach
and food fermentation causes wind
and flatulence, and the food is not di-

these foreign elements—acid and wind.
In all cases of stomach difficulties—
90 per cent. and only one step necessary is to
neutralize the acid and stop the fer-

water immediately after eating, from one
to two teaspoonfuls of liquid magne-

only really effective antacid and food
corrective known. The food will be neu-

Next October 19-24, is the time, and
every merchant is urged to be ready for the
great demonstration.

Make a list of all the articles in your store that
are advertised by the manufacturers in this and
other good newspapers.

Put these articles in your windows next week
and paste up a couple of the signs which this
newspaper has sent you. If you want any more of
these signs we shall send them upon the receipt
of a card from you or a phone message.

This is a good time to reach out after more
business.

The window display plan will be a business-
getter.

It will bring customers who read of these
standard articles in newspaper advertisements
into your store to buy them.

It will encourage manufacturers who do not
advertise their products for your benefit to use
newspaper space to create popular demand for
the goods you sell.

Anytime a man or woman comes into your
