'Tanlac Has Changed Me Into a Strong, Healthy Man," He States.

"I have gained sixteen pounds in weight and have been changed from a sick, wornout, brokendown man into a strong, healthy one since I started tak ing Tanlac," said Andrew Thompson of Poulton avenue, Toronto, Ont., Can- CARRIED GUN -TO KILL ada, an employee of E. B. Blaine, wholesale grocer.

"For the past six years I had been suffering with rheumatism in the small of my back so bad I was never free from pain. I could get no relief either standing, sitting or lying down, and if I stooped over it caused me such agony could hardly bear it. My left arm finally became affected, my elbow got stiff and pained me terribly and the balance of my arm and hand felt numb and dead all the time. I also suffered with severe headaches, and was in such constant misery I could get but little night long without sleeping, a wink. I months has scared the citizens and lost a great deal and for one whole puzzled the police by his successful Grain, per Bushel thing. I tried many different treatanything that did me a particle of good

until I started taking Tanlac. "A friend told me about Tanlac and the good it had done'him, and I decided to give it a trial. Well, sir, after I had to give it a trial. Well, sir, after I had to give it a trial. Well, sir, after I had to give it a trial. Well, sir, after I had to give it a trial. Well, sir, after I had taken the first bottle the improvement in my condition was simply remarkable. He also admitted that he had carried the 32-calibre revolver found on him, loaded, for over two months, and that he had fully intended to shoot the man who arrested him.

PROBABLY 30 1-2 MILLS

TORONTO. March 28. — Finance Commissioner Thomas Bradshaw of this city in his annual budget, which will be considered by the city council Wednesday, refers to the tax rate of 30½ mills on the dollar which is proposed for this year as "a comparatively reasonable tax rate." The total estimated revenue of Toronto for this year from other sources than taxes is \$10,608,026. The estimates call for an aggregate expenditure of \$29,890,129. There is, therefore, a balance of \$19,282,103 between expenditures and revenue, to which is added \$199,997 for probable tax losses, or \$19,471,100 in all, to be raised by general taxation. This necessitates a rate of 30.5 mills on the assessment of \$637,771,320.
