**FIRE ENGINES
RELIEF TRAIN**

16 Lives Lost When Engine is
Derailed and Forest Flames
Sweep Over the
Refugees.

ALPENA, Mich., Oct. 16.—Fifteen
people lost their lives last night in
the burning of the Detroit & Mack-
inaw Railroad relief train, which was
carrying the inhabitants of the little
village of Metz, 23 miles north of here,
to safety from the forest fires which
were sweeping away their homes.

The ill-fated train was derailed by
spreading rails at Nowicki siding, a
few miles south of Metz, and the ter-
rified refugees were forced to abandon
the cars and rush for safety either
down the track, with burning forests
on either side, or into the plowed fields
nearby.

Eleven of the victims were women
and children, who were unable to es-
cape quickly enough from the engine
car which they were occupying. Their
charred bodies were found there to-
day when rescuers reached the scene.

Two of the men victims were mem-
bers of the train crew. Four addi-
tional fatalities occurred in the neigh-
borhood of the wreck last night. Mr.
and Mrs. Fred Wagner died from heat
and exhaustion, one their farm near the
scene of the wreck, and Mr. and Mrs.
Fred Nowicki, Jr., lost their lives in
their burning house near the siding
where the wreck occurred.

Following is the list of the dead in
the wreck: William Barrett, Alpena,
brakeman; Arthur Lee, Alpena, fire-
man; John Kontecny, Mrs. John
Kontecny, John Kontecny, aged two;
Joseph Kontecny, aged three; Helen
Kontecny, aged seven months; Mrs.
George Ciero, Margaret Ciero, aged
two; George Ciero, aged five; a third
Ciero child, aged eight; Mrs. Emma
Hardie and Pauline Hardie, aged nine;
Mary Hardie, aged three; Minnie Har-
die, aged eight; and a baby.

Was a Relief Train
When the forest fires closed in yester-
day about the little village, a special
train of three empty box cars and two
coal gondolas were rushed to Metz.

As rapidly as possible the people
and their goods were packed in the
cars. When the train started there
were about 100 frightened people
aboard. The flames were already
sweeping thru the village. Near
Nowicki Crossing, the engineer saw
blazing piles of cedar ties on both
sides of the track. Opening wide the
throttle he tried to run thru at full
speed, but the heat had loosened the
rails and they had spread and the
train left the track. Blazing piles of
ties surrounded it and in an instant
the cars caught fire. The terror-strick-
en people caught by the peril from
which they were fleeing, threw their
cars and rushed down the track. Three
mothers and their little ones
were not quick enough, their cars
were crushed in the gondola car, where
they were caught.

Brakeman Wm. Barrett sprang into
the water tank behind the engine on
the fire. He was fatally injured. The
flames swept over it. Engineer Foster
and Conductor Kinville fled down the
track, thru the fire and smoke. Kin-
ville was fatally injured. The engine
was totally blinded by his burns. John
Nowicki, Sr., and his wife and
Mrs. Albert Hardie and her young
sons were also seriously burned. Many
of the refugees are suffering
painful burns.

The survivors of the frightful ex-
perience seemed dazed by their peril
and suffering. They seemed to realize
nothing except the necessity for run-
ning, running, running to escape the
intense heat and menacing flames.
It was difficult to get a coherent
statement from them as to loss of
life in the wreck or as to whether
there had been any people left behind.

DETROIT, Oct. 16.—A despatch from
Hurst, Mich., says: Henry C. Kemps,
his wife and two children were hur-
ried to death to-day or last night. The
four bodies were found to-day in the
forest of the farm-house.

ALBANY, N.Y., Oct. 16.—Reports of
forest fires spreading again in the
Adirondacks were received to-day at
the state forest, fish and game com-
mission.

HULL, Eng., Oct. 16.—The German
balloon Plauen, which left Berlin Mon-
day in an endurance contest, was pick-

most exhausted condition. The men
were brought here and Schröder is
in an infirmary, where his con-
dition was said to be quite satis-
fying. The rescue took place about 240 miles
from Spurnhead.

St. John Globe, Liberal, Calls on
McAvity to Give Back \$35,933
to the Government.

ST. JOHN, N.B., Oct. 16.—(Special.)—
Developments in the dredging scandal
to-day are an affidavit from Percy
Thompson, head of the shipping firm of
William Thompson & Co., a trustee
in conversation with G. S. Mayes, in
which he declares Mayes intimated he
would contribute to the campaign fund
if only the government would buy his
dredge, and a letter from Mayes deny-
ing the contents of a letter from
Hon. C. J. Osman, ex-speaker of the
New Brunswick legislature. The let-
ter stated that Mayes had also told
him there would be "a nice little
thing" in it for the campaign fund if
he could sell the dredge to Fugatey,
and also that Gamey had defeated the
Ross government and stranger things
might happen in New Brunswick.
Mayes denies the letter is an absolute
mis-statement.

**BLAME DEAD
MAN SWISSING**

Jury's Verdict in Mimico Wreck
—Wilbur Jarvis, the Fire-
man, Dies After
Operation.

With the death of C.P.R. Fireman
Wilbur Jarvis in the Western Hospi-
tal yesterday afternoon, a second
fatality was scored against the recent
Mimico wreck, and it is co-incident that
last night was set down for the con-
clusion of the coroner's inquest into
the death of Engineer Quinn, which
had been adjourned for a week in the
hope that the injured fireman would
have recovered sufficiently to give evi-
dence.

It was also hoped that the evidence
of Operator Lorne McTaggart could
have been secured, but this far he has
successfully evaded arrest. The jury
returned a verdict censuring him for
negligence in connection with the ca-
strophe. The jurors further consid-
ered that Engineer Quinn, deceased,
had not observed proper precaution in
watching for open switches, while some
measure of blame was taken from Mc-
Taggart on account of too many disses,
in the jury's opinion, being thrust
upon him by the Grand Trunk.

Fireman Jarvis died in the Western
Hospital at 4 o'clock yesterday after-
noon, just as Drs. Beatty and Perfect,
C.P.R. surgeons, had finished amputat-
ing his chest and scalded leg. Dr.
Carveth, who administered the anaes-
thetic, stated that Jarvis had practically
been killed in the wreck, as for 3 inches
of his limb were found to be all
dead and gangrene had set in. The
operation was postponed as long as
possible in the hope that some of
the tissues might become enlivened. The
limb was completely shattered below
the knee, and the flesh of the thigh
was literally cooked.

The first witness at the inquest was
J. A. Carmichael of Hamilton, the G.
T.R. freight conductor who was read-
ing a paper in the operator's cabin
when the wreck occurred. He said he
was waiting until he could give the
signal for his train to proceed. He did
not know McTaggart personally, and
paid no attention to him until he sud-
denly rushed out of the door exclaim-
ing something about the switch being
wrong. Witness could not remember
whether he saw anything about the
switch, but he said he had seen the
signal for his train to proceed.

Trial for His Life at North
Bay.

NORTH BAY, Oct. 16.—(Special.)—
Edward Eaton of Essex, a prospector,
was placed on trial to-day before Jus-
tice Britton and a jury charged with
the murder of Frank Ellar, a colored
man, in Temagami Village.

Eaton shot Ellar in a pool-room at
midnight Sept. 14, firing two shots
from a 32-calibre revolver. The de-
fence, in the hands of J. W. Mahon,
alleges that Ellar habitually carried a
revolver and razor, was a dangerous
character and on the night of the
tragedy had threatened the accused
and followed him into the pool-room
with his hand in his hip pocket as if
to draw a revolver; that Eaton backed
into the room, followed by Ellar, who
continued to advance in a threatening
attitude until Eaton reached his re-
volver from a shelf and fired two shots
toward the accused, wounding him.

**BORDEN IN
OLD QUEBEC**

2000 Turn Out at Granby and
Applaud — Lennoxville
Also Greet Him
Cordially.

GRANBY, Que., Oct. 16.—(Special.)—
R. L. Borden was given a welcome
here to-day which fully rivaled that
given Laurier on Monday. Farmers
from all over Shefford County drove
in to hear the leader and the little
town was ablaze of bunting. Mr. Bor-
den was accompanied by Col. Hugh
Clark of North Bruce. Two thousand
people gathered in the park, where the
meeting was held and enthusiasm was
great.

Mr. Borden was in splendid shape,
his voice ringing out clearly. He dealt
with the cry that Laurier should be
allowed to finish his work. He did
not think that the Canadian people
wanted to continue the work of the
men who had plundered public treasury
and public domain, and had been ap-
pointing criminals to public office.

He hoped there were many Liberals
amongst the audience to hear his ad-
dress regarding the government, state-
ments which had not been contradicted,
and could not be contradicted, by
Laurier or his lieutenants.

Borden dealt with increased expendi-
tures. "Where has this money gone?"
he asked. "You cannot find the re-
cord in great public works such as the
Conservative made with the small
revenue. To find where it has gone
you must ask camp followers and mid-
dlemen; men who during years ago were
paupers and to-day are wealthy with
the results of their dealings with the
government." (Cries of Shame.)

On the C.P.E., Mr. Borden contrasted
the Panama Canal, a masterpiece of
engineering with the Laurier commis-
sion to construct the Transcontinental road,
a masterpiece of mismanagement, a grain
dealer and a paper manufacturer.

Called on Short Notice, But Big Crowd
Turned Out.
LENNOXVILLE, Que., Oct. 16.—(Special.)—
Also the Borden meeting here to-
night was organized within 24 hours
to take advantage of a few hours which
the Conservative leader had to spend
on his journey to the maritime prov-
inces, and proved a decided success.
Mr. Borden was given a splendid wel-
come. The town hall was crowded to
discomfort, the aisles and every
available space were filled with spec-
tators having driven in ten and twelve
miles to meet their leader.

A new feature was furnished by the
presence of a large delegation of stu-
dents from Bishop's College, who en-
livened the proceedings with college
yells and songs. The hall was orna-
mented with banners, announcing the
Bishops Want Borden. "The Two B's—
Bishops and Borden," etc.

Mr. Borden did not speak at Sher-
brooke till nearly a o'clock, and he
speedily hurried out to Lennoxville in
an automobile. The meeting, however,
had started long before this. J. B. Orr,
mayor of the town, being appointed
chairman.

Mr. Borden was given a most enthu-
siastic reception.
"I do not appeal merely to Conserva-
tives," said Mr. Borden. "I appeal to
the honest and patriotic rank and file
of the Liberal party. The men now in
power at Ottawa have misrepresented
them, and departed from the ideals of
the Liberals of the old regime, so that
to-day true Liberals are absolved from
their allegiance."

"Therefore, I call upon all true Lib-
erals to join with the Conservatives to
bring down the Liberal party, and to
bring an end to the reign of graft, the
middlemen and camp followers, and
make the victory of Oct. 26, the victory
of the people of the Conservative party,
but of the whole people of Canada, in-
cluding in protest against the maladminis-
tration of the past twelve years."

25,000 FLAGS GO TO WASTE.

Montreal's Laurier Demonstration In-
terfered With Election Act.

MONTREAL, Oct. 16.—(Special.)—
Dismay reigns to-night among the or-
ganizers of the demonstration to be
given to Laurier on Tuesday, Oct. 23.
It had been freely advertised that it
would be the greatest thing of its kind
ever tendered a public man. Now ev-
erything is upset by some obscure
casualty read over the Dominion Elec-
tion Act passed last session, and who
found that flags of any size, or
for party candidates, either on elec-
tion day or within eight days of pol-
ling, or favors worn, are illegal acts
and punishable by a fine of \$100, or
three months in jail, or both.

Twenty-five thousand small flags,
bearing the picture of Laurier on a
red background, were to be furnished
by the Liberal clubs to those taking
part in the procession. Now these will
all have to be done away with.
