

WINNIPEG REPORT WAS EXAGGERATED

Find Less Than Five Hundred
Unemployed in Actual
Need.

Winnipeg, Dec. 30.—Immediate assistance for needy unemployed persons is to be extended by the city's social welfare commission by means of an arrangement effected by the joint committee of unemployed sitting in the city hall today. A registration office for unemployed persons seeking work is to be opened through the office of R. A. Riggs, western superintendent of employment services of Canada, in a secondary office, if required, may be opened in the board of trade building.

Robert J. Shore, a member of the committee returned from the city of Winnipeg required actual assistance, and declared that the unemployment here was not nearly as acute as reports indicated.

COMMUNIST LEADER CAUSES WILD SCENE

(Continued From Page 1).

France, and allowing revolutionary propaganda by foreigners and French members of the communist party to proceed undisturbed.

Pandemonium in Chamber.
This reference to the Tours congress brought M. Cachin, leader of the extremists of the Socialist party in France for years, and now leader of the communist party, to the speaker's tribune. M. Cachin's speech, however, seemed to be disappointing to the deputies of all shades of political opinion, as well as to the great throngs which packed the galleries because of its mildness when compared with the speeches he had made at the Tours congress.

It proved to be a eulogy of the ideas of the third internationale, of Nikolai Lenin, the Bolshevik premier, and of Clara Zetkin. The deputy closed his address by saying: "We shall take advantage of the government's protective measures as long as they are extended to us. When they cease and coercion and repressive measures are adopted, we shall continue our revolutionary propaganda everywhere, and at all times."

Pandemonium then broke loose in the chamber. Many deputies jumped to their feet and requested Raoul Peret, president of the chamber, to have M. Cachin expelled. Shouts of "chaos" and "Your language is dishonorable to a Frenchman" were heard in various parts of the chamber. Then M. Steeg rose to reply to M. Cachin.

Accepts Challenge.
"Deputy Cachin," said the minister of the interior, "has thrown down a challenge to the government. We accept it. We shall repress any attempt at revolution with all possible means at our command. The government's energy will be equal to the audacity of M. Cachin's party."

M. Steeg then deposited the government's bill providing penalties varying from three to six months' imprisonment for attempts to cross the frontiers of France without passports.

The minister made no definite announcement regarding the policy the French government intended to adopt toward the new Communist party, but later many government supporters who are close to the ministers told the Associated Press that the government would wait the next move of the Communists.

"When they pass from words to acts it then will be time for the government to show its hands," was the way one of the deputies put the situation.

Several orders of the day were presented, some of them asking that there be no expression of confidence in the government, but M. Leygues, president of the council of ministers, who had arrived in the chamber toward the end

of the debate, declined all of these, saying that the order of the day must include a vote of confidence. Thereupon Deputy Charles Danislois introduced the order of the day, which said:

"The chamber, confident of the ability of the government to take the measures necessary to end revolutionary propaganda and the entrance of undesirable into France, passes to the order of the day."

The motion was then passed.

KITCHENER RADIAL MUST REDUCE RATE

Order of Railway Board Cuts Fare
in Half—May Mean No
Winter Service.

Kitchener, Ont., Dec. 30.—(Special.)—The decision of the railway board, which reached here today in connection with cutting the fare between Kitchener and Bridgeport on the Waterloo-Wellington Railway to five cents, has caused considerable interest here, as it may mean the closing of the line by the company during the remainder of the winter. This would mean a decided hardship for many Bridgeport residents working in Kitchener and also for the employees of the Dominion Sugar factory, who have to use the Bridgeport car to get to work.

The go-to-church movement, organized for a twin-city campaign during the month of February.

Jacob Baetz, known as a community builder in this city as well as a manufacturer, passed away at his home here at an early hour this morning, following an extended illness. He was born in 1852. Many of Kitchener's foremost public buildings were constructed by Mr. Baetz.

A POINTER FOR WARD THREE VOTERS

Ex-Ald. Wanless, who is a candidate for a seat on the board of education, has had fourteen years' strenuous experience in child welfare work. During that time he came in contact with two thousand children of fourteen different nationalities and almost all grades of intelligence from the lower subnormal to the not numerous super normal. He discovered how the city child is handicapped. He noted their physical properties, observed the evidence they gave of their mentalities, found out what he could of their ancestors, read up the history and characteristics of their nationalities and studied the different temperaments in an effort to enable them to find their right vocation.

This knowledge and experience he is willing to give to the people of his native city if sent from ward three, to assist in promoting the cause of education in Toronto.

His policy, if elected, will be to endeavor to give every child an opportunity to make good, to provide proper accommodation in relation to the schools more closely to the Ontario Agricultural College and to employ a staff of highly efficient, well paid teachers, possessed of magnetic personality and imbued with a sense of the responsibility of their work.

In addition, his many-sided knowledge of finance will be placed at the disposal of the city to increase revenue, to save money on purchases, in the disposal of bonds, on the performance of, contract work and in the collection of taxes, to keep expenses within bounds.

He holds that the education of the youth of a great city is extremely important, as upon it depends largely the character of our future citizens. He will see to it that the children of labor men are afforded every facility to develop their God-given faculties.

GREAT RECEPTION TO EX-ALD. BALL

(Continued From Page 1).

hearers, and sketched Sir Adam Beck's long fight for public light, heat and power which was now about to be crowned with success. Sir Adam had been scoffed at by his enemies and the enemies of public ownership, but in spite of it all had triumphed in his fight. He had at last secured the Mackenzie interests at a price practically the same as the amount of their land issue. It was the beginning of a bright future for Toronto and the province. Hydro radicals were urgently needed if the country was to be settled by good British subjects whom Lloyd George had recently said would have to look to the Dominions for prosperity and happiness.

Has Good Record.
Next year's council must be composed of public ownership men, Mr. Ball declared. Personally, his attitude on the question was on record and well known. He was one of those who had fought against the sale of the civic abattoir when the enemies of public ownership would have disposed of it to private owners. The fact that the abattoir was now on a sound basis and paying its way was justification for the position he took.

Mr. Ball's explanation of the stand he took to prevent shacks being erected on valuable corners for the sale of gasoline, his work on behalf of assessment reform, so that the poor man would receive more equitable treatment in the matter of taxation, and his advocacy of the teaching of essentials along everything in the public schools, all seemed to find approval with his hearers.

Appeals on His Record.
Ald. Thimmonore's reception was also cordial. It was a case of meeting old friends again. He gave an account of his stewardship for the past year in the city council, that was apparently quite satisfactory to his constituents. He was strong, he said, for public ownership, and his record proved it. He hoped to see the day when gas and telephones would also be under public control. He strongly advocated the establishment of a civic department of public welfare. Social service work in the city at present was not satisfactory; there was too much overlapping and too much divided responsibility.

A. E. Hacker Speaks.
A. E. Hacker, an ardent candidate for Ward Five, was well known to his hearers, and his appeal for their support was well received. He would make no promises, he said, other than that he would, if elected, do the very best he could.

Report Big Decrease
In Production of Lumber
Quebec, Dec. 30.—According to information given out by an official of the department of lands and forests there has been a decrease of 25 per cent. in the production of lumber in the course of the present year. The drop is attributed to conservation and also the attempt on the part of the lumbermen to reduce the price of labor, which has already greatly decreased since last year.

MARITIME HOUSE OPENING.
Fredericton, N.B., Dec. 30.—The New Brunswick legislature's first session since the general elections in October will open the latter part of February. If the present plans of Premier Foster and his cabinet are followed.

could on behalf of his ward. He lived, by the way, in the south end of the ward, which was not represented by any of the candidates. This fact seemed to favorably impress the audience.

Ald. Hiltz was unable to speak because of a sore throat, but a friend, Mr. Coulter, who had known him for years, spoke briefly on his behalf.

Tommy on the Job.
Mayor Church was given a warm reception. He spoke briefly for a few minutes. After the big electric clean-up Toronto would experience, he said, an era of prosperity. The completion of harbor improvements, and the deepening of the St. Lawrence River were other factors which would make Toronto one of the greatest cities on the continent.

Ald. Blackburne also gave an account of his stewardship, which was well received, as was also his appeal for re-election.

Ald. Flewman, R. H. Palmer, A. Plent, Aldermanic candidates, and Andrew Glen Bell for board of education, also spoke.

Sam McBride was expected to be present, but did not turn up.

LINER USED UP OIL BUCKING HEAVY SEAS

Encountered Several Gales,
But Worst Was Off
Sable Island.

New York, Dec. 30.—A continuation of high gales and rough seas from Southampton to within 200 miles of the coast, and a consequential heavy drain on the supply of fuel oil, made it necessary for the steamer Kronland, arriving here today, to take a tow at quarantine to continue to her dock.

According to Captain C. Newman, master of the vessel, all but 25 tons of his 200-ton supply of oil was used in bucking the high seas. The amount remaining was so low that there was danger of clogging the oil installation with sediment had the ship's own power been used to continue to her dock.

The heaviest of the gales, he said, was encountered on Monday, when off Sable Island. To add to the trouble, the starboard engine went out of commission, and it was necessary to proceed for more than a half-day with reduced power. On this date only 126 miles was logged in 24 hours. The ship carried 325 passengers.

Feared Steamer Is Sunk.
St. John's, Nfld., Dec. 30.—The coasting steamer Euphrates is reported missing since the blizzard of Tuesday, and is believed to have foundered with her crew of six men. The vessel plies between this port and Bell Island, a distance of 30 miles.

The schooner Elsie M. Corkum, bound for Europe with a cargo of fish, has been abandoned at sea, but the crew is safe, a message today said.

Twenty-Two Nations Sign
World's Court Protocol

London, Dec. 30.—Twenty-two nations have already signed the protocol of the permanent court of international justice, constituted by the League of Nations, says the Central News today.

The protocol provides that the statute of the court shall become effective as soon as a majority of the nations represented in the league assembly, namely, 22, shall have signed and ratified it in their various parliaments. Four nations, Portugal, Switzerland, Denmark and Salvador, also have signed the protocol for compulsory arbitration.

ELECT DAVY Alderman WARD 7 Progressive Policy

EX-ALD. A. H. WAGSTAFF BRICK MANUFACTURER, Asks Your Vote and Influence

Staunch supporter of Hydro Radicals and the rights of the working man. Who, if elected, will advocate in council:

- Extension and completion of Dundas Street from Broadview east.
- Paving of Devil's Strip on Gerrard Street east.
- Removal of one-man cars from Danforth Avenue at rush hours.
- The reason why they are not on St. Clair Avenue.
- Public baths in Ward 1 for children.
- All of which much-needed improvements will provide work for thousands of unemployed in Toronto.

ELECT THE MAN WHO WILL PROMOTE THE INTERESTS OF THE RIVERDALE DISTRICT.

Toronto, December 28, 1920.
To the Electors:
You are vitally interested in the business of our city being administered in an efficient and successful manner.

Do you know that Ward 3 pays 60 per cent. of the taxes of the entire city of Toronto? Your support and influence on my behalf, January 1st, is respectfully solicited, because:

- (1) I am a successful business man in Ward 3.
- (2) I am a very large taxpayer in Ward 3.
- (3) I have always been a very strong advocate of public ownership (the Hydro policy), being a strong believer in public ownership of public utilities.
- (4) I have had considerable municipal experience, which I believe qualifies me as your representative during 1921, when business of vital importance will be transacted.

Show your interest in the efficient administration of the city's business by making it a point to mark your ballot for me on January 1st. Thanking you in anticipation, and with the Season's Greetings, I am

Yours for Service,

CHAS. A. REED AS ALDERMAN

NESBITT IS A PUBLIC OWNERSHIP MAN

Ald. Russell Nesbitt is and has been and will continue to be a Hydro supporter.

The year 1921 is the most vital public ownership year in the history of Toronto. All the power and transportation facilities are to be placed under public ownership.

Real public ownership men are needed on the Board of Control next year above all other years.

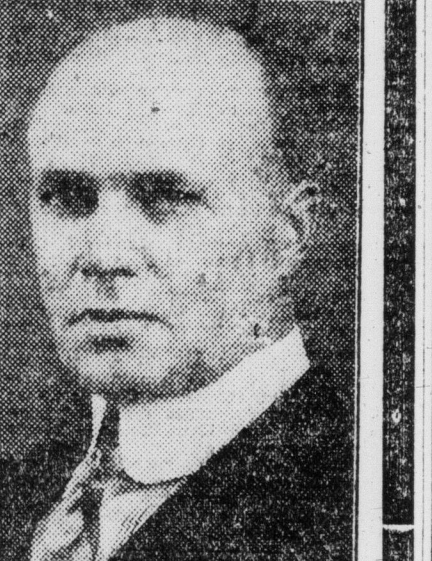

Municipal operation of the street railway, in the interests of the citizens, can be greatly assisted by sympathetic co-operation.

The danger to the Hydro-radial enterprise can only be overcome by men who have the will and the desire to do so.

Ald. Russell Nesbitt is that kind of a public ownership man.

ELECT NESBITT CONTROLLER

Tomorrow ELECT HILTZ CONTROLLER

At no time in Toronto's history have its affairs demanded skillful handling on a par with that which will be absolutely necessary during 1921. Its business negotiations, its educational matters, its welfare problems, its industrial expansion and more particularly, its vital transportation "clean-up"—DEMAND THE HIGHEST QUALIFICATIONS POSSIBLE TO SECURE IN MEN SEEKING A PLACE ON THE BOARD OF CONTROL.

IT IS RESPECTFULLY SUBMITTED TO YOU THAT ALD. W. W. HILTZ IS WORTHY OF YOUR UTMOST CONFIDENCE, AND YOU ARE ASKED TO
