RELIEF FUND HERE FOR HALIFAX

A meeting was held in the city hall yesterday afternoon for the purpose of hearing the report of Mayor Hayes regarding his trip to Halifax and for discussing the situation generally. The mayor said that attention should now be centered on raising money. He thought that the city should be canvassed for funds and that the amount might be supplemented by a grant from the common council.

Senator Thorne believed that the thing most required was money. He tendered the services of the Victory Loan committee in the work of raising a fund. T. H. Estabrooks suggested that the present relief committee and the Victory Loan committee be amalgamated and that to these be added sub-committees of school children, women's societies and others. He made a motion to this effect, which he later withdrew, as it was thought such a committee would be too large. The suggestion to raise a relief fund was supported by Judge Forbes, F. A. Dykeman and others.

A motion of Commissioner McLellan that the offer of the Victory Loan committee be accepted was carried. The committee is to work exclusively and take charge of the duties of collecting money. That committee will not in any way interfere with the present relief committee. A. O. Skinner seconded this motion and it was carried. It is understood that the committee may add school children and others to its numbers.

Nearly \$50,000 Required. While no sum has been suggested as the amount to be raised, it was stated by the mayor that nearly \$50,000 would be required to pay for men and supplies now being sent to Halifax and that this obligation would have to be fulfilled before any amount went forward.

It was decided to make Senator Thorne chairman of the financial committee and Mayor Hayes honorary chairman and treasurer.

On motion of J. Fraser Gregory the citizens' meeting heartily endorsed the action of Mayor Hayes, acting Mayor McLellan and the others in pledging the assistance of the city as has been done. An urgent call was made for cheap furniture, stoves, kitchen outfits and bedding. An important meeting of the St. John Local Council of Women was held yesterday afternoon in The King's Daughters' room, the president, Mrs. E. Atherton Smith, in the chair. Most of the federated societies of the city were represented. Various correspondence and reports were stood over until the regular monthly meeting. The report of the treasurer showed that the total receipts from the Rescued Campaign for the Children's Aid Society were \$2,400. After the expenses had been paid the net receipts were \$2,000. The council expressed its appreciation of the work of all those who had contributed to make the affair a success. It was also reported that a great amount of work had been done by the committee on the Halifax relief, under the convener, Mrs. David McLellan.

HALIFAX BENEFIT GETS BIG START

More than sixty-nine large packages and twenty bales of clothing, blankets and other necessities had been packed and sent to Halifax. Other donations will be received at The King's Daughters' rooms on Saturday. It was reported that a large amount of children's clothing and 200 nightdresses were urgently needed at once.

MONCTON WOMAN AMONG THE VICTIMS

Mrs. J. B. Champion Killed in the Halifax Disaster—Moncton Man Unconscious For Hours

John Bishop arrived in Moncton Saturday night from Halifax with the remains of his daughter, Mrs. Joseph Champion, who was one of the victims of the disaster. She was the wife of Captain Joseph Barr Champion, master of H. M. S. D-10, which sailed last Tuesday from Halifax.

Mr. Bishop went to Halifax on receipt of the news of the disaster. A seaman friend of Captain Champion had searched the ruins of the house in Barrington street and found the remains of Mrs. Champion, which he took on board his vessel.

Mrs. Champion, who was only twenty-one years of age, had no children, but is survived by her husband, parents, two brothers, Ben, of the C. G. R. John at home, and three sisters, Mrs. David French, Camden, Me.; Agnes, Worcester, Mass.; Mamie, at home.

Unconscious For Hours. David Harper of Moncton, who was a member of a towboat in Halifax harbor, arrived home on Sunday. He said that he witnessed the collision between the boats and he was then struck down by the concussion and quite severely injured. He lay unconscious for hours, and when he came to he was in the Victoria General Hospital.

GOOD PROGRAMME AT THE OPERA HOUSE

Various Acts Are Making a Popular Hit and Attracting Large Audiences. The programme at the Opera House this week is indeed a pleasing one and gives promise of attracting capacity houses until its termination at the end of the week. The various acts are exceptionally good and the hearty applause tendered the participants shows how much patrons enjoy the class of vaudeville offered. The acts are brim full of comedy and the audiences who have so far witnessed them have been convinced with laughter.

EVERY PARTICLE OF DANDRUFF APPEARS AND HAIR STOPS COMING OUT

Draw a Moist Cloth Through Hair and Double Its Beauty At Once

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yet—yet really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely invest a few cents in a bottle of Knowlton's Danderine at any drug store or toilet counter, and just try it.

Save your hair! Beautify it! You will say this was the best money you ever spent.

Dr. C. W. Saleeby, F. R. C. S., one of the most eminent physicians of Great Britain, has issued a statement declaring that during every year of peace alcohol takes three-fourths as many lives as the first year of the great war. It makes 45,445 widows and orphans every year in England and Wales. Why is it allowed?

A professor of physiology in a Chicago university estimated the value of food in a quart of beer at one-half a cent, and even this is spoiled by the lupulin and alcohol which is always present in beer.

The production of unfermented grape juice in the Chataque-Erie belt during the last five year period was nearly four times as great as the output of fermented juice or wine.

A petition over eleven miles in length and weighing over a ton was presented to Premier Asquith on Aug. 16 praying for the abolition of the sale of strong drink during the war. Let us hope they will be successful.

BUMPER SHOW AND A BUMPER CROWD AT THE IMPERIAL—ALL FOR THE SUFFERERS

St. John people are surely "there" when it comes to relief measures. After their preliminary efforts of the past few days in sending succor to stricken Halifax they took a new tack yesterday and responded nobly to the Imperial Theatre's opening shows in what is expected will be a bumper benefit week.

Although it snowed a good old-fashioned St. John snowstorm in the afternoon, this only seemed to remind the people that it might also be snowing on the afflicted homeless ones of the sister city, for they patronized the matinee most generously. At night there was another rush, super-induced, no doubt, by the fact of the political meeting at 9 o'clock.

In any case, the people came and they came in generous numbers. It was music indeed to hear the silver jingle on the glass window-plate in the box office and to realize that it was going to buy food, raiment and new housing for the unfortunate in Nova Scotia—every cent of it.

Inside the show was splendid. Pauline Frederick was never more entertaining than in the impassioned society-political romance "Double Crossed," and the British war views worked up a lot of enthusiasm. The vaudeville supplied the laughs and the surprises. Most fun was created by Earle & Bartlett, a regular old-time bit of swift "patzer," otherwise known to the uninitiated as dialogue. They got a barrel of haw-haws and to use more stage parlance, "went over with a bang." Orden & Fallows did a dainty dancing act, using a special floor for their intricate stepping. It was dainty and smart, too. Then the show concluded with a tuneful, artistic and finally slam-bang musical quartette. The Four Musical Entertainers.

This is the programme for today as well. It is quite unusual in its good features and should be enjoyed for its own worth and for the sake of this week's Halifax relief measure. Tomorrow the exquisite diva, Elsie Ferguson, a newcomer and an assured favorite, will appear in Robert Hichens's delightful novel "Barbary Sheep." There will be the Universal Animated Weekly and three new acts of vaudeville.

RECENT WEDDINGS

McConnell-Thompson. At the home of the officiating clergyman, Rev. Dr. D. Hutcheon, at 8 o'clock last evening, Charles Raymond McConnell, of West St. John, and Miss Mabel Beatrice Thompson, formerly of Chipman, were united in marriage. They were unattended. Mr. and Mrs. McConnell will make their home at West St. John.

Mrs. J. A. Brittain of the West Side, has received word that Robert Patterson, and daughter, Grace, are safe in Halifax. "Alice married a nonagenarian." "And did she change her religion to his?"
