

Review of Troops in Montreal By The Duke of Connaught

Above is shown a section of the crowd estimated at 20,000 people who witnessed the review on Fletcher's field, in Montreal. At the time the photo was taken, the McGill Battalion C.O.T.C. was marching past. Below, the Duke is shown presenting the shield given by Lieut.-Col. H. B. Yates, A.D.M.S., for competition in first aid work, to Section C of No. 6 Field Ambulance. The officer receiving the shield is Major P. Burnett.

When the United States gunboat Princeton struck an uncharted submerged rock in the harbor of Paganago, San Juan, a pinnacle of the rock entered the hull. The water was kept out by the means of canvas and plank sheathing and the projection of the rock which had cut into the hull was cut from its ledge and was made fast to the hull so that it plugged the hole it had made. Then the Princeton proceeded to dry-dock for repairs.

Home Face Peeling Becomes Popular
No complexion treatment yet discovered seems to have become so generally and so immediately popular as the mercuric iodine process. Evidently the reason is that this method actually gets rid of a bad complexion, which can hardly be said of any other. To temporarily hide or bleach the defective skin with cosmetics cannot compare with the effect of literally washing off the offending skin. Mercuric iodine, a little at a time, dull there's none of it left. The new mercuric iodine process exhibits a healthy glow and girl's beauty, desirable in no other way. This wax, which you can get at your druggist's, is applied at night in the same way you use cold cream, and washed off next morning.

Here is one thing that actually does remove wrinkles, remove them quickly, and at trifling cost. Powdered axolotl, 1 oz. In a suit in the county court in Clinton, Mo., the testimony of one of the witnesses was taken over the telephone, face bath.

the smoke and went down stairs to find the store in flames. The building was completely destroyed.

On last Thursday John Ross, living near Belyea's Point, set fire to some potato tops on a piece of ploughed ground. The flames crossed the road into the grass and swept over the hillside, destroying an old barn in which Mr. Ross had a new moving machine and other farming utensils stored. They were a total loss. But for vigorous work on the part of Mr. Ross and his neighbors other buildings would have suffered.

A man travelling in France was delayed at a small country station and wandering about, lost his way. Fearing to miss the train he made a desperate effort at his almost forgotten college French and addressed a passer-by, "Pardonnez-moi," he hesitated, "J'ai quitte le train et maintenant je ne sais pas ou le trouver encore. Est-ce que vous pouvez me montrer le route a la train?"

"Let's look for it together," said the stranger. "I don't speak French either." —Life.

HAD DYSPESIA

So Bad Could Not Take a Drink of Water Without Suffering.

Dyspepsia is one of the most difficult diseases of the stomach there is to cure. You eat too much. Drink too much. Use too much tobacco. You make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of a short time before dyspepsia follows.

That old, forty year old remedy, Burdock Blood Bitters, will cure the dyspepsia and will cure it to stay cured as we can prove by the thousands of testimonials we have received from time to time.

Miss Sarah McRae, Newfield, Ont., writes: "I write to say that I have used your Burdock Blood Bitters, and have found it the best remedy I have ever used for dyspepsia. Two years ago, I had stomach trouble so bad that I could not even take a drink of water without suffering. I took six bottles of B.B.B., and have been entirely cured, and can now eat anything without any bad after effects."

Burdock Blood Bitters is an old and well tried remedy but on account of the many substitutes we would ask you to make sure that our name appears on both the label and wrapper as this preparation is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
