GUARANTEE FOR '26 EXHIBITION IS DISCUSSED

City Council Will Consider Matter Further At Thursday Meeting

NIGHT DREDGING IS COMPLAINED OF

Suggestion Made That Operations Cease From Midnight to 6 a.m.

The city council yesterday afternoon decided to take up the question of a guarantee for the 1926 exhibition at the Thursday meeting of the committee and to have H. A. Porter present at the meeting. The association is asking that the city guarantee any deficit up to \$5,000.

A. Ernest Everett and L. M. LeLachur, representing the Rotary Club of Saint John, asked that the welcome sign, which was at the head of King street during the skating meet, be set up for the Rotary convention to be held here the latter part of this month.

Commissioner Harding presented a request from the G. W. V. A., for permission to place a sign across Dock street, opposite the New Brunswick Power Co. office. Both matters were referred to the commissioner of public works, city engineer and city electrician, with power to act.

NIGHT DREDGING.

A letter from J. Hunter White, complaining of the all night dredging in Courtenay Bay and suggesting that operations cease from midnight until 6 o'clock in the morning, was referred to Acting Mayor Frink, who will take the matter up with the Saint John Dry Dock and Shipbuilding Co.

A letter from the New Brunswick Tourist Association, thanking the council for its generous grant and asking that the cheque be forwarded, was referred to Acting Mayor Frink, with power to act.

James Carleton, building inspector, wrote protesting against the action of the committee of the council in granting a permit for the reconstruction of the Daniel building at the corner of King and Charlotte streets, which reconstruction, he contended, was contrary to the law. On motion of Commissioner Wignore the letter was filed.

RE BOND INCREASE.

Acting Mayor Frink reported in connection with the claim of Charles Donald that there was an unexpended balance in the bond for the Newman Dock sewer and that in order to pay the indebtedness against this work it would be necessary to increase the bond issue \$1,800.22, and moved that the bond be increased by that amount. This was seconded by Commissioner Wignore and carried.

Acting Mayor Frink was authorized to purchase granite curbing to the amount of \$27.80, being the unexpended balance of a former bond issue for granite curbing.

The commissioner of public works was authorized to purchase one horse, payment to be from appropriation.

Commissioner Harding was given authority to sell one horse belonging to the fire department by public auction or by tender.

DEPARTMENTAL ACCOUNTS.

The commissioner of finance and public affairs recommended payments of departmental accounts as follows: Public safety, \$1,882.22; public works, \$1,161.02; water and sewerage, \$262.37; harbors, ferries and public lands, \$2,401.08; treasury, \$2,312.32; and reported payment for March amounting to \$12,262.87.

The W. M. A. S. of Ludlow Street Baptist church held its regular meeting in the vestry of the church yesterday afternoon. Mrs. J. E. Rupert, president, was in the chair, and led the devotional period. Routine business was transacted. Plans were made for making up a hospital outfit to be sent to an hospital in an Indian mission.

WILL MAINTAIN AND REPAIR STEAMERS

\$20,000 Item to Examine Masters, Etc., Objected to in Commons

OTTAWA, April 6.—In committee of supply tonight the House of Commons voted \$1,500,000 for maintenance and repairs to Dominion steamers and for breakers, marine department. There was only a brief and desultory debate on the item, which is the same as last year.

On a vote of \$20,000 for the examination of the masters and mates, the opposition raised the point of economy. Several members were inclined to think that \$20,000 per annum was too much to pay to a supervising examiner of applicants for mariners' certificates. They thought that there would be only occasionally, any applicants to examine and that there could not be enough work to keep an examiner, plus a stenographer at \$1,500 a year busy.

Hon. P. J. A. Carlin, Minister of Marine, explained that the examiner's office is kept open all the year round, that applicants must be received at all times and that this particular examiner, located at Halifax, was also responsible in a supervisory capacity for such nearby districts as Yarmouth.

The vote carried.

Dominion Income Tax Returns Coming In

Returns for Dominion income tax for 1925 are coming in quite freely at the local office at the present time it was said yesterday by Norman P. McLeod, Inspector of taxation.

The recent prosecutions of defaulters have had a very salutary effect in bringing in the amounts owed by others, who have been slow in paying. The final day on which the first installment of the income tax may be made is April 30. For a few days before that time there will be members of the Dominion Police on guard at the office of the inspector of taxation.

SAYS WEST SIDE HAS TOO MANY VENDORS

Carleton W. C. T. U. Protests Appointments—City Union Discusses Prohibition

The Carleton W. C. T. U. members at their meeting yesterday afternoon at the home of the president, Miss L. J. Fullerton, considered the lists of beer licenses granted and the list of liquor vendors published in The Telegraph-Journal of April 2 and the opinion was strongly expressed that four vendors for West Saint John was too many.

It was pointed out that West Saint John had had special legislation which had made prohibition to be in force there for twenty years previous to the passing of the prohibitory law of the province.

It was the opinion of the W. C. T. U. members that public opinion did not warrant the appointment of four vendors in West Saint John.

The Saint John W. C. T. U. at its weekly meeting yesterday afternoon welcomed as new members, Mrs. F. K. McArthur, Mrs. Herbert Nichol and Miss Harvey. The meeting was presided over by Mrs. Hope Thomson, the president, who led the opening devotional period. Those who led in prayer were Mrs. Lawson, Mrs. Percy Traflet and Mrs. W. H. Humphrey. Mrs. Ellsworth Scott, who had been the delegate to the meeting of the New Brunswick Temperance Alliance meeting in Fredericton, gave a report of that convention and it was much appreciated. It was followed by a general discussion with reference to prohibition in Saint John.

Much regret was expressed at the absence through illness of Mrs. Charles Hutchings, Mrs. Mary Seymour, Mrs. C. W. Dickinson and Mrs. Taylor. The usual business of the meeting was carried out and the Misses Benedict closed a helpful session.

POLICE COURT

John Montague was fined \$200 in the police court yesterday afternoon for having liquor in his beer shop. J. Starr Tait appeared for the prosecution. James Budd was fined \$25, with an alternative of two months in jail, on a charge of doing grievous bodily harm to O. Stevens. Dr. Sutherland gave evidence.
