COMMITTEE RECOMMENDS
THAT ST. JOHN FUND BE
PART OF THE CANADIAN

Citizen Who Gave Thousand Says He Is Prepared to Make it Five Thousand if Necessary

At a meeting of the executive of the patriotic fund this morning in the board of trade rooms, Judge Forbes presiding, Mayor Frink reported in behalf of a committee on the matter, recommending that the local fund be merged with the Canadian and the secretary, R. E. Armstrong was authorized to confer with the authorities at Ottawa relative to conditions upon which the proposed merger would take place. The executive has not yet definitely decided to merge with the bigger fund, but the feeling of the members is favorable to the move. No action will be taken before complete information is available. A committee composed of the mayor, Senator Thorne, A. P. Barnhill, M. E. Agar, and Allan Schofield was appointed to consider the idea further.

SPEAKS OF WAR CONDITIONS

Fine Spirit Prevails England—In
Mile Square, Where His Work
Lies, Are Half Million People—
It Was There That "Jack the
Ripper" Terrorized Community

An interesting visitor in the city at the present time is the Rev. John Jameson, of Tower Bridge church, London, England, also closely connected for years with the missionary work among the submerged classes in the East End of the great metropolis. Mr. Jameson is making a tour of Canada, chiefly of a holiday nature, and expects to spend eight or nine weeks in the Dominion. In conversation with a Times reporter this morning Mr. Jameson said that his work was very strenuous, and just before the outbreak in Europe he was planning for a few months' relief by going his first trip across the Atlantic. His departure was delayed by the war, as there were thousands of people under his care that had to be provided for when the breadwinners of the family rallied to the call of the empire. Speaking of the European situation, he said: "This awful war has dislocated vast industries, destroyed the civilizing agencies for which central European nations stood, checking for the time being all economic progress. Every nation stands to lose by the war, and lose not only material wealth but also the hope of progress. England strove and strove with might and main to stop the threatened disaster. Sir Edward Grey exerted his great powers to make the cabinets of Europe realize that none could gain by war. England, against her will and with great repugnance, has been forced into this conflict."

"In true British spirit, the men of England have responded to the call to arms and all classes and parties are as one. All differences are laid aside, and even the militant suffragette has been pacified. England is fighting so, by the blessing of God, she is safe from war and the ceaseless threat against peace that has disturbed Europe for the last twenty years. For this reason this campaign must be waged so as to place wilful disturbers of peace of nations and all incentives to war."

With regard to his community work, Mr. Jameson said that his district was but a mile square, yet there were 500,000 people residing in that area. About 5,000 children were perpetually under his supervision, and just before leaving he was feeding 500 of the left without means by the departure of father or brother for the front, or by being thrown out of employment. He arranged before leaving that this work should be carried on in his absence.

The section in which Mr. Jameson is stationed in that which was terrorized some years ago by what was known as the work of Jack the Ripper. So prevalent was crime at that time that even the sturdy policemen of London feared to enter some of the alleys and lanes in the East End.

On account of my work among the children," said Mr. Jameson, "I was known all over the section, and could go any place without being molested."

Mr. Jameson will occupy the pulpit of Centenary church on Sunday evening and will preach in Portland Methodist church on Sunday morning.

THREE EACH; NOW FOR
THE DECIDING GAME

Fairville Royals Have Fought Their
Way Along Doggedly — Settle
Championship Tomorrow

While the war has interfered a good deal with sport in Fairville as well as elsewhere, yet a considerable number of fans have followed the ball games lately with interest, particularly when it became evident that the Royals had a fighting chance for the championship of St. John in addition to the local honor of heading the Fairville League by a substantial margin.

In contending with the Glenwoods of the East End League, Captain Hanlon and his braves realized they were up against a proposition of far different calibre than the Cubs and Athletics with whom they had been having an easy going summer and so it was with some what shaken confidence in their own ability that they faced the city aggregation for the opening battle.

The first three games were disastrous to the Fairville players having, for the time, lost their grip of anything akin to baseball, but in the fourth encounter they worked into their stride and came off victors and with this encouragement proceeded to land two more games in their favor, thus tying the series. Tomorrow the deciding game will be played on the Shamrock grounds and the Lancaster rooters expect to do their duty.

St. John frequently turns out a line of top notch material, but it has been quite a few years since Fairville has been able to take a place in the championship running. Hence the Royals are deserving of much praise from their admirers in forging to the front with good prospects of coming out leaders for the season of 1914.

The team has stuck together through thick and thin, always in the game and forgetting other engagements as of minor importance and their excellent teamwork and co-operative ability, as a result of this consistent devotion to the sport of sports, deserves appreciation of Fairvillers whether they come off champions or not.

THE BEST COLLIE

There was an error in the prize list in the Times last evening in the award for collies at the exhibition. The silver cup for the best collie in the whole show was won by Lars, owned by R. B. Humphrey (not by Mr. Sterling) of Jubilee, N. B. Mr. Humphrey is an enthusiastic lover of collies and says that if all farmers kept them and no others there would be no complaint about sheep being destroyed by dogs.

AN UNNECESSARY CALL

The ringing of box 113 last evening about seven o'clock called out the west side fire department, but on their arrival at the place from which the alarm was sent in they found no sign of fire and the author of the alarm was also missing. Instead of breaking the glass to get the key, the miscreant removed it intact by sliding it down through the slot used for replacing glasses.

McFARLAND-ADAMS

A pretty wedding took place last evening at the residence of the officiating clergyman, Rev. Wellington Camp, D. D., of Lethbridge street Baptist church, when William McFarland, formerly of Glaxville, Carleton county, but now of St. John, was united in marriage to Miss Myrtle Ivy Adams, a native of Shropshire, England, now residing in this city. The bride wore a very pretty costume of white serge and white felt hat with ostrich moult. Mr. and Mrs. McFarland will reside in St. John.

FOR THE RED CROSS FUND

The ladies of Nauwigewauk, Jubilee, and French Village, the latter comprising the upper section of Robesay parish, held an entertainment for the benefit of the Red Cross Fund in the hall at Nauwigewauk last Friday evening. It was very enjoyable and netted \$88 for the fund. A lady in her eightieth year who could not attend visited the home of the president and expressed her regret, and gave a personal contribution of a dollar to the fund.

Buying Clothing Should Be A
Profitable Investment, Mr. Man

You want to get all that's coming to you when you spend your money, don't you? But do you get it? If you buy your clothing anywhere outside of Oak Hall we emphatically say you do NOT.

Now a man spends considerable for clothing in the course of a year, and a saving of five dollars or ten dollars on a purchase is too important a thing to be side stepped in these days of the increasing cost of living.

And you are side-stepping just such savings when you fail to buy your clothing at Oak Hall.

Of course you know that when you buy of us you buy of the makers. You thus SAVE the middleman's profit, which profit you must pay at other stores. You see, therefore, the reason for the difference between our prices and other stores' prices.

And besides saving money you will get clothing that has no superior in quality, style and durability.
