DENOUNCES SCHOOL
SYSTEM OF QUEBEC

Montreal, Feb. 28—The domination of the Roman Catholic church, the voluntary system of education, and the payment of school fees were attacked by Dr. J. A. Nicholson, registrar of McGill University, in an address to the St. James Literary Society here tonight as impediments in the educational system of the province of Quebec.

ed their bare rights. He said Quebec was the only province in Canada, and almost the only place in the civilized world where school fees were exacted for a primary and high school education. The transference of the control of education to the federal government, the abolition of French as an official language were favored by Dr. Nicholson.

Women workers in New York are second letter he stated that a census had been taken for one week of the traffic of Fairville on the cars, and gave the number of passengers on the cost of operating was also stated and the writer contended that the Fairville service was not paying.

Mr. O'Brien said that at a subsequent meeting with Mr. McCormack the latter said that the schedule would be improved by having the cars make fewer stops, and that in order to do this the poles along Douglas avenue would have

of the province of Quebec.

"Not until these evils are done away with will the intelligence of the citizens of this province be raised," he added. He declared that the English-speaking people of this province were not accord-

Citizens of Fairville Meet and Protest Strongly Against Present Conditions-To Take Action

A meeting of the citizens of Fairville, which took place last evening in the court room there, declared itself strongly on the matter of the service that is being given on the street railway in the Fairville section. There were more than fifty men present at the meeting. Amador W. Anderson was elected chairman of the meeting and H. Marshall Stout, secretary.
W. A. Nelson explained in detail the act of 1906. It states that adequate ser-

vice must be provided for the people of Fairville and that when car service is not Farville and that when car service is not practicable, a conveyance must be provided by the company to connect with the line to West St. John. Other sections of the act were explained and Mr. Nelson contended that the street railway has in no way lived up to its obligations. He cited several personal instances of long waits for cars, and told of some cases where researches hed to of some cases where passengers had to wait as long as thirty-five minutes for a

Councillor John O'Brien said that he and Councillor Golding had made representations to the company, requesting that the service be improved, and he read two letters from M. E. McCormack of the company respecting the situation. In the first letter Mr. McCormack stated some reasons why he did not favor a shuttle service through Fairville to connect with the West End cars; that he nect with the West End cars; that he favored a service whereby fewer stops be made in through service cars. In the second letter he stated that a census had been taken for one week of the traffic of Fairville on the cars, and gave the number of passengers on the cars daily. The cost of operating was also stated and the writer contended that the Fairville service was not naving.

poles along Douglas avenue would have to be renumbered. The weather con-ditions had interferred with this work and so nothing had been done

At this point in the meeting there were expressions of disapproval from all sides and several citizens repudiated ation of the case in the matter of Fair-ville travel. They contended that every day a large percentage of the people walked down to the corner to take the West St. John car, rather than wait for the car going up Fairville and so no census taken by the company would be a correct estimate of the travel on the cars by the people of Fairville.

Rev. Thomas Marshall said that it was in his opinion that the sentiments of the in his opinion that the sentiments of the meeting should be laid before the county

appointed to serve with the Lancaster highway board to impress on the New Brunswick Power Company, the sentiments of the public. The committee chosen is composed of W. J. Linfon, S. T. Tippet and H. M. Stout. An amendment to this mation was afterward conment to this motion was afterwards car-ried to the effect that the committee mentioned, in conjunction with the Lan-caster highway board and the two county caster highway board and the two county members, should appear before the New Brunswick Power Company to request that adequate service be given to the people of Fairville, and to state that the people have a right to expect it.

It was decided not to add any members to the committee appointed at the meeting in the Seamen's Institute recently to oppose the New Brunswick Power ly to oppose the New Brunswick Power Company's bill at Fredericton, It was moved by H. Marshall Stout

SPECIAL SHOWING OF

THE FAMOUS Chase Plush Robes

Unequalled for Motoring

They possess many of the best features of Real Fur Robes and in many ways are superior. Comfortable, pliable, sanitary, free from odor, and fast colors. The standard pile of these Rugs is made from specially

selected, real animal hair insuring protection from weather, like the fur of animals.

Unlike other Robes, they do not shed, and the wear coming on the top ends of the animal hair, they give longer service. The pile is smooth and bright, so that all dust or dirt is removed by simply shaking the robe. Extra large sizes, single or double thickness, plain colors or fancy patterns.
