HERE IS THE PROGRAMME FOR THE OLD HOME WEEK

Promises One of Best Celebrations Ever Held BUSHY ALL THE TIME

Courtenay Bay Work Opening, Band Concerts, Baseball and Other Sports, Parades and Other Features of Six Big Days

One of the gayest and probably one of the most enjoyable events in the history of the city will be the Back to New Brunswick celebration next week.

With the advent of the new period of development, expansion and progress in the city and province, which have almost stood still for many years, will become the mecca for many residents of the province who will return here to live under more prosperous conditions than those which drove them forth to seek their fortune elsewhere.

For those who are coming back, however, the city is preparing to welcome them with a programme of amusements and festivities which will indicate the warmth of their welcome and to emphasize the fact that although St. John is busier than ever, the people are not too busy to enjoy life or to entertain their returning friends.

The week will be padded with amusement features. There will be something going on all the time and something to appeal to the taste of every class of amusement seeker as well as those on more serious business bent.

The official opening of the celebration will be on Tuesday but several of the amusement features will commence their programmes on Monday. Visitors arriving in the city on Tuesday will be met and greeted by the Artillery Band and in the evening a civic reception will be held. Other receptions will be held during the week by the fire departments and salvage corps, the High School Alumni and St. Vincent's Alumnae and other organizations.

The opening of the Courtenay Bay week, which will include the largest dry dock in the world, will take place on Thursday with appropriate ceremonies, including speeches in the afternoon, luncheon for the distinguished guests and a formal banquet in the evening.

There will be parades of the military forces, cadets, boy scouts, decorated automobiles and of the fire department during the week.

PINKERTON PLAYED IN EVERY GAME; AND HAS FINE BATTING AVERAGE OF 306

McGovern and Riley at the Top in The Fielding Figures—Here is the Showing of all Marathons at Bat and in Field

The table printed below, shows the batting and fielding averages of the Marathons team not including yesterday's game. All the players, with the exception of Sheldon Cook, Jr., who played with the Greeks at all this season, are included in the compilation, and the only reason Mr. Cook's is not there is because he did not stay long enough in any game to get into the column. It will be seen that Pinkerton, the snappy second baseman is practically leading his players in the batting list, having played in all the twenty-five games with a batting average of 306. This is going some. Interest is also drawn to McGovern's fielding average. Mack has played in twenty-two games in which he had 100 putouts, 28 assists and only 3 errors, giving him an average of 973. Riley shows up well also.

Table with columns: Player, Position, Games, A.B., R., H., Avg. Lists McGovern, Riley, Pinkerton, etc.

Hong Kong, July 6.—The recent attempt on the life of Sir Francis Henry May, governor of Hong Kong, proves to have been political. The attendance for June in the Free Kindergartens was above the average. The rooms were kept bright and pretty with bunches of dandelions, violets, buttercup and other flowers and the children have been getting very near to nature by studying about the flowers, the bees, butterflies and insects. The stories, games, morning talks, and songs have all been relative to the topics and the outings by bus and street car have added much to the enjoyment of the little people.

INSURANCE ACT OPPOSITION COLLAPSE

My forecast last week of an early collapse of the organized passive resistance movement against the insurance act has been quickly verified. The servants' campaign against the act was led by the Daily Mail group of papers. Month by month these supported matrones and maids who promised to refuse to pay the insurance tax.
