A STERN CONDEMNATION.

nto Coroner's Jury Says Christian

The jury in the case of Roy Lewis, is North Markham street, Toronto, the six-year-old boy, who died on Aug. 18 from diphtheria while being treated by a Christian Scientist named Richard Perry, brought in an unexpectedly strong verdict on Tuesday night. The boy's father and mother, as well as the demonstrator, Perry, at the previous session of the inquest, had maintained that they relied on nothing but Christian Science to restore the boy's health, and that no measures were taken to isolate the child or to prevent contagion.

ken to isolate the child or to prevent contagion.

Tuesday night the jury handed Coroner Cotton the following verdict:—
"That the said Roy Lewis came to his death on Tuesday, Aug. 13, at the home of his parents, 18 Markham street, from diphtheria, and we find that Andrew Lewis, the father of the deceased, showed culpable criminal negligence in not providing medical assistance, medicine, nursing and comforts, and that Richard Perry, the Christian Science demonstrator, was an access and that Richard Perry, the Christian Science demonstrator, was an accessory after the fact, inasmuch as he undertook to advise and treat a dangerous and contagious disease, which he admitted he was totally ignorant of. The teaching of this sect known as the Christian Scientists, as brought out in the evidence, is a danger to the community, and the jury would recommend that the law should make it a criminal offence for a demonstrator of this peculiar sect to attend or treat a case which is not being attended by a duly qualified practitioner,"

Lewis was arrested yesterday, and a warrent is also out for Perry.

Stratheona Sails-Steamers Crowded-Must Get Experts From

and Chief Justice Oliver Wendeil Holmes of the supreme court of Massachusetts.

The usual run of the summer congestion on the trans-Atlantic steamers now prevails, and it is practically impossible to secure a berth on any of the vessels until the end of September. The reconstructed Philadelphia (formerly the Paris) is just out in time to relieve the pressure, and former prejudice that may have existed in connection with the Paris must have vanished as she is full booked for her maiden voyage, as high a price as £150 having been paid for suites abourd of her. The Hamburg-American liner Deutschland also is crowded. She sailed on Friday. It is said that no less than sixty passengers were booked on her for one western city ation. Her passenger list included a large number of Pittsburg manufacturers who had concluded a tour of Europe made for the purpose of investigating German and British steel plants.

"We find in Pittsburg," said John K. Bryden, ' that it is almost always necessary to get fresh supplies of super-Intendents from Dusseldorf and other German centres. So far as the strike is concerned, we all believe that the manufacturers both in the trust and out are too willing to pay fair wages to permit the men to long remain idle." Henrif Fournier, the French automobilist, and Tod Sloan, who has become a chauffeur, who are aboard the Deutschland, not only intend to race with automobiles in the United States, but, it is understood, contemplate the establishment of a large factory in New York.

#### THE STEEL STRIKE.

It Has Now Lasted Six Weeks-No Sign of Settlement.

Sign of Settlement.

PITTSBURG, Pa., Aug. 24.—The closing of the sixth week of the great steel strike find the controversy apparently as far from settlement as it was the 13th of July, when the joint conference of manufacturers and workers disagreed and President Shaffer, of the Amalgamated Association of Iron, steel and it workers issued his first order calling out the employes of the sheet steel and steel hoops companies. After forty-three days both sides maintain the same firm front and the contest which has been waged bitterly, with varying success gives promise of continuing for an indefinite period.

Yesterday's conference of labor leaders to devise means for bringing about a settlement was devoid of results and it rests with the conferers as individuals to seek another conference for the Amalgamated Association with the Umited States Steel Corporation executives, or to arrange for arbitrating the differences. According to the statement of the participants, no mention was made of the miners or other trades taking sympathetic action. In short, the meeting made no effort to extend the strike to affiliated trades.

OTTAWA, Aug. 23.—Rev. D. C. Sanderson, pastor of the Methodist church, and Rev. Foster McAmmond, of the Perth Methodist church, were on their holidays to Buffalo and Syracuse. Mr. Sanderson was arrested in Syracuse on a charge of drunkenness, and a keeper of a disorderly house testified against him. Hev. Mr. McAmmond, who was in the police court, said Sanderson was drugged. Both registered at the Hansion house under assumed names. Rev. Mr. Sanderson arrived last night at Almont.
