FRANCE MAY HAVE TO GO BEYOND CONVENTION'S ORDER
Artillery is Being Sent to Casablanca to Replace the Machine Guns Now There.
PARIS, Aug. 14.—Competent government circles decline to discuss the possibility of France eventually being compelled to overstep the limits of the terms of the Algeiras convention, but the following statements on Sunday from an authoritative quarter say: "Events may force our hands, but until they do we shall try in good faith to carry out the mandate which we hold from the powers."
It was officially explained this morning that the artillery being shipped to Casablanca from Ogn is designed to replace the machine guns and other artillery landed from the warships which are not of sufficient range to reach the camps of the rebel Moors.

ROSEBERY OPPOSES SCOTTISH LEGISLATION
A Dramatic Speech, of No Weight, Sings the House of Lords—Conservatives Are Delighted.
LONDON, Aug. 14.—Lord Rosebery made another of his meteoric appearances in the House of Lords last night and delivered an able speech against the government. With great rhetorical brilliancy he denounced the government's Scottish small land owners' bill. The rumor had gone forth that Lord Rosebery was to speak and the House was filled to listen to a Liberal Peer castigate a Liberal cabinet. Lord Rosebery declared that he wished the government well, but he ridiculed its efforts to legislate for Scotland. His complaint was that the bill in question would "crochetize" Scotland.
In the most scathing manner and with an abundance of dramatic gesticulation, the speaker declared he would not be a party to the introduction into the health body politic of Scotland of the "poisonous bacillus of the Irish-Chancellor."
The Conservative Peers were delighted and cheered Lord Rosebery to the echo. His speech was the event of the evening, but the Conservatives themselves doubt whether it will have much practical effect.

WANT ROOSEVELT TO WORK FOR SETTLEMENT
CHICAGO, Aug. 14.—The directors of the Chicago Board of Trade yesterday asked the president of the Board of Trade to appeal to President Roosevelt to use his personal influence towards effecting a Conservative telegraph strike. President H. H. Sager sent the following telegram to President Roosevelt at Oyster Bay: "The business of this country which is suffering such serious loss to the extent of millions of dollars each day on account of the strike which is being waged by the telegraph companies and their employees demands an immediate settlement of the differences at issue so that a national catastrophe may be avoided. In this great emergency we look to the chief executive of this country to take a personal hand."

THE STAR
Makes no boast when it claims to be St. John's most popular afternoon paper for today, as in the past, it is read by more people than any other evening contemporary. To the thoughtful advertiser the above statement is pertinent, for the advertiser wants that paper which "pulls" the business and the Star is the paper. Besides it is the home paper, the paper that the wife and children read; and the Star covers St. John like the Morning Sun.

In the Shoot-off in the Tie for the Donville Cup, J. F. Emery Won from J. Downey.

SUSSEX, N. B., Aug. 14.—The second day of the P. R. A. rifle meet dawned bright and clear, and at eight this morning the shooting in the association cup contest commenced. The day is an ideal one for shooting, there being no wind on the range. Large crowds were present this morning, and it is expected that when the final proceedings and great interest is being taken in the matches.
The ranges being shot at are 200, 500 and 600 yards. At 12 o'clock the 200 and 500 yards had been shot off.

The two leaders are already prize winners, Gladwin having won the Donville cup and Archibald the Prince of Wales cup. The St. John marksmen scored an inner, which won the Donville cup and Archibald the Prince of Wales cup. The St. John marksmen scored an inner, which won the Donville cup and Archibald the Prince of Wales cup.

The men led yesterday with 32 points. They again led this morning, and were obliged to shoot twice. In the last round Sergeant Downey made a magnum and Emery scored an inner, which won the Nursery cup and 410. Sergeant Downey won \$8, the prize for second place.

CRIMINAL WAS LOCATED BY HIS FINGER PRINTS
Black Hand Blackmailer Located by New Jersey Police by the Bertillon System.
ELIZABETH, N. J., Aug. 14.—Traced by finger prints discernible in an ink impression of a black hand signed to a letter received by Father Peretti, St. Anthony's Roman Catholic, in which the priest is threatened with death unless he turns over \$300 by Sept. 1. Michael Vento, an Italian barber, was arrested as the writer of the letter. The police rounded up several Italians and ink impressions of their fingers. Edward Schwartz, who is at the head of the Bertillon bureau in Newark, declared that the impression in the letter corresponded with the impression of Vento's fingers taken by the police, and on this evidence a conviction is hoped for.

BIGGS-RODD MARRIAGE AT AMHERST TODAY
AMHERST, N. S., Aug. 14.—A very quiet home wedding took place this morning when Margaret Rodd, daughter of Mr. and Mrs. Rodd, was united in marriage to Douglas Biggs, the well known traveller from Fredericton. The ceremony was performed by Rev. Mr. Crosswell, rector of Christ church. The bride was becomingly dressed in a tailored made gown of brown broadcloth and carried a handsome bouquet of white roses. Only immediate friends and relatives of the contracting parties were present. The presents were numerous and costly, embracing a handsome cheque from the bride's father.
A dainty luncheon was served immediately after the ceremony, and the young couple left on the C. P. R. for an extended trip through Prince Edward Island. Both the bride and groom are well known throughout the Maritime Provinces, and their many friends will join in extending to them best wishes for future success.

THEIR PICTURES IN SALOONS, KEEP MEN FROM DRINKING
PONDULAC, Wis., Aug. 14.—As a result of Pondulac's Unique "Jag" ordinance requiring that the portraits of habitual drunkards shall be posted in all saloons of the city, together with notices of saloon keepers to sell them no liquor under penalty of losing their license, the Galaxy of "Blaze" celebrities is interesting. The common council ordered E. A. Simon "posted." Mat Dengel made the unusual request that his own photograph be included in the list, as this was the only way he could get sobered up and return to a decent life. The only photograph to adorn the Saloon Gallery previously was that of Mat Farro, a substantial property owner and taxpayer.

CHICAGO, Ill., Aug. 14.—The Federal National Bank last night went into the hands of a receiver, a collection of financiers headed by John Worthington, of Kansas City, Isaac N. Perry and his associates transferred their entire interests to the new owners and passed completely out of the life of the bank.
Rev. G. W. Troop, who has since been placed in charge of St. Martin's church, of which his father, Rev. G. Osborne Troop is rector, will leave this city at the end of the month to go to Washington, D. C., where he has been appointed to the curacy of St. John's church. Rev. Mr. Troop has made for himself many friends in Montreal church-going circles, and his early departure will be learned with regret.—Montreal Star.

NEW YORK, Aug. 14.—It is announced that cable communication with Tokio, Osaka, Kobe and Yokohama, was cut off today. The cause of the interruption has not been explained.

Earl Grey Before the Canadian Club Speaks Hopefully of the Future of the Maritime Provinces and of St. John—More Modern Ideas Should Prevail.
The dinner given by the Canadian Club in honor of His Excellency today was quite an elaborate affair.
Over 200 guests were assembled. The York Assembly rooms had been tastefully decorated and flowers were spread in profusion over the tables.
The vice-regal party arrived at 1.30 o'clock. The other guests of the club who had been waiting in the anti-room were then introduced to His Excellency after which the party repaired to the main dining room where the members of the club were gathered in readiness.
Upon his arrival His Excellency was received with prolonged cheers.
Dr. Bayard was among the guests, and, assisted by His Worship, the Mayor proceeded to his place at table.
Before luncheon was served Rev. Wm. Kilgaring pronounced grace.
President Earle, of the Canadian Club, conferred the honorary membership of the club on one of the oldest citizens of this city, Dr. Bayard. He paid an eloquent tribute to the worth of Dr. Bayard who is a noble exponent of all that is good and worthy.
President Earle spoke of the feeling predominating among friends from the homeland and from across the border. The President said His Excellency was not present as Governor General, but as an honorary member of the Canadian Club of Winnipeg. He then proposed a toast to "Our fellow member from Winnipeg, our guest of the evening."
Upon rising, Earl Grey received with loud cheers. He said he greatly appreciated the honor paid him in being received not only as governor general but as a member of the Winnipeg Club. He spoke in a strong voice, his enunciation was clear, and his anecdotes were very apt.
He was always glad to accept an invitation from a Canadian Club. He had been asked by an American who was Canada's contribution to the Empire. He said he regarded the institution of Canadian Clubs as a distinct acquisition to British supremacy. The cordial influence which hurried down republic in the past was local and party feeling. The Canadian Club cannot be regarded as an open window through which the white light from outside could shine inside.
He said that one day Canada might be the controlling influence in the Empire, and the Canadian Club was a great influence for good. It overthrew the reign of boodles when such was rampant.
The visit to St. John completed his official tour, and he said that "you are the last province, you are certainly not the least of the great provinces I have visited." The prosperity of a nation depended on its soil, and that of Canada could be seen in the provinces where the spirit of the United Empire Loyalists still exists. The city of St. John, which was built on solid foundations of loyalty, is a shining example of the industries and situation of the city, which is so greatly endowed by nature. He felt a great future was in store for St. John.
It is the maritime provinces of the world which have been the centre of culture and advancement. The Phoenicians, Dutch and English provide examples of this. The history of Holland should always be a warning and incentive to the people of New Brunswick. Holland became a world power. The fishing industry laid the foundation of the greatness of the Dutch. He thought the people of this province clung to crude methods of catching and curing fish and they should advance in this matter so as to advance along the whole line. The fate of Holland shows what happens if local and individual interests are allowed to spread their influence over national interests.
He said he had not, as reported in Halifax, asked that Canada should immediately contribute to the support of the British navy. It is obviously impossible for the population of the United Kingdom to maintain the navy necessary for the defence of the empire. He never suggested that the time had come for Canada to take up its burden of imperial defence, which she will have to do at some time.
He believed there are other directions in which Canada should expend her present wealth. The Empire and Canada's energies should therefore be concentrated on what would increase her strength.
Upon the conclusion of His Excellency's address Premier Robinson moved that a hearty vote of thanks be extended to him. After prolonged cheering the party broke up.

Mr. and Mrs. Edwin Hartshorn of Newwood, Mass., arrived on the Yalo yesterday morning, and are the guests of Mrs. Harrison's sister, Mrs. Mansford Kincaid.
