

THE FORMULA OF "FRUIT-A-TIVES"

Is On The Outside of Every Box For All The World To See

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and nerve tonics and antiseptics.

Everyone knows that fruit juice is healthful—but perhaps some do not understand why this is true. Fruit juice consists of about 91 per cent water, 8 per cent of sweet principle, and 1 per cent of a bitter substance. It is the quantity of bitter principle in fruit that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus increasing the medicinal or curative qualities.

The juices are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, some of the sweet atoms are replaced by the bitter principle. Then tonics and antiseptics are added, and the whole made into tablets, now known as "Fruit-a-tives."

"Fruit-a-tives" is the only medicine in the world that is made of fruit juices, and is one of the few remedies that have left their composition known from their introduction to the public.

"Fruit-a-tives" is nature's stimulant for the liver, bowels, kidneys and skin. It cures obstinate Constipation, Liver Troubles, Indigestion, Backache, Rheumatism, Headaches and Impure Blood, this wonderful fruit medicine cures when everything else fails.

"Fruit-a-tives" is sold everywhere at 50c a box, 6 for \$2.50, or trial box, 25c, or will be sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

Happenings of the Week

Chilly weather and raw winds are hardly conducive to the comfort of those in the country at this time of year, so each week finds a few more town houses which have been closed for several months, open once again and the outlook for a gay and busy season is assured. Weddings both in the city and away have been the predominant feature of the week and society garbed in the latest fall fashions have added greatly to the brilliancy of the festivities. Daily the golf links are thronged with enthusiastic players and although the tennis season is fairly well advanced, the pastime generally continues until late in the season.

EARLY CLOSING LAW WILL BE RECOMMENDED TO COUNCIL

Bills and By-Laws Committee Ask That Petition of Association be Sent to Legislature.

The chairman said that in Nova Scotia, and all the Maritime Provinces there was provincial legislation covering the question of early closing. After the delegation had retired, Ald. Baxter moved that the Council be recommended to forward the petition to the local government with a memorial to the effect that the city favored the enactment of a general provincial law authorizing municipalities to make discriminatory regulations as to the early closing of stores. This motion was adopted.

The Chinese problem was then taken up again. Ald. Baxter moved that the committee recommend that the prayer of the Chinese regarding the limitation of the number of laundries be not granted.
Ald. McGoldrick favored raising the laundry license and enforcing more stringent sanitary regulations.
Ald. Baxter thought Dr. Melvin would look into the sanitary conditions of Chinese laundries and have the Board of Health ask the legislature for an act dealing with the matter from the point of view of public health.
The chairman stated that he had made a collection of the by-laws of other cities governing vehicles.
Ald. Potts wanted to know what had become of his resolution in council instructing the committee to secure legislation compelling the telephone and telegraph companies to put their wires underground within five years.
Ald. McGoldrick said these companies had secured their street franchise from the legislature. All the city council of his resolution in council instructing the committee to secure legislation compelling the telephone and telegraph companies to put their wires underground within five years.
Ald. Potts said that the committee should get to work now and not wait till just before an election. As an election dodge it was dangerous because the companies were powerful.
Ald. Potts also asked whether anything had been done to reduce the poll tax from \$5 to \$2.
The common clerk stated that the chairman of the board of assessors and Ald. Willet had been appointed a committee to consider the feasibility of reducing the poll tax.
The committee then adjourned.

The party visited Moncton, St. John, Fredericton and Woodstock, returning again to Moncton via Joliette, Moncton, Shediac and other centres on their return. Talki with The Leader, Mr. Stables said the roads were in fine condition and no difficulty whatever was experienced.

TRANSFER RATIFIED

Continued from page 1.
Ald. Baxter said the city should not determine the terms as affecting the C. P. R. The city should determine government possession of the property subject to the conditions as to providing services, road ways, etc.
The Mayor said it was a confusion of the issue. Ald. Baxter said it was the issue. He was prepared to trust the government, but in the light of past experience he had no faith in the C. P. R. It would do anything it could get, and evade carrying out its part of the bargain if it could.
The Mayor said Ald. Baxter's motion overturned the whole line of action upon which they had proceeded.
Ald. Potts said the C. P. R. was simply holding up the innocent people of St. John.
Ald. Scully thought the 40 acres were of little value to St. John, as they were under water. The transfer would help the taxpayers. He thought Ald. Baxter's motion would be all right if it did not confuse or postpone the completion of the transaction.
Ald. Hayes expressed a similar opinion. The city should not hold up the government when the latter was ready to provide facilities the city could not provide itself.
Ald. Baxter said his motion was not introduced with the object of causing delay.
Ald. Likely moved in amendment that the report be taken up section by section.
Ald. McGoldrick said he could have made the transfer in half the time the council had been attempting it. He thought the city needed anything which the C. P. R. would bring here and that 90 per cent. of the people would vote for the transfer. He was glad to see Ald. Baxter was no longer determined to bank the will of the majority.
Ald. Likely's motion was then adopted by the following vote:
Yeas: Likely, Elkin, Willett, Russell, Scully, Jones, Hayes and White.
Nays: Baxter, Potts, Smith, McGoldrick, Sprout and Vanwart.
The report was then considered section by section and some slight alterations made in the proposed agreement.
In reply to Ald. Jones Ald. Baxter said the reservation of the 40 foot strip was in his opinion a farce. There was no legal way to use it, but practically he thought it was impossible. It was a freeze out for the C. P. R.
Some discussion took place on the question of whether a draft of the agreement should be submitted to the council for ratification. Ald. Baxter called attention to the fact that the proposed lease was for 99 years; he did not think that the C. P. R. would consent to take the property for that period.
On motion of Ald. Likely it was decided to substitute 990 years for 99 years.
The general committee then decided to report to the meeting of the council on Monday and adjourned.
Sessions will commence on Monday afternoon.
The observance will open with Holy Communion at 7.30 a. m. in Trinity church when Rev. Dr. W. H. Van Allen, rector of the church of the Advent, Boston, will preach. Luncheon will be served to the clergy by the ladies of the church, and the observance will continue all day.
