WANTS AUTHORITY.

Washington, Dec. 19.—A resolution asking the state department to inform the Senate whether American peace commissioners are advocating destruction of German warships or other enemy property, and, if so, by what authority, was introduced today by minority leader Lodge, and without discussion was laid on the table.

BOLSHEVKS ON WARTHAP.

Stockholm, Dec. 19.—Bolshevik troops marching westward have reached a point 100 miles east of Riga, and representatives of the Lithuanian republic have asked the Entente nations here for assistance in fighting the Bolsheviks. The soldiers of Lenin are advancing immediately behind the retreating Germans. They are taking houses, pillaging and levying contributions. For Mutual Protection. London Daily Chronicle: "The freedom of the seas is a subject about which Germany has constantly sought to create differences between Great Britain and the United States. It is every credit of account of the fact that on this occasion she will not succeed. Risks of Anglo-American friction will be removed by mutual tact. But in fact the world-developments are bringing the interests of the two countries more closely into line here. Formerly the Americans could always assume that in any war between Great Powers they would be neutrals; now it is evident that future probabilities lie all the other way. And they may draw a useful warning from British experience.

Western Methods in China.

Canton Times: "If the two hundred thousand dollars which the residents of Canton spend at the year-end to post red papers and golden flowers upon their walls and doors to attract good luck, will be appropriated for publicity and other educational enterprises, helpful to the community, both Canton itself and the world at large will become better acquainted. Of course to speak and suggest is easy but to carry out the plan is hard. It will take some time before the public will follow good advice, but it is always possible now to preach and to educate those whom we may come in touch. Cantonese are willing to spend money to attract good luck and prosper."
