

movements which may lead to a general understanding and *modus vivendi*, on the part of all Evangelical Churches, on the momentous question of how they can best work together to bring the masses of the people in this vast country of ours, from the Atlantic to the Pacific, now and in the future, to the knowledge and Love of our common Lord and Saviour Jesus Christ.

GEORGE CORNISH.

Montreal.

I AM WITH YOU ALWAYS.

Jesus art thou always with me ?
 Ever watchful, loving, strong ?
 Is thy helpful hand beneath me
 All my weary way along ?
 O ! the shame of my forgetting,
 O ! the folly of my fears ;
 Cease, my heart, thy fruitless fretting,
 Back my bitter burning tears.

Jesus with me ! Yes, 'tis spoken,
 And the promise must abide,
 Though my blindness finds no token
 Of his presence at my side.
 Yet when trials cluster round me
 Faith discerns his beaming face,
 Heavenly radiance then surrounds me,
 Doubts and terrors fly apace.

Up my soul ! the promise grasping
 Cast aside each needless care,
 Christ thy hand is kindly clasping,
 Find in Him companion rare,
 Faithful friend who will not leave thee
 Till thy trials are all past,
 Till the pearly gates receive thee
 And thou reach thy home at last.
