MEMORANDUM FOR THE  
PRIME MINISTER:

C155816

28 Sept.

Attached is an interesting note from Christie regarding some comments of General H.S. Johnson, one of the most widely read columnists of the United States press, on the regimentation that has already occurred in Canada.

Christie's suggestions are based on the assumption that we are having a Bureau of Public Information. Certainly I do not think this sort of matter should be trusted to the C.B.C. staff.
