Ottawa, February 23, 1911.

Rev. Sir,

Mr. Inspector Green, in his last report, points out that iron ladders for fire escapes should be supplied on the William Lake Industrial School.

As it is essential that proper means of exit from the dormitories in case of fire should be provided and as this building is the property of the Church I have to ask you to be good enough to take steps to make provision for adequate fire escapes.

Your obedient servant,

  
 Asst. Deputy and Secretary.

Rev. H. Soening,

Principal,

Williams Lake Industrial School,

Williams Lake P.O., B.C.
