Ottawa, 18th March, 1915.

Rev. Sir:-

I am in receipt of your letter of the 9th instant with enclosure in further reference to the erection of a house for John Henry, and in reply I return herewith the account of \$ 7.50 which you submitted from Joseph Bryden. It has been attached to voucher forms in duplicate. Kindly fill in at the head of the voucher form the name of the person to whom payment should be made. It is not clear whether a cheque should issue in favour of Mr. Jos. Bryden or in your favour. When you have completed the voucher form as indicated you should return it to the Department and the matter of payment will be given attention. In this connection, I may say, that when writing you on the 18th February, the Department did not intend to ask for receipted accounts, but merely for accounts in detail and in duplicate. The request for receipted accounts was due to a clerical error which is regretted.

I also return herewith the accounts which you have submitted from Mr. A.D.H. McKinnon, and also the account in favour of The Rhodes Currey Company. These accounts have each been attached to voucher forms in duplicate. Kindly sign the certificate at the foot of the voucher forms and re-enclose the account to the Department in order that the matter of payment may be dealt with as promptly as possible.
