## LARGE FUNERAL

The funeral of the late Miss Charlotte Hox took place this afternoon from her late home, Head street, to the Maple Lead cemetery, Rev. A. M. MacGillivray, pastor of the First Church, officiating.

Miss Hox's untimely death—she being but 19 years of age—is mourned by a very large circle of friends, as shown by the floral tributes, which were very numerous and beautiful. Much sympathy also is expressed for the bereaved father and mother and the remaining children, Misses Muriel and Martha and Master Willie.

The funeral, although private, was largely attended by friends of deceased. The choir boys of Christ Church were present and sang two favorite hymns of deceased, "Art Thou Ready," and "Peace, Perfect Peace." The pall bearers were Bob Tobey,

James Trotter and Will Foreman, of this city; R. Oudmore, of Detroit; P. Bannan, of Glenheim, and K. Duncan, of Thamesville.

## Commission to Fix Rates.

Washington, D.C., Feb. 10.—By a vote of 326 yeas to 17 nays, the House yesterday afternoon passed the Esch-Townsend Bill extending authority to the Inter-State Commerce Commission to fix railroad rates.

## Tried On March 6.

Cleveland, Feb. 10.—The trial of Mrs. Cassie L. Chadwick in the U. S. District Court has been set for Monday, March 6.

Negligence is the rust of the soul that corrodes through all the best resolves.

It doesn't take two pairs of half-hose to make a whole.

## STRIKERS' BLOOD FLOWS

Sosnovice Scene of Latest Bloody Russian Conflict.

Fifteen or Fifty Were Killed and Thirty-Five Were Wounded—Barrage of Another Collision At the Nifka Mine in Which 150 Persons Were Killed—Another Governor Slain By the Strikers At Moscow.

Berlin, Feb. 10.—Press despatches from Sosnovice describe the bloody character of the conflict between the military and strikers at the Katherinen Iron Works. One correspondent telegraphs that 15 persons were killed and 35 wounded, while another gives the number killed at 50. The military fired eight volleys. Another collision occurred at Nifka mine, beyond Modrzew, where it is rumored 150 persons were killed. A third collision occurred yesterday afternoon near Milovice, but this affair was bloodless. It was feared that numerous outbreaks would take place last night in various parts of the strike district of Russian Poland, since strikers were gathering in groups, gesticulating and talking in a threatening manner.

## Another Governor Slain.

London, Feb. 10.—Special despatches from Warsaw, published in the morning papers here, report the death of Governor-General Tcheretkoff of the Province of Warsaw, who was wounded in the encounter between the troops and the strikers.

## It Looked Grave.

Lodz, Feb. 10.—At several establishments the strikers yesterday were paid three days wages as an advance, although it was claimed that nothing was legally due them. The managers of Heintzel's mill refused to pay anything, and the workmen threatened to wreck the place. The military prepared to fire, and for a moment the situation was grave, but the management yielded. Another manager refused payment, but at the point of a revolver was compelled to promise payment to-day. Employers are paying only as a method of expediency. There were serious disturbances yesterday at Pabianice. The troops fired on the workmen, killing one and wounding two.

## More Trouble Due.

St. Petersburg, Feb. 10.—The men in two more factories, one of which is a small concern, employing only 300 hands, ceased work yesterday and more of the employees of the Putiloff Iron Works joined the strikers. The renewal of the strike, however, has not yet assumed a threatening form. At the Putiloff Works about one-third of the force are said to have quit work at the expiration of the night shift. Two battalions of troops are stationed at the works. Four other establishments are idle.

## Gives Great Satisfaction.

St. Petersburg, Feb. 10.—M. Witte's policy favoring the widest discussion of the reforms, is giving the greatest satisfaction. It is understood that Privy Councillor Kobeko will summon a conference of editors before proceeding to discuss the press reforms and the Metropolitan of St. Petersburg is convoking ministers of all creeds prior to the consideration of a special committee of the point in Emperor Nicholas' ukase dealing with religious tolerance. The liberality and energy displayed by M. Witte in directing the whole question of reform has startled the reactionaries.

## BEFORE THAW TAKES PLACE.

Oyama and Kuropatkin Will Clash Before Country Is a Bog.

Tokio, Feb. 10.—The impression prevails here that the impending battle between the armies of Field Marshal Oyama and Gen. Kuropatkin will occur before any material thaw takes place, which would convert the country into a slush bog and render the movement of guns, ammunition and stores impossible until the roads harden.

The Emperor and Empress of Japan have given 100,000 yen (\$49,000) to the army and navy departments to purchase wings and decorations for the celebration of the national holiday, which will take place on Saturday next, Feb. 11.

Vice-President Tokohashi of the Bank of Japan, will leave for America and England, via Vancouver, on Feb. 17, to hold preliminary conferences with financiers of those countries regarding terms of a fourth domestic loan. Minister of Finance Yohshiro is arranging to meet Japanese bankers and capitalists on Feb. 18, to discuss the rate of interest and time for which this loan will run.

## To Replace Kuropatkin.

Berlin, Feb. 10.—The Lokal Anzeiger says it learns that Grand Duke Nicholas will, in a few days, be sent to Manchuria, either to relieve General Kuropatkin or be vice-roy, and that Kuropatkin will have to report to him. Prince Leopold of Prussia, it is added, will go with him. Emperor Nicholas, it is understood, telegraphed an invitation to Prince Leopold. The latter intended to go to Manchuria as an observer in September last, but the Siberian Railroad was then regarded as unsafe.

## Year's Review of the War.

St. Petersburg, Feb. 10.—Reviewing the twelve months of the war, the newspapers, with the single exception of The Nashchik, do not display discouragement, though they frankly record the almost unbroken series of reverses.

## Lamsdorff Canned It.

St. Petersburg, Feb. 10.—M. Souvorin, editor of The Novoye Vremya, in a pessimistic review of the first year of the war, in yesterday's issue of his paper, attributes the responsibility for the Russian disasters, firstly, to Foreign Minister Lamsdorff, formerly Viceroy of Asia, and Baron Rosen, late Russian Minister to Japan, whom he accuses of drawing

Russia into a terrible war by complete ignorance of the true state of affairs in the Far East. M. Souvorin declares the reason for the fall of Port Arthur before the complete exhaustion of its means of resistance was the death of Major-General Kondratenko, "who was the real hero of the defence of the fortress, and who filled both the civil and military men with courage, while Lieut.-Gen. Stessel only manifested civil courage."

## MINE SHAFTS SEALED.

Five Men Buried in Mine and Without Doubt Are Dead—Smothering by the Fire.

Calumet, Mich., Feb. 10.—All shafts at the North Kearsage branch of the Osceola Consolidated Mining Company, where 10,000 pounds of dynamite exploded Wednesday, have been sealed at the surface. There have been no developments since the rescue party left the mine Wednesday. Not one body has been recovered, and at least five men are buried in the mine. They are dead beyond the slightest doubt. A drill boy, who was burned by escaping steam, is dying. The hospital at the mine is crowded with injured and the mine officials are besieged by relatives of the injured and missing miners. As all the openings into the mine are sealed, the fire will eventually be smothered, but when it will be possible to open any of the shafts cannot be said.

## Broken Rail Causes Disaster.

Des Moines, Ia., Feb. 10.—Two men were killed, 24 persons were injured, eight passenger cars and engines are piled in the ditch, and a 200-foot bridge wrecked as the result of a broken rail on the Chicago, Milwaukee and St. Paul Railroad, near Melbourne, yesterday.

## Many Killed in Explosion.

Birmingham, Ala., Feb. 10.—A report has just reached this city that many persons were killed in an explosion at the Birmingham Powder Mills, five miles north of Birmingham. The shock of the explosion was felt for miles.

## Nineteen Severely Injured.

New York, Feb. 10.—Nineteen persons were seriously injured in a rear-end collision between two trains on the Third Avenue elevated road at the 149th street station in the Bronx last night. One of the injured will probably die and another's recovery is doubtful.

## Rescued 20 From Steamer.

New York, Feb. 10.—After having collided with and sunk the Norwegian steamer Leif Erikssen, off Cape Romaine, Fla., in a dense fog on Feb. 4, the Standard Oil Company's steamer City of Everett, returned to this port yesterday, bringing twenty of the crew of the sunken steamer.

## Aged Woman Burned.

Otterville, Feb. 10.—A terrible accident happened to Mrs. Robert Tichbourne of this village about five o'clock yesterday afternoon, which will likely cause her death. She was lighting a fire with coal oil when her clothing became ignited, burning her terribly. Mrs. Tichbourne is over 70 years of age.

## The Sixth Victim.

Langton, Feb. 10.—John Gee, another victim of the terrible saw mill explosion a few weeks ago, has succumbed to his injuries. This makes a total of six killed in this disaster. Mr. Gee was highly respected. He leaves a widow and family.

## Hockey Player Killed.

Pembroke, Feb. 10.—During a hockey match here last night between Mackie & Ryan and Delahay & Company Robert Fraser, aged 18, son of Mr. Robert Fraser, fell on the ice, breaking his neck. He died instantly.

## Dr. Heggie's Narrow Escape.

Brampton, Feb. 10.—About one o'clock yesterday morning the Brampton Conservator printing office was pretty severely scorched. The inside woodwork was entirely burned, and the type badly pied, but the presses were not seriously damaged. The fire originated under the stairway, and Dr. D. L. Heggie, who was trying to locate the fire, fell through the burnt stairway into the blaze. How he escaped being burned to death is miraculous. The loss will be probably \$3,000; fully insured.

## CHURCHES GET TOGETHER.

Presbyterian Bodies in India United Into One Assembly.

New York, Feb. 10.—Information has been received by the board of foreign missions of the Presbyterian Church in this city that the Presbyterian Churches in India have been united into one general assembly, after a series of meetings at Allahabad. The news comes from Principal A. H. Ewing of the Allahabad Christian College. The churches included are:

The Church of Scotland, United Free Church of Scotland, Presbyterian Church of Ireland, Presbyterian Church in the United States of America, Reformed (Dutch) Church of America, and Presbyterian Church of Canada.

They have 33 Presbyteries and 332 churches, and a total community of 73,083.

This is said to be the first occasion in which churches of America and Europe have been united.

## Snow Stops Legislature.

Montreal, Feb. 10.—A despatch from Charlottetown states that the storm there was so severe Wednesday that all trains and boats were hung up. As a result the members of the Legislature were unable to reach the capital, and as there was not a quorum here for the opening of the session, it had to be adjourned for a week.

Lieut.-Governor MacKinnon reached the capital in time by trudging in on snowshoes.

The storm also delayed the opening of the Nova Scotia Legislature, which was to have been opened yesterday afternoon. So many members were snowbound that the opening was postponed till to-day.

# SOME Bargains in Sweaters

We picked up a lot of manufacturers' samples of sweaters the other day, about 15 dozen in the lot.

We got a snap, and so will you at the prices we have put on them, if you see anything to suit you.

There's a saving of a full third in every case, and some are marked even lower than that. There are both men's and boys sizes in all kinds of fancy patterns, no two alike, and the prices run from 35c to \$2.00

**THORNTON & DOUGLAS, Ltd.**

# U. S. DRAW BACK PLAN

Continued from Page One.

exposes for sale, or who packs for export, applies by the box otherwise than in accordance with the foregoing provisions of this section shall be liable, on summary conviction, to a penalty of 25 cents for each box of apples so offered or exposed for sale or packed.

8.) When apples are packed in boxes or barrels having trays or fillers wherein it is intended to have a separate compartment for each apple, then the provisions of section 4 and 4a shall not apply.

Mr. Fisher added two important amendments to the resolution, one that the legislation should apply only to boxes for the export trade, and the other that the clause should not come into force till June 1, 1906.

After some explanation and discussion, Mr. Fisher moved that the committee rise and report progress. The House went into Committee of Supply, taking up an appropriation of \$1,250,000 for the Victoria Memorial Museum.

## Conservatives For the Public.

The Ottawa electrical interests scored a distinct triumph in the Private Bills Committee yesterday. Aided by a strong lobby, the sympathetic support of the Government and the activity of the Liberal Whips, the bill, which in effect wipes out lighting competition in Ottawa, was carried on a vote of 27 to 16. It was almost a straight party division, the Conservatives, with one single exception, voting for the protection of Ottawa's rights and the Liberals, save and except Duncan Bole of Winnipeg, voting for Ottawa's corporate tyrant.

## Railways Bills Passed.

The Railway Committee yesterday passed four bills as follows: Respecting the Columbia & Western Railway Company—Mr. Gillmer; respecting the Atlantic, Quebec & Western Railway Company—Mr. Guvareu; incorporating the St. Mary's and Western Ontario Railway Company—Mr. McIntyre; respecting the Ottawa, Northern & Western Railway Company—Mr. Belcourt.

## PARENT SHOULD QUIT.

Gouin-Turgeon Combination Backed By 50 Members Out of 74 in the Legislature—Consents to Resign.

Montreal, Feb. 10.—There has been a complete calm yesterday after Wednesday's storm. Fifty-seven members of the Legislature are now assured to the Gouin-Turgeon combination, and Dr. Lacombe, M.P.P. for St. Mary's gave in his adhesion, so it looks as if Hon. Mr. Gouin would have fully 50 members out of the 74 by the time the House meets on March 2.

## Parent to Resign.

Ottawa, Feb. 10.—It was stated last night that Hon. L. P. Brodeur's mission has been at least partly successful, and that Parent has consented to resign the Premiership on certain terms offered him on behalf

of Sir Wilfrid Laurier. According to this report Hon. Horace Archambault, who now sits in the Legislative Council, will become Premier, and Mr. Gouin will lead the Government party in the Assembly. Mr. Parent will probably go on the Grand Trunk Pacific Construction Commission.

## SIFTON'S ORGANIZER.

Warrant Issued For His Arrest—Sensational Development in D.R.O. Trial.

Winnipeg, Man., Feb. 10.—A sensational turn was given to the trial of William Kiteon, deputy returning officer for Provancher, in the recent Dominion elections, yesterday. He is charged with tampering with the voters' lists. Alexander Ayotte, returning officer for the riding, who was recently committed for contempt of court, and who was subsequently released on his engaging to tell all he knew as to causes of Conservative voters from the lists previous to the election, gave evidence directly incriminating R. D. A. Leech, Mr. Sifton's organizer for Brandon, and the organizers for the Liberal party in Manitoba.

Consequently, a warrant was immediately sworn out before Magistrate McMicken at the instance of the provincial authorities, for Leech's arrest. So far, the warrant has not been served, as Leech appears to have suddenly left the city, though it is rumored, he is in Ottawa.

Soon after the general elections, Leech received his reward in the shape of an appointment under the Ministry of the Interior as Dominion timber inspector.

As it has been several times announced, the Provincial Government intends pushing this and cognate cases to the utmost. It is understood that an arrest will now be made in connection with similar charges affecting the elections for Selkirk, Marquette and other Manitoba ridings, a special sum having been voted at the recent session of the Legislature for this express purpose.

## Held Elections First.

London, Feb. 10.—(C.A.P.)—Lord Spencer, Liberal leader in the House of Lords, in a letter to Lord Gormanston, the Liberal member for Rugby, says no conference can settle the fiscal question until the country has pronounced its opinion on it. It should be impressed on all classes that a tariff with low duties, as proposed, admits the principle of protection. When once that is admitted, pressure, which will be irresistible, will force up low duties to high ones. Then every article of food and clothing, every article necessary in building, agriculture and manufacture, will be enhanced in price.

## This Hits Canada Also.

Washington, D.C., Feb. 10.—The Senate Committee on Commerce yesterday authorized a favorable report on the Elkins Bill, providing for the amendment of the laws admitting foreign built vessels to American registry. The bill provides that foreign vessels wrecked on the American coast shall not be admitted to American registry unless repairs have been made in American shipyards, equal to three-fourths of the value of the vessel.

Ask for Minard's and take no other.

# A cough medicine over sixty years old

This must mean merit, solid, genuine merit. It certainly must be true that Ayer's Cherry Pectoral cures coughs, colds, croup, bronchitis, asthma. Ask your own doctor to explain why it strengthens weak throats and heals inflamed lungs.

THERE'S GREAT VALUE in every garment we make, but it is especially noticeable in our

## Winter Overcoats

made to order. The material is just right, and the garments have a "set" which particular men like. Come in and look at the cloth.

**AITKEN & KUELSCH**  
NEAR FIFTH ST. BRIDGE

# If COUGHS are CHRONIC

if there is any persistent irritation of the bronchial tubes, or if lowered vitality and loss of flesh indicate more serious troubles, there is need of a remedy of constitutional nature.

# KLEIN'S EMULSION of COD LIVER OIL

combined with Hypophosphites of Lime and Soda is the remedy to use. This is the standard preparation for all chronic lung and bronchial troubles and for wasting diseases. This Emulsion is no better than others except in the matter of freshness, which is important.
