**MORISON'S UNIVERSAL MEDICINE.**

**NOTICE.**

THE subscribers, general Agents for Morison's Pills, have appointed WILLIAM WHITAKER, Sub-Agent for the Upper Town, No. 27, St. John Street.

LEGG & Co.

That the public may be able to form some idea of Morison's Pills by their great consumption, the following calculation was made by Mr. WING, Clerk of the Stamp Office, Somerset House, in a period of six years, (part only of the time that Morison's Pills were before the public,) the number of staves delivered for that medicine amounted to three million, nine hundred, and one thousand.

The object in placing the foregoing before the public is to induce them from the following powerful argument in favour of Mr. Morison's system, and to which the public attention is directed, namely, that it was only by trying an innocuous purgative medicine to such an extent that the truth of the Hygienic system could possibly have been established. It is clear that all the medical men in England, or the world, put together, have not tried a system of vegetable purgation to the extent and in manner prescribed by the Hygienists. How, therefore, can they (much less individually) know any thing about the extent of its properties?

**PROSPECTUS**

OF THE **LITERARY TRANSCRIPT,** AND GENERAL INTELLIGENCE

IN publishing a new paper to the judgment of the public, it becomes a duty incumbent on the conductors to state what are the objects contemplated in its publication.

Briefly then,—the design of this paper will be to yield instruction and amusement to the domestic and social circle. It will contain choice extracts from the latest European and American periodicals,—selections from new, popular and interesting works of the most celebrated authors, with other interesting literary and scientific publications.  
The news of the day, compressed into as small a compass as possible, yet sufficiently comprehensive to convey a just and general knowledge of the principal political and miscellaneous events, will also be given.

If columns will at all times be open to receive such communications as are adapted to the character of the work; and the known talent and taste existing in Quebec justify the hope we entertain that the value of our publication will be enhanced by frequent contributions.

The publication in this city of such a paper as the one now proposed has by many been long considered a desideratum; and the kindly disposition which has already been evinced in behalf of an undertaking warrants our confident anticipations that THE LITERARY TRANSCRIPT will meet with encouragement and success.  
Quebec, 6th December, 1837

**THE LITERARY TRANSCRIPT,**

AND GENERAL INTELLIGENCE.

THE LITERARY TRANSCRIPT is published every Tuesday and Saturday morning; Price, One Penny. Subscriptions will be received by the year, half-year, or quarter, at the rate of Ten Shillings per annum.

As the moderate price at which THE LITERARY TRANSCRIPT is published is calculated to secure it a very wide circulation, it will afford a desirable medium for advertising.

PRINTED AND PUBLISHED EVERY TUESDAY AND SATURDAY MORNING, BY

THOMAS J. DONOCHUE,

At the Office, No. 24, St. Antoine Street, next to Hunt's Wharf
