## PLYMOUTH BINDER TWINE

*This Trade-mark is on every ball of the best twine made.*

Is matchless for its quality. It is the one kind that does not contain inferior fibre, free from tow, which in the common twine gathers and chokes at the binder needle, causing breaks and stoppages, wasting time of men and horses.

PLYMOUTH is made of the purest fibre obtainable, this allows it to be spun even and long, and in ordinary everyday use has, times without number, proved its right to first place. You will find PLYMOUTH imitated. The genuine may cost a little more, but there is reason for it in the quality.
