

## PROTECTION FROM LIGHTNING

is quite a consideration now when there are so many barns and houses in the country struck by lightning every year. Do you know that if you had a metal roof on your house or barn that it would be impossible for lightning to injure them? Then, too, our **Galvanized Metal Roofs** are fireproof, storm-proof, and will easily last fifty years without attention. Chaff and dirt from the wind stackers will not affect our roofing.

Cut of  
Mr. R. J. Nagle's  
barn at  
Mt. Bridges,  
Ontario.

Send him  
a postal  
asking his  
experience  
with our  
roofing.

If you are building or repairing barn, house or shed, you should have a copy of our handsomely-illustrated catalogue No. 15, which describes fully our metal goods for fireproofing buildings, and is sent **free** upon request.

**The Metal Shingle & Siding Co., Ltd.,**  
PRESTON, ONTARIO.

## American Fence Talks

**A**ERICAN FENCE is standard of the world. More miles of it are in use than all other fences combined.

It is made of steel that is exactly fitted for it. A woven-wire fence can be made of wire too soft or too hard. It must be exactly right to render good service.

The structure of the American Fence is perfect. It is built of big, solid, galvanized wires, all No. 9 gauge if you prefer it, with the upright or stay wires hinged; in all heights and for all purposes.

American Fence and Gates are for sale by dealers everywhere, or write us direct and we will send you a catalogue free, and tell you where you can get the fence and save money.

Manufactured by  
**The Canadian Steel  
& Wire Co.,**  
Limited,  
HAMILTON, ONTARIO.

## Galt Steel Siding

is made in large and small sheets—six grades and five designs.

Our large sheet siding (28"x 60") is made in perfect imitation of brick and stone, with clear cut mortar lines and tuck-pointing; and having fewer joints is handsomer and more rapidly applied.

Like our other Sidings it is cheaper and warmer than wood, fire and wind proof, reducing your insurance and coal bills.

"Worth knowing more about.

Pay for Itself.**

## READ THIS

If you are in a position to furnish an outfit large enough to work a quarter-section, or more, it is all you require to start farming on land of your own, and make yourself independent. No better land or location to be had in the Province on the same terms.

REMEMBER you are getting land near two railways, namely, the Kirkella branch of the C. P. R., and the new Grand Trunk Pacific, also within two to eight miles of good towns, elevators, churches, schools, and all necessary conveniences required. Soil that will produce an average crop of thirty bushels of wheat per acre. Splendid water to be had at an average depth of twenty feet.

PRICE.—Every acre to be sold at the uniform price of \$12 per acre, payable by delivering half the crop grown from year to year, until your place is paid for. An early SELECTION means money to you, so make HASTE.

Write me for lists, also lists of land for sale on easy cash terms, and full particulars. Address

**A. B. COOK,**  
Regina, Saskatchewan, Canada.

### Genuine Coiled Wire

Frost Wire Fence is high carbon coiled steel wire, with "spring" and "life" to hold its coiled shape. It "gives" in cold weather—"takes in" on hot days. And is as elastic as a spring bed. That's why cattle can't break through nor high winds blow down—why it lasts a lifetime.

### FROST WIRE FENCE

costs practically the same as third or fourth rate fences—for with heavy horizontals, stiff stays and the famous Frost Locks—fewer posts are necessary. The amount which is saved in this alone should give "FROST" the preference.

Write for a copy of Frost Illustrated catalogue. FREE to you.
