PAY WHEN CURED

IF YOU COME TO ME AND I TELL YOU THAT I CAN cure you, I've got confidence enough in my treatment to take all the chances. I am curing hundreds of weak men and women every day, and I know what I can cure and what I can't. If you will secure me you need not pay until cured.

WEAK, PUNY MEN.

I know that no man remains a weakling because he wants to. I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow, and I know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book in which I describe how I learned that strength was only electricity, and how I learned to restore it; also I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks, and are now among the finest specimens of physical manhood.

I have devoted my life to the development of manly and womanly vigor. I've made a great success. My methods are now being approved by the greatest scientists and doctors, and copied.

I've proven that electricity is the basis of all animal life, and that "weak men," dyspeptics, rheumatics, sufferers from lost energy, weak kidneys, pains in the back, head, chest and shoulders, from varicocele and its allied weaknesses, etc., are weak in electricity.

My Electric Belt Restores this Life in a Few Weeks and Cures every time.

You can have freedom from Pain and again be given life energy and the vigor of youth if you wear

DR. McLAUGHLIN'S ELECTRIC BELT

with free Electric Suspensory for weak men. **Easy to wear—Cures while you sleep.** Tell me where you are and I will give you the name of some one in your town that I have cured.

Sore Back and Weak Kidneys Cured to Stay

Dr. McLaughlin:
Dear Sir—Your favor of the 19th inst. to hand, and in answer would say that your Belt has made a permanent cure of my case. I have had no occasion to use your Belt for over a year, and my back feels as strong as ever it did, and have also no trouble with my kidneys. I can highly recommend your Belt to any who are troubled with sore back, weak kidneys, or from any other cause. I lose no opportunity in recommending the Belt to every one that I see in need of it. Yours truly, GEO. S. WEBB, Aberdeen, Ont.

Don't delay trying it. Your future happiness depends on your checking this drain upon your vitality, so stop it now and you can be sure of a long and vigorous life, full of the joys of a healthy vigor.

Don't drug. Drugs can't cure you, as you know, if you have tried them. My Belt cures because it increases your nerve power and vitality. Electricity renews the youthful strength; that cures. If you will call I will give you a free test of what I can do.

SPECIAL NOTICE—Dr. McLaughlin's Electric Belt is the only electric appliance sold in Canada with which the patient has the care of a physician during the time it is used. Agents or drug stores are not allowed to sell my Belts.

FREE BOOK

Every man who admires the perfection of physical strength should read my beautifully illustrated book. It tells how strength is lost and how I restore it with my Electric Belt. I will send this book, closely sealed, free upon request. If you are not the man you should be, write to-day.

Troubles Have Never Returned.

Dr. McLaughlin:

Dear Sir—You will think that I have forgotten you, but it is not so, as I have been away from home and just returned. With regard to the benefits I have received from your Belt, I must say that they are most lasting and permanent. I have had none of my trouble since I stopped wearing the Belt in 1901. Wishing you all manner of success in your business, I remain, yours truly, G. L. SAVAGE, Chesley, Ont.

THE LEWIS AND CLARK FAIR.

The echoes of the great St. Louis Fair have scarcely died away before a call comes from the far west to attend an exhibition in Portland, Oregon, to be known as the Lewis-Clark Centennial, commemorating the first visit paid by those explorers to that section of the United States. The fair will be opened June 1st. It is expected that everything will be ready by the opening day.

The premiums offered by the managers for live stock aggregate \$40,000. Of these \$12,000 are offered for horses, \$16,500 for cattle, \$6,500 for sheep and goats, \$3,500 for swine, and \$1,500 for poultry and pets. This sum, it is expected, will be greatly augmented by special contributions.

A Clydesdale stud of no mean quality is that owned by A. Cameron, a Scotch merchant at Oak Lake. Mr. Cameron made many of his selections personally, when in Scotland in 1902, and has since added several good ones from the importing stables of Jno. Graham, Carberry. When in Oak Lake recently, we had the pleasure of a hurried glance at a few of the Cameron horses, notably Royal Ascot, a bay horse, three off, with right fore foot and both hind legs white, a stallion not overgrown, but with bone, pasterns and middlepiece that denote wearing quality. At the stables were several promising stud colts and fillies, and a team of right good mares, particularly Kate Park, bred by W. S. Park, Bishopton, Scotland, a big, bay mare, weighing over 1,600 lbs., not four until next July. This mare has four white legs, and is proportionate, an indication of her development being that she takes a 20-inch collar.

The Holstein-Friesian bull, Sarcastic Lad 23971, whose photograph appears in this issue, was purchased by the Department of Dairy Husbandry, University of Illinois, at the Holstein-Friesian sale held in September at the World's Fair grounds, St. Louis.

Last spring he was purchased by the World's Fair Holstein-Friesian Association and taken to St. Louis as head of the herd at the Holstein-Friesian test barn.

Although this association was obliged to select a herd on short notice, it succeeded in bringing together a group of females of great productive ability. In order to make this herd complete, it was necessary to have a great sire, which they found in the noted bull, Sarcastic Lad. All things considered, he is perhaps, or soon will be, the most noted Holstein-Friesian bull in America.

His dam and granddam have two of the largest official yearly records of any cow of the breed. Belle Sarcastic, his dam, has a seven-day record of 16.42 pounds of butter-fat, and a yearly record of 23,189.6 pounds of milk, and 721.7 pounds of butter-fat. His granddam on his sire's side, Rosa Bonheur 5th, has a seven-day record of 20.47 pounds of butter-fat, and a yearly record of 17,043.4 pounds of milk and 469.3 pounds of butter-fat.

Sarcastic Lad is not only backed by the large official yearly records of his dam and granddam, but in addition to his own individual excellence he has shown himself capable of producing offspring which are uniformly high producers. Although only seven years of age, he has eleven daughters and nine granddaughters in the Advanced Registry. The most of these records have been made at two years of age, which speaks well for the early productiveness of his daughters. He has sons at the head of twenty-seven important Holstein-Friesian herds, besides many sons at the head of herds of less importance. He is a bull of grand constitution, quality and character, a model of the breed.
